Return To Babel Global Perspectives On The Bible

David M. Rhoads

Return To Babel Global Perspectives On The Bible:

Return to Babel Priscilla Pope-Levison, John R. Levison, 1999-01-01 In *Return to Babel* each of ten historically significant biblical texts is interpreted by three scholars one Latin American one African and one Asian Geographic locales range from a tiny village in the Philippines to the city of Nairobi Kenya from Gwangju South Korea with its one million inhabitants to the frontier city of Wiwili in the northern mountains of Nicaragua The result is a collection of essays that shed new light on familiar texts and make the reader aware of the ways in which culture can shape our understanding of Scripture

Migration and the Making of Global Christianity Jehu J. Hanciles, 2021-03-16 A magisterial sweep through 1500 years of Christian history with a groundbreaking focus on the missionary role of migrants in its spread Human migration has long been identified as a driving force of historical change Building on this understanding Jehu Hanciles surveys the history of Christianity's global expansion from its origins through 1500 CE to show how migration more than official missionary activity or imperial designs played a vital role in making Christianity the world's largest religion Church history has tended to place a premium on political power and institutional forms thus portraying Christianity as a religion disseminated through official representatives of church and state But as Hanciles illustrates this top down perspective overlooks the multifarious array of social movements cultural processes ordinary experiences and non elite activities and decisions that contribute immensely to religious encounter and exchange Hanciles's socio historical approach to understanding the growth of Christianity as a world religion disrupts the narrative of Western preeminence while honoring and making sense of the diversity of religious expression that has characterized the world Christian movement for two millennia In turning the focus of the story away from powerful empires and heroic missionaries *Migration and the Making of Global Christianity* instead tells the more truthful story of how every Christian migrant is a vessel for the spread of the Christian faith in our deeply interconnected world

Babel's Tower Translated Phillip Michael Sherman, 2013-04-15 In *Babel's Tower Translated* Phillip Sherman explores the narrative of Genesis 11 and its reception and interpretation in several Second Temple and Early Rabbinic texts e.g. Jubilees Philo Genesis Rabbah The account of the Tower of Babel Genesis 11 1-9 is famously ambiguous The meaning of the narrative and the actions of both the human characters and the Israelite deity defy any easy explanation This work explores how changing historical and hermeneutical realities altered and shifted the meaning of the text in Jewish antiquity

Acts Craig S. Keener, 2020-04-02 Makes more widely available and accessible the research behind Keener's monumental acclaimed 4500 page commentary on Acts

Reading Mark David M. Rhoads, 2004 One of the leading scholars on the Gospel of Mark utilizes a variety of methods to plumb the depths of this earliest story of Jesus From new forms of literary criticism social scientific explorations and reader response criticism Rhoads brings fresh insights to gospel studies

The Oxford Handbook of Feminist Theology Mary McClintock Fulkerson, Sheila Briggs, 2012 This volume highlights the relevance of globalization and the insights of gender studies and religious studies for feminist theology It focuses on the

changing global contexts for the field and its movement towards new models of theology distinct from the forms of traditional Christian systematic theology and of secular feminism *Ecclesiastes (Baker Commentary on the Old Testament Wisdom and Psalms)* Craig G. Bartholomew, 2009-06-01 Respected Old Testament scholar Craig Bartholomew coauthor of the well received *Drama of Scripture* provides a careful exegetical reading of Ecclesiastes in this addition to the Baker Commentary on the Old Testament Wisdom and Psalms series Along with helpful translation and commentary Ecclesiastes considers the theological implications of the text and its literary historical and grammatical dimensions Footnotes deal with many of the technical matters allowing readers of varying levels of interest and training to read and profit from the commentary and to engage the biblical text at an appropriate level Pastors teachers and all serious students of the Bible will find here an accessible commentary that will serve as an excellent resource for their study **Genesis 1-11, Second Edition** James Chukwuma Okoye, 2025-05-05 Genesis 1 11 A Narrative Theological Commentary combines critical acumen with concern for the theological message of Scripture It is a commentary in two stages First the text is allowed to speak for itself using a narrative approach Then specific Jewish and Christian traditions flowing from the text are identified and the underlying hermeneutical moves analyzed **The Globalization of Christianity** Gordon L. Heath, Steven M. Studebaker, 2015-01-20 While Christianity appears to be in decline in the West it is growing robustly in the global South What does this mean for the Christianity that was once considered to be the religion of the West The new contexts and trajectories require innovative responses and relevant theological reflection in the church This volume addresses these changes through identifying and analyzing global shifts highlighting practical innovations in the church that attempt to deal with new trajectories and proposing theological positions intended to help face the issues and challenges of the twenty first century Contributors to this volume include Philip Jenkins *The Next Christendom* The New Faces of Christianity God's Continent Steven M Studebaker Gordon L Heath Bradley K Broadhead Christof Sauer Lee Beach Michael P Knowles Peter Althouse Michael Wilkinson John H Issak David K Taurus and Seongho Kang Living Witness Andy Draycott, Jonathan Rowe, 2013-01-24 Because God calls his people to be a living witness to him morality is mission Conversely immorality is anti mission a failure to give true testimony or witness This in essence is the theme of this stimulating and challenging volume The whole life of the people of God not just verbal proclamation testifies to the church's faith or lack of faith in her Lord The contributors explain that mission and ethics are intricately and necessarily interwoven and explore why this is so by unpacking the biblical and theological roots of missional ethics probing its limits and exploring its possibilities through examination of some foundational themes and a selection of specific issues Intended primarily for pastors and church leaders this volume encourages reflection and conversation that will feed the life of the body of Christ Missional ethics concerns all the ways in which Christian ethical practice flows out of supports and advances the wider mission of the church to proclaim the gospel The contributors are Brian Brock M Daniel Carroll R Jonathan Chaplin Guido de Graaff Sean Doherty Andy Draycott Joshua
