Research Made Easy A Guide For Students And Writers:

Research Made Easy Robert Matzen, 1987 An EasyGuide to APA Style Beth M. Schwartz, R. Eric Landrum, Regan A.R. Gurung, 2014 This clear and concise book is designed to demystify the process of writing in APA style and format With precise examples both writing examples and Microsoft Word screenshots An EasyGuide to APA Style 2e points out common APA style and formatting mistakes and how to avoid them The book also provides an overview of the style and formatting changes for the 6th edition of the APA Publication Manual providing detailed examples and complete sample student papers written to conform to APA format The authors illustrate not only how to write using APA style but also what writing in APA style really looks like when your paper is complete Written in a conversational and clear style this guide will help anyone find their way through the maze of rules in the APA Publication Manual and become proficient in learning the fine points of APA style The second edition of the EasyGuide contains additional writing tips and expanded discussions in each chapter In particular chapter 5 on plagiarism has been expanded to include more detail on topics like when and how to paraphrase appropriately and when to quote directly from a source Also the new edition provides examples from the latest version of Microsoft Word Word 2010 Writing for Academic Success Gail Craswell, Megan Poore, 2011-12-01 Writing for Academic Success is a vital practical guide for any ambitious student If you seek to manage your writing effectively reduce stress and improve your confidence and efficiency this book is for you The authors show you how to acquire communicative rigor in research essays reports book and article reviews exam papers research proposals and literature reviews through to thesis writing posters and papers for presentation and publication This second edition has been fully revised to reflect the online learning explosion The authors provide insightful new material about how to work productively in different online contexts such as with blogs and wikis setting up an e portfolio and raising an online profile They also set out a focused guide to issues unique to digital communication and working with and across different media and technologies The book includes advice on common writing concerns cross cultural and inter disciplinary practices a list of helpful words and phrases and subject specific examples of writing ranging from economics to philosophy to medicine Writing for Academic Success is essential for undergraduate and postgraduate students both in taught courses and conducting research Student Success is a series of essential guides for students of all levels From how to think critically and write great essays to boosting your employability and managing your wellbeing the Student Success series helps you study smarter and get the best from your time at university Business Research Made Easy René Pellissier, 2008-06 Are you interested in postgraduate studies but worried about the research component Are you faced with a complex business problem and do not know how to go about solving it With changes in the world of work come new theories new meanings and new applications These require scientific methodologies and research strategies to obtain data and analyse it in such a way that the outcomes are reliable and generalisable Research is synonymous with knowledge creating which in turn is linked to innovation Both of these are critical

for economic and social development as well as business development But not all business practitioners are good researchers And the broad landscape of the modern business world begs for a set of plans and models that can simultaneously provide stability and a breadth of development This book offers this The book provides easy referencing to most research techniques in the business domain Depending on the problem at hand there are numerous quantitative and qualitative methods described as well as ways and means to write down the main problem Beginners and specialists are reminded how to read and write academically and how to become good researchers **The St. Martin's Guide to Writing** Rise B.

Axelrod, Charles R. Cooper, 2010-01-26 This textbook provides instruction in college level rhetoric and writing It offers readings a research manual a handbook and supports a range of approaches to teaching and learning including collaboration visual rhetoric personal writing writing about literature writing in the community and the workplace field research portfolios oral presentations essay exams and ESL It contains step by step guides to writing specific kinds of essays remembering events writing profiles explaining a concept finding common ground arguing a position proposing a solution justifying an evaluation speculating about causes and interpreting stories Because so much college writing requires strong argumentation skills four of the assignment chapters focus on argumentative writing and a separate strategies chapter covers theses reasons and support counterarguments and logical fallacies Three full chapters on research give students useful strategies not only for conducting field library and Internet research but also for evaluating sources deciding whether to quote paraphrase or summarize avoiding plagiarism and documenting sources The authors have included 39 readings by well known authors and various fresh voices including 12 students providing well written examples of the different types of essays and papers that students might be asked to complete Resources in Education ,2000-10 **Proposal Writing for the**
