Complex Contracting Trevor L. Brown, Matthew Potoski, David M. Van Slyke, 2013-08-08

Complex Contracting draws on core social science concepts to provide wide ranging practical advice on how best to manage complex acquisitions Using a strong analytical framework the authors assess contract management practices suggesting strategies for improvement and ways to avoid the pitfalls of managing contracts for large and sophisticated projects

An in depth analysis of the US Coast Guard s Deepwater program is included to illustrate ways to respond to real world contracting challenges This high profile and controversial case consisted of a projected 25 year 24 billion contract through which the US Coast Guard would buy a system of new boats aircraft communications and control architecture to replace its aging fleet

The authors explore the reasons why this program launched with such promise turned out so poorly and apply the lessons learned to similarly complex contracting scenarios This engaging and accessible book has broad applicability and will appeal to policymakers practitioners scholars and students
