RetroSpace: Collected Essays on Chicano Literature Juan Bruce-Novoa, 1990-01-01 RetroSpace is a collection of the seminal articles of the noted critic Bruce Novoa on the history and theory of Chicano literature **RetroSpace** Bruce-Novoa, 1990 RetroSpace Juan Bruce-Novoa, 1993 RetroSpace is a collection of the seminal articles of the noted critic Bruce Novoa on the history and theory of Chicano literature **In the Mean Time** Erin Murrah-Mandril, 2020-04-01 The 1848 Treaty of Guadalupe Hidalgo which transferred more than a third of Mexico's territory to the United States deferred full U S citizenship for Mexican Americans but promised in the mean time to protect their property and liberty Erin Murrah Mandril demonstrates that the U S government deployed a colonization of time in the Southwest to insure political and economic underdevelopment in the region and to justify excluding Mexican Americans from narratives of U S progress In In the Mean Time Murrah Mandril contends that Mexican American authors challenged modern conceptions of empty homogenous linear and progressive time to contest U S colonization Taking a cue from Latina o and borderlands spatial theories Murrah Mandril argues that time like space is a socially constructed ideologically charged medium of power in the Southwest In the Mean Time draws on literature autobiography political documents and historical narratives composed between 1870 and 1940 to examine the way U S colonization altered time in the borderlands Rather than reinforce the colonial time structure early Mexican American authors exploited the internal contradictions of Manifest Destiny and U S progress to resist domination and situate themselves within the shifting political economic and historical present Read as decolonial narratives the Mexican American cultural productions examined in this book also offer a new way of understanding Latina o literary history From the Edge Allison E. Fagan, 2016-07-14 Chicana o literature frequently depicts characters who exist in a vulnerable liminal space living on the border between Mexican and American identities and sometimes pushed to the edge by authorities who seek to restrict their freedom As this groundbreaking new study reveals the books themselves have occupied similarly precarious positions as Chicana o literature has struggled for economic viability and visibility on the margins of the American publishing industry while Chicana o writers have grappled with editorial practices that compromise their creative autonomy From the Edge reveals the tangled textual histories behind some of the most cherished works in the Chicana o literary canon tracing the negotiations between authors editors and publishers that determined how these books appeared in print Allison Fagan demonstrates how the texts surrounding the authors words from editorial prefaces to Spanish language glossaries from cover illustrations to reviewers blurbs have crucially shaped the reception of Chicana o literature To gain an even richer perspective on the politics of print she ultimately explores one more border space studying the marks and remarks that readers have left in the margins of these books From the Edge vividly demonstrates that to comprehend fully the roles that ethnicity language class and gender play within Chicana o literature we must understand the material conditions that governed the production publication and reception of these works By teaching

us how to read the borders of the text it demonstrates how we might perceive and preserve the faint traces of those on the margins

Rejection of Victimhood in Literature Sean James Bosman, 2021-08-30 Transnational writers are increasingly opposed to representations of refugees exiles migrants and their descendants as emblematic victims With the rise of populist nationalisms in the USA and the UK in the eras of Trumpism Brexit and their aftermath targets of nationalist groups have increasingly been represented and thus constituted as individual suffering victims Certain groups embrace such representations They use them to secure help and protection for themselves Less scrupulous individuals may even embrace these representations to elide their own accountability and further nefarious goals This book examines an intriguing selection of writers to show how they are attempting to recalibrate such stories to reject victimhood It explores how just memory is deployed to ascribe agency to transnational characters

Bridges, Borders, and Breaks William Orchard, Yolanda Padilla, 2018-10-26 This volume reassesses the field of Chicana o literary studies in light of the rise of Latina o studies the recovery of a large body of early literature by Mexican Americans and the transnational turn in American studies The chapters reveal how Chicano defines a literary critical sensibility as well as a political one and show how this view can yield new insights about the status of Mexican Americans the legacies of colonialism and the ongoing prospects for social justice Chicana o literary representations emerge as significant examples of the local that interrogate globalization s attempts to erase difference They also highlight how Chicana o literary studies interests in racial justice and the minority experience have produced important intersections with new disciplines while also retaining a distinctive character The recalibration of Chicana o literary studies in light of these shifts raises important methodological and disciplinary questions which these chapters address as they introduce the new tools required for the study of Chicana o literature at this critical juncture

Modern American Counter Writing A. Robert Lee, 2010-01-21 The dissident voice in US culture might

almost be said to have been born with the territory Its span runs from Roger Williams to Thoreau Anne Bradstreet to Gertrude Stein Ambrose Bierce to the New Journalism The Beats to the recent Bad Subjects cyber crowd This new study analyses three recent literary tranches in the tradition a re envisioning of the whole Beat web or circuit a consortium of postwar outrider voices Hunter Thompson to Frank Chin Joan Didion to Kathy Acker and a latest purview of what all too casually has been designated ethnic writing The aim is to set up and explore these different counter seams of modern American writing those which sit outside or at least awkwardly within agreed literary canons
