Return To Essentials Some Reflections On The Present State Of Historical Study

Geoffrey Rudolph Elton

Return To Essentials Some Reflections On The Present State Of Historical Study:

Return to Essentials Geoffrey Rudolph Elton, 2002-08-22 This volume contains the text of the three Cook Lectures which review various current doubts and queries concerning the writing of reasonably unbiased history *On the Resurrection, Volume 1* Gary Habermas, 2024-01-15 The first volume of Gary Habermas's magnum opus *On the Resurrection* Evidences represents the culmination of fifty years of research on the probability of Jesus's resurrection Using his minimal facts argument Habermas demonstrates why we ought to trust the biblical and historical testimony of Scripture regarding the resurrection This book is a must read for pastors students and scholars interested in the historical evidence for the resurrection of Jesus Christ

The Rights of Strangers Georg Cavallar, 2017-07-05 This study investigates the thinking of European authors from Vitoria to Kant about political justice the global community and the rights of strangers as one special form of interaction among individuals of divergent societies political communities and cultures Taking an interdisciplinary approach it covers historical material from a predominantly philosophical perspective interpreting authors who have tackled problems related to the rights of strangers under the heading of international hospitality Their analyses of the *civitas maxima* or the *societas humani generis* covered the nature of the global commonwealth Their doctrines of natural law *ius naturae* were supposed to provide what we nowadays call theories of political justice The focus of the work is on international hospitality as part of the law of nations on its scope and justification It follows the political ideas of Francisco de Vitoria and the Second Scholastic in the 16th century of Alberico Gentili Hugo Grotius Samuel Pufendorf Christian Wolff Emer de Vattel Johann Jacob Moser and Immanuel Kant It draws attention to the international dimension of political thought in Thomas Hobbes John Locke Jean Jacques Rousseau David Hume Adam Smith and others This is predominantly a study in intellectual history which contextualizes ideas but also emphasizes their systematic relevance

The politics of Englishness Arthur Aughey, 2013-07-19 The politics of Englishness provides a digest of the debates about England and Englishness and a unique perspective on those debates Not only does the book provide readers with ready access to and interpretation of the significant literature on the English Question it also enables them to make sense of the political historical and cultural factors which constitute that question The book addresses the condition of England in three interrelated parts The first looks at traditional narratives of the English polity and reads them as variations of a legend of political Englishness of England as the exemplary exception exceptional in its constitutional tradition and exemplary in its political stability The second considers how the decay of that legend has encouraged anxieties about English political identity and about how English identity can be recognised within the new complexity of British governance The third revisits these narratives and anxieties examining them in terms of actual and metaphorical locations of Englishness the regional the European and the British

The Field Douglas Booth, 2007-05-07 2006 North American Society for Sports History Book of the Year The literature on sport history is now well established taking in a wide range of themes and covering every activity from aerobics to zorbing However in

comparison to most mainstream histories sport history has rarely been called upon to question its foundations and account for the basis of its historical knowledge In this book Booth offers a rigorous assessment of sport history as an academic discipline exploring the ways in which professional historians can gather materials construct and examine evidence and present their arguments about the sporting past Part 1 examines theories of knowledge while Part 2 goes on to scrutinize the uses of historical knowledge in popular and academic studies of sport history With clear structure examples summary tables and a detailed glossary The Field provides students teachers and researchers with an unparalleled resource to tackle issues fundamental to the future of their subject and sets the agenda for the debate to come **The New History** Alun

Munslow,2016-09-17 The notion of history has always been one strenuously debated by both academics and the wider population This deeply provocative re thinking of our engagement with the past by one of the world s leading post modern historians takes that debate one step further Alun Munslow re assesses history in the light of post modernism and other intellectual challenges which have questioned the primacy of the modernist epistemology of empiricism In an original and stimulating vision of history that will intrigue all those seriously interested in the subject Munslow argues that history is not only about the sources but a literary construction Munslow concludes that history as a cultural narrative about the past can never tell us what the past really means This far reaching conclusion is based on the radical idea that the content of history is defined as much by the nature of the language used to represent and interpret that content as it is by research into the sources This suggests that history does not produce the most likely meaning of the past but rather can only generate alternative meanings The lead volume in a major new series on historical thinking and practice this is an accessible yet absorbing study that breaks new ground in discussing the stage history is at now and perhaps most engagingly the direction it will take in the future **The Institutional Framework of Russian Serfdom** Tracy Dennison,2011-04-28 Russian rural

history has long been based on a Peasant Myth originating with nineteenth century Romantics and still accepted by many historians today In this book Tracy Dennison shows how Russian society looked from below and finds nothing like the collective redistributive and market averse behaviour often attributed to Russian peasants On the contrary the Russian rural population was as integrated into regional and even national markets as many of its west European counterparts Serfdom was a loose garment that enabled different landlords to shape economic institutions especially property rights in widely diverse ways Highly coercive and backward regimes on some landlords estates existed side by side with surprisingly liberal approximations to a rule of law This book paints a vivid and colourful picture of the everyday reality of rural Russia before the 1861 abolition of serfdom Virtual History and the Bible J.Cheryl Exum,2021-09-06 To mark the new millennium

Virtual History and the Bible asks where we are at the fin de si cle and how we got that way What if important events in ancient history had turned out differently How different might the present century be What if Merneptah s scribes were telling the truth when they claimed Israel has been laid waste What if the exodus and conquest had really happened What if

we had no Assyrian account of Sennacherib's third campaign or the palace reliefs depicting his capture of Lachish. What if the Chronicler did use the Deuteronomistic History? What if Luke had never met Theophilus? What if Paul had travelled east rather than west? This is not fantasy or fiction. The sixteen essays in this volume by eminent historians of the Bible engage in serious scholarly inquiry into alternative historical scenarios and their potential consequences. The result is a trenchant demonstration of the ways historians set about working with the evidence in order to reconstruct the past. Contributors: Keith W. Whitelam, Lester L. Grabbe, Susan Ackerman, Thomas L. Thompson, Ernst Axel Knauf, Ehud Ben Zvi, Diana Edelman, Robert P. Carroll, Niels Peter Lemche, Joseph Blenkinsopp, A. Graeme Auld, Philip R. Davies, Loveday C. A. Alexander, Richard Bauckham, John Dominic Crossan, Pheme Perkins.

Victorian Jesus Ian Hesketh, 2017-10-03. *Ecce Homo*: A Survey in the Life and Work of Jesus Christ published anonymously in 1865 alarmed some readers and delighted others by its presentation of a humanitarian view of Christ and early Christian history. *Victorian Jesus* explores the relationship between historian J. R. Seeley and his publisher Alexander Macmillan as they sought to keep Seeley's authorship a secret while also trying to exploit the public interest. Ian Hesketh highlights how *Ecce Homo*'s reception encapsulates how Victorians came to terms with rapidly changing religious views in the second half of the nineteenth century. Hesketh critically examines Seeley's career and public image and the publication and reception of his controversial work. Readers and commentators sought to discover the author's identity in order to uncover the hidden meaning of the book and this engendered a lively debate about the ethics of anonymous publishing. In *Victorian Jesus* Ian Hesketh argues for the centrality of this moment in the history of anonymity in book and periodical publishing throughout the century.

Anatomies of the Gospels and Beyond, 2019-01-28. *Anatomies of the Gospels and Beyond* is an edited volume structured around essays that focus on one of the four canonical Gospels and Acts and/or theoretical issues involved in literary readings of New Testament narrative. The volume is intended to honor the legacy of R. Alan Culpepper, Emeritus Professor and Former Dean at Mercer University's McAfee School of Theology. The title of the volume, which alludes to the title of Culpepper's ground-breaking monograph *Anatomy of the Fourth Gospel*, and the breadth of the essays are apt reflections of his research interests over his academic career of over forty years. The twenty-five contributors are internationally recognized experts in New Testament studies; thus the essays represent a snapshot of current research.

Delve into the emotional tapestry woven by Crafted by in **Return To Essentials Some Reflections On The Present State Of Historical Study** .
