Retracing Lenins Steps:

Retracing Lenin's Steps Мариэтта Сергеевна Шагинян,1974 **Conspirator** Helen Rappaport,2010-05 The father of Communist Russia Vladimir Ilych Lenin now seems to have emerged fully formed in the turbulent wake of World War I and the Russian Revolution But Lenin s character was in fact forged much earlier over the course of years spent in exile constantly on the move and in disguise In *Conspirator* Russian historian Helen Rappaport narrates the compelling story of Lenin s life and political activities in the years leading up to the revolution As he scuttled between the glittering capital cities of Europe from London and Munich to Vienna and Prague Lenin found support among fellow emigres and revolutionaries in the underground movement He came to lead a ring of conspirators many of whom would give their lives in service to his schemes A riveting account of Lenin s little known early life *Conspirator* tracks in gripping detail the formation of one of the great revolutionaries of the twentieth century **Trotsky and the Problem of Soviet Bureaucracy** Thomas M. Twiss,2014-05-08 During the twentieth century the problem of post revolutionary bureaucracy emerged as the most pressing theoretical and political concern confronting Marxism No one contributed more to the discussion of this question than Leon Trotsky In *Trotsky and the Problem of Soviet Bureaucracy* Thomas M Twiss traces the development of Trotsky s thinking on this issue from the first years after the Bolshevik Revolution through the Moscow Trials of the 1930s Throughout he examines how Trotsky s perception of events influenced his theoretical understanding of the problem and how Trotsky s theory reciprocally shaped his analysis of political developments Additionally Twiss notes both strengths and weaknesses of Trotsky s theoretical perspective at each stage in its development **A History of Women's Writing in Russia** Adele Marie Barker,Jehanne M. Gheith,2002-07-11 *A History of Women s Writing in Russia* offers a comprehensive account of the lives and works of Russia s women writers Based on original and archival research this volume forces a re examination of many of the traditionally held assumptions about Russian literature and women s role in the tradition In setting about the process of reintegrating women writers into the history of Russian literature contributors have addressed the often surprising contexts within which women s writing has been produced Chapters reveal a flourishing literary tradition where none was thought to exist They redraw the map defining Russia s literary periods they look at how Russia s women writers articulated their own experience and they reassess their relationship to the dominant male tradition The volume is supported by extensive reference features including a bibliography and guide to writers and their works **About Lenin** ,1980 *The Prophet* Isaac Deutscher,2015-01-05 Few political figures of the twentieth century have aroused such intensities of fierce admiration and reactionary fear as Russian revolutionary Leon Trotsky His extraordinary life and extensive writings have left an indelible mark on the revolutionary consciousness Yet there was once a danger that his life and influence would be relegated to the footnotes of history Published over the course of ten years beginning in 1954 Deutscher s magisterial three volume biography turned back the tide of Stalin s propaganda and has since been praised by everyone from Tony Blair to Graham

Greene In this definitive work now reissued in a single volume Trotsky's true stature emerges as the most heroic and ultimately tragic character of the Russian Revolution **The Annual Obituary** ,1982 **Women and Gender in Central and Eastern Europe, Russia, and Eurasia** Mary Zirin,Irina Livezeanu,Christine D. Worobec,June Pachuta Farris,2015-03-26 This is the first comprehensive multidisciplinary and multilingual bibliography on Women and Gender in East Central Europe and the Balkans Vol 1 and The Lands of the Former Soviet Union Vol 2 over the past millennium The coverage encompasses the relevant territories of the Russian Hapsburg and Ottoman empires Germany and Greece and the Jewish and Roma diasporas Topics range from legal status and marital customs to economic participation and gender roles plus unparalleled documentation of women writers and artists and autobiographical works of all kinds The volumes include approximately 30 000 bibliographic entries on works published through the end of 2000 as well as web sites and unpublished dissertations Many of the individual entries are annotated with brief descriptions of major works and the tables of contents for collections and anthologies The entries are cross referenced and each volume includes indexes **V. I. Lenin** David R. Egan,Melinda A. Egan,Julie AnnE Genthner,1982 No descriptive material is available for this title **History of the USSR in Three Parts: From the beginning of the Great Patriotic War to the present day** Dmitriï Pavlovich Kallistov,1977
