Return Of The Nose Masks:

Return of the Nose Masks Rick Meyerowitz, 1998-01-01 Truly nutty ideas never die They just lie in wait to come back when you least expect it Exactly twenty years ago those two wacky books of nasal disguises Nose Masks I and Nose Masks II appeared and America seemed to inhale them There were nose mask parties celebrities wearing nose masks nose masks in parades Today like the Beetle the yo yo and aviator shades they re back Return of the Nose Masks is wackiness for a whole new generation of grown ups children and grown ups with an inner child Created by the original nose mask auteur Rick Meyerowitz here are 150 original costumes for the nose Printed in four color and perforated there is the Fat Cat Cooool Cat and Cocktail Cat Lawrence and Lenore of Arabia The Velvet Frog Nefertootsie and the Tut Mask The three freedoms Freedom to Sing Freedom to Dance Freedom to Shop Holiday nose masks underwater nose masks career noses masks modern art nose masks There are little square nose masks and big vertical nose masks Mustache nose masks nose ring nose masks and the Big Tongue page Even the Buddha for that mood of spiritual longing The nose masks come with instructions for any size nose on any age face The fit is snug and the look is just right Ships in time for Halloween **The Publishers Weekly** ,1998 Ya Basta! Marcos (subcomandante.), 2004-01-01 For ten years a voice from deep within the Mexican jungle has inspired us to fight back **Big Book of Self-Reliant Living** Walter Szykitka, 2009-10-14 Rural homesteaders and urban apartment dwellers alike will find a mother lode of practical information packed into this completely revised and updated edition of the ultimate how to handbook for all generations A selective compendium of public domain documents it brings together in one volume a wealth of knowledge and useful instruction on just about every imaginable aspect of self sufficiency from building a dwelling and growing food to raising children using tools of all kinds and yes getting more mileage out of your car Readers will learn how to build a greenhouse administer first aid stock an emergency shelter survive in the wilderness at sea and in the city plant buy farmland grow plants indoors and out read architect s drawings care for household pets repair clothing hunt trap and fish repair a screen or leaking faucet butcher and store big game kill relieve allergy symptoms control insects stay safe during storms and floods can and freeze fruits and vegetables take your own blood pressure and much much more Praise for a previous edition How we have survived this long without this book I don t know The concept is brilliant and simple If we had lived in a rural community a century ago much of the knowledge gathered here would have been in our bones Harper s Our Word is Our Weapon Subcomandante Marcos, 2011-01-04 In this landmark book Seven Stories Press presents a powerful collection of literary philosophical and political writings of the masked Zapatista spokesperson Subcomandante Insurgente Marcos Introduced by Nobel Prize winner Jos Saramago and illustrated with beautiful black and white photographs Our Word Is Our Weapon crystallizes the passion of a rebel the poetry of a movement and the literary genius of indigenous Mexico Marcos first captured world attention on January 1 1994 when he and an indigenous guerrilla group calling themselves Zapatistas revolted against the Mexican government and seized key

towns in Mexico's southernmost state of Chiapas. In the six years that have passed since their uprising, Marcos has altered the course of Mexican politics and emerged an international symbol of grassroots movement building rebellion and democracy. The prolific stream of poetic political writings, tales, and traditional myths that Marcos has penned since January 1, 1994, fill more than four volumes. *Our Word Is Our Weapon* presents the best of these writings, many of which have never been published before in English. Throughout this remarkable book, we hear the uncompromising voice of indigenous communities living in resistance, expressing through manifestos and myths the universal human urge for dignity, democracy, and liberation. It is the voice of a people refusing to be forgotten, the voice of Mexico in transition, the voice of a people struggling for democracy by using their word as their only weapon.
