Suppressed Robert M. Smith, 2021-05-14 Suppressed is the book the media would prefer you not read The book may change the way you read a newspaper listen to the radio watch TV or consume digital media Please look at the Follow the Author Page for videos by Robert M Smith Incisive behind the scenes details about the Times and other media outlets Publishers Weekly A forthright indictment of the media's shortcomings Kirkus Reviews Half of all Americans do not trust the media and many Americans believe the media are to blame for the country's division The U.S. ranks dead last of all countries in media trust But no one in the media is talking about this This well reviewed book tells you why and shows you the inside of the media machine It includes a look behind the scenes at some of the biggest stories in the history of journalism The author a former New York Times White House and investigative correspondent was there and is ruthlessly honest about what he saw In fact the author unearthed Watergate before Woodward and Bernstein but saw the story ignored by the New York Times Washington Bureau when he gave it to them Margaret Sullivan media critic for the Washington Post called the book a very engaging read Smith is an attorney and barrister who has written a law book for lawyers This is a different kind of book but it is written with the same careful attention to the evidence Coming to the present Suppressed shows how some media including the New York Times stepped into the ring and began slugging it out with President Trump instead of staying outside the ring and neutrally reporting what it saw The book argues that the media would have been more effective if it had remained neutral and credible On the other hand Times stock dropped 17 percent in the first two quarters of 2021 after President Trump left During the same time the S P 500 index rose 18 percent The book offers entertaining tidbits some hard to believe but also shows you how to be a knowledgeable consumer of something that you spend time on every day and depend on Written with candor and humor Suppressed traces a young investigative reporter's arc from naïveté to cynicism from covering the White House to leaving journalism for Yale Law School and ultimately becoming a barrister in London and teaching at Oxford

Hans Hollein and Postmodernism Eva Branscome, 2017-12-14 Set within the broader context of post war Austria and the re education initiatives set up by the Allied forces particularly the US this book investigates the art and architecture scene in Vienna to ask how this can inform our broader understanding of architectural Postmodernism The book focuses on the outputs of the Austrian artist and architect Hans Hollein and on his appropriation as a Postmodernist figure In Vienna the circles of radical art and architecture were not distinct and Hollein's claim that Everything is Architecture was symptomatic of this intermixing of creative practices Austria's proximity to the so called Iron Curtain and its post war history of four power occupation gave a heightened sense of menace that emerged strongly in Viennese art in the Cold War era Seen as a collective entity Hans Hollein's works across architecture art writing exhibition design and publishing clearly require a more diverse complex and culturally nuanced account of architectural Postmodernism than that offered by critics at the time Across the five chapters Hollein's outputs are viewed not as individual projects but as symptomatic of Austria's attempts to come to terms with its Nazi past and to establish a post war identity

Kaminsky, 2011-12-13 Someone's gunning for John Wayne in this well plotted mystery set in 1940s Hollywood featuring a wisecracking private eye Publishers Weekly Something about Lewis Vance's story doesn't add up The guy claims to be John Wayne's stand in and he's called Det Toby Peters about a possible job involving the star But when Peters meets him in a

seedy hotel room Vance slips him a mickey After Peters comes to his head pounding he sees the real John Wayne pointing a 38 at him Vance was not exactly a dead ringer for the Duke but he is dead lying on the hotel bed with a bullet hole drilled in his forehead And it s a dead heat as to who s more confused the gumshoe or the movie star On screen no one gets the drop on the Duke but in real life someone s trying to kill him Wayne hires Peters to get to the bottom of things and soon he s tangled up in a twisted conspiracy that also involves a dubious desk clerk named Teddy Spaghetti the Russians and none other than the Little Tramp himself Charlie Chaplin As in the other entries in this series Kaminsky s use of period detail and his appealing renderings of real life celebrities provide the strongest recommendations for this well plotted mystery Publishers Weekly
