Return To Still Point Transcending The Modern Separate Self:

Return to Still Point Jeff Beaudoin, 2005-01 In *Return to Still Point Transcending the Modern Separate Self* Jeff Beaudoin Ph D addresses our potential for achieving an authentic sense of inner peace while living in today's increasingly polarized world. Writing from the perspective of Transpersonal Psychology, he provides unique insight into how certain aspects of modern culture and society combine with various personal expressions of false pretense to effectively hinder an authentic life. Without apology, Dr. Beaudoin suggests that to effectively transcend these obstacles, we need to first get out of our own way. More importantly, his book provides practical guidelines for actually doing so along the transformative path to authentic Self realization. He begins by offering the reader the following directive: There is in every child a noble level of resistance to the suffocation of his or her light, and within every imprisoned adult an innocent child who longs to be free. Choose to consider the possibilities, expand your awareness. The entire universe is within you; you belong to it, and it to you. To whatever degree your memory serves you, identify with the essence of your being that still flickers inside; however starved it may seem. By adding fuel to that fire, you can, beyond all doubt, reclaim the indescribable sense of peace and love that lies dormant in your heart. Your life is God's gift to you; your salvation lies in the decision to make it your gift to God. For more information, please visit <http://www.returntostillpoint.com>

Leading in a VUCA World Jacobus (Kobus) Kok, Steven C. van den Heuvel, 2018-11-28 This open access book brings together works by specialists from different disciplines and continents to reflect on the nexus between leadership, spirituality, and discernment, particularly with regard to a world that is increasingly volatile, uncertain, complex, and ambiguous (VUCA). The book spells out, first of all, what our VUCA world entails and how it affects businesses, organizations, and societies as a whole. Secondly, the book develops new perspectives on the processes of leadership, spirituality, and discernment, particularly in this VUCA context. These perspectives are interdisciplinary in nature and are informed by, e.g., management studies, leadership theory, philosophy, and theology.

Returning to Tillich Russell Re Manning, Samuel Andrew Shearn, 2017-12-04 Fifty years after his death in 1965

the essays in this collection return to Paul Tillich to investigate his theology and its legacy with a focus on contemporary British scholarship Originating in a conference held in Oxford in 2014 the book contains 16 original contributions from a mixture of junior and more established scholars most of whom have a connection to Britain The contributions are diverse but four themes emerge throughout the volume Several essays are concerning with a characterisation of Tillich s theology In dialogue with recent emphases on the radical Tillich some essays suggest a more conservative estimation of Tillich s theology rooted in the Idealist and classical Christian platonic traditions whilst in constant engagement with changing existential situations Secondly and perhaps reflecting the context of religious diversity and theories of religious pluralism in Britain many essays engage Tillich s approach to non Christian religions Thirdly some essays address the importance of existentialist philosophy for Tillich notably via an engagement with Sartre Finally a number of essays take up the diagnostic potential of Tillich s theology as a resource for engaging contemporary challenges

Thinking Faith Anthony J. Kelly, 2017-11-01 The title of this collection of essays is Thinking Faith Moods Methods and Mystery and it might need a word of explanation The aim is to suggest something of what is involved in thinking faith while indicating examples of my modest contribution over all these years Given the exuberant data of faith beliefs doctrines and tradition the task of the theologian is always to reflect on what is so richly given and to communicate in the most telling fashion its meaning There are certainly moods that colour the way we think even though theological writing must show an intellectual concentration of some kind That is quite compatible with a great variety of approaches sometimes more hopeful sometimes more sober defensive and argumentative There is also the question of methods The strange thing about a particular theological method or style of thought is that it is seldom an explicit series of procedures It is something more spontaneous and formed through the practices of many years Quite clearly in this collection of writings a number of methods is implied Whatever the mood whatever the method the mystery remains of God Christ and who we are in that light To this degree theology is a way of thinking within mystery not outside it In this respect doing theology is humbling for us theologians when confronted with the limited span of our knowledge and our poor capacities to express it There always remain infinite expanses of what is not yet given us to see so to leave theologians inarticulate in splendid defeat And yet so much has been given even in the most routine life of the Church in its Scriptures its

Garland,2024-07-19 The opioid crisis arose in part due to the attempt to relieve chronic pain Meeting a huge need this is the authoritative presentation of Mindfulness Oriented Recovery Enhancement MORE for chronic pain and opioid use MORE is one of the few evidence based treatments shown to simultaneously reduce opioid use and or addiction pain and co occurring emotional distress MORE integrates mindfulness training with principles of cognitive behavioral therapy and positive psychology In a convenient large size format the book provides everything needed to set up and run MORE groups Treatment developer Eric L Garland supplies session by session guidelines sample scripts clinical pointers guided practices and psychoeducational resources including 16 reproducible handouts that can be photocopied or downloaded **Mystery Hidden Yet Revealed** Marie Theresa Coombs,2003-09-02 This work focuses on a reality central to each human life and basic to every branch of theology namely the immanent transcendence of God This study begins by exploring that theme of mystery hidden yet revealed from the perspective of the interrelationship of transcendence self actualization and creative expression The book goes on to describe the interplay of those three elements in the lives and the works of Thomas Merton monk and writer and Georgia O Keefe artist People from a wide variety of backgrounds and traditions will find this study a stimulating source of insight for their spiritual quest
