Revelation 1 5 Word Biblical Commentary 52a:

Revelation 1-5, Volume 52A Dr. David Aune, 2017-12-12 The Word Biblical Commentary delivers the best in biblical scholarship from the leading scholars of our day who share a commitment to Scripture as divine revelation This series emphasizes a thorough analysis of textual linguistic structural and theological evidence The result is judicious and balanced insight into the meanings of the text in the framework of biblical theology These widely acclaimed commentaries serve as exceptional resources for the professional theologian and instructor the seminary or university student the working minister and everyone concerned with building theological understanding from a solid base of biblical scholarship Overview of Commentary Organization Introduction covers issues pertaining to the whole book including context date authorship composition interpretive issues purpose and theology Each section of the commentary includes Pericope Bibliography a helpful resource containing the most important works that pertain to each particular pericope Translation the author's own translation of the biblical text reflecting the end result of exegesis and attending to Hebrew and Greek idiomatic usage of words phrases and tenses yet in reasonably good English Notes the author's notes to the translation that address any textual variants grammatical forms syntactical constructions basic meanings of words and problems of translation Form Structure Setting a discussion of redaction genre sources and tradition as they concern the origin of the pericope its canonical form and its relation to the biblical and extra biblical contexts in order to illuminate the structure and character of the pericope Rhetorical or compositional features important to understanding the passage are also introduced here Comment verse by verse interpretation of the text and dialogue with other interpreters engaging with current opinion and scholarly research Explanation brings together all the results of the discussion in previous sections to expose the meaning and intention of the text at several levels 1 within the context of the book itself 2 its meaning in the OT or NT 3 its place in the entire canon 4 theological relevance to broader OT or NT issues General Bibliography occurring at the end of each volume this extensive bibliography contains all sources used anywhere in the commentary Word Biblical Commentary, vol. 52A David E. Aune, 1997 Priesthood and Temple in John's Apocalypse Timothy B. Tse, 2024-12-12 Timothy B Tse argues that while John uses language drawn from the Hebrew Bible's descriptions of YHWH's dwelling place scholarship has overlooked the importance of his spatial transformation of that language Tse thus uses theories relating to Relevance Resistance Theory Critical Space Theory and Conceptual Metaphor to demonstrate that a significant part of John's apocalyptic strategy of resistance is to re-present his vision to his audience spatially so that they can experience a divinely ordained alternative to the world in which they live Tse first demonstrates John's attempts to relegate his audience's experience of space to his own revelation John's description of the visionary world creates the metaphors the earth is a Sanctuary and the Saints are its priests Tse argues that under this view life on earth must be evaluated according to the concerns of the Sanctuary which by definition requires the removal of everything impure and the Saints namely all Christians in both the historic and visionary

worlds must take priestly responsibility for the earth John therefore portrays the Saints joining in the removal of all impurity upon the earth by fighting as priests in God and the Lamb's war against Satan Babylon and all her impurities Tse concludes that overall John means to realign the church's experience of space so that they understand themselves as priests of the Sanctuary and live according to that reality The Metaphor of the City in the Apocalypse of John Eva Maria R  pple, 2004 Throughout history the vision of a new city the heavenly Jerusalem coming down from heaven has inspired human beings to dream about community society and the world Acting as an incentive to turn unsatisfied longing into utopian ideas and ultimately action the language of the Apocalypse of John has long inspired human imagination in a highly effective manner This fact has contributed to its controversial role in the history of New Testament interpretation its bizarre often paradoxical language seems to veil rather than reveal its message Interestingly the Apocalypse has never ceased to be an inspiration for artists unlike conceptual language art does not restrict interpretation but has the power to incite the reader or audience to imagine Using artistic expression as paradigm this book examines a central image the city as metaphorical material investigating the dynamic interpretive process from text to imagination

The New Cambridge History of the Bible: Volume 2, From 600 to 1450 Richard Marsden, E. Ann Matter, 2012-04-26 This volume examines the development and use of the Bible from late Antiquity to the Reformation tracing both its geographical and its intellectual journeys from its homelands throughout the Middle East and Mediterranean and into northern Europe Richard Marsden and E Ann Matter's volume provides a balanced treatment of eastern and western biblical traditions highlighting processes of transmission and modes of exegesis among Roman and Orthodox Christians Jews and Muslims and illuminating the role of the Bible in medieval inter religious dialogue Translations into Ethiopic Slavic Armenian and Georgian vernaculars as well as Romance and Germanic are treated in detail along with the theme of allegorized spirituality and established forms of glossing The chapters take the study of Bible history beyond the cloisters of medieval monasteries and ecclesiastical schools to consider the influence of biblical texts on vernacular poetry prose drama law and the visual arts of East and West

Divine Bodies Candida R. Moss, 2019-04-23 A path breaking scholar's insightful reexamination of the resurrection of the body and the construction of the self When people talk about the resurrection they often assume that the bodies in the afterlife will be perfect But which version of our bodies gets resurrected young or old healthy or sick real to life or idealized What bodily qualities must be recast in heaven for a body to qualify as both ours and heavenly The resurrection is one of the foundational statements of Christian theology but when it comes to the New Testament only a handful of passages helps us answer the question What will those bodies be like More problematically the selection and interpretation of these texts are grounded in assumptions about the kinds of earthly bodies that are most desirable Drawing upon previously unexplored evidence in ancient medicine philosophy and culture this illuminating book both revisits central texts such as the resurrection of Jesus and mines virtually ignored passages in the Gospels to show how the resurrection of the body addresses larger questions

about identity and the self T&T Clark Companion to the Bible and Film Richard Walsh, 2018-06-28 The first decades of the twenty first century saw a resurgence of the biblical epic film such as Noah and Exodus Gods and Kings which was in turn accompanied by a growth of biblical film criticism This companion surveys that field of study by framing it in light of significant and recent biblical films as well as the voices of key biblical film critics Non Hollywood and seemingly non biblical films also come under investigation The contributors concentrate on three points context focusing on the Bible in specific film genres and cultural situations theory applying theory from both religion and film studies with an eye to their possible intersections and recent and significant texts reflecting on which texts and themes have been most important in biblical film and which are currently at the fore Exploring cinema across the globe and accompanied by extended introductory essays for each of the three sections this companion is an important resource for scholars in both film and biblical reception Sex, Violence, and Early Christian Texts Christy Cobb, Eric Vanden Eykel, 2022-10-03 Examples of sexual violence and mentions of it appear with a disturbing level of frequency in the literature of early Christianity This collection of essays explores these occurrences in canonical and noncanonical Christian texts from the first until the fifth centuries CE Drawing from a range of interpretive lenses scholars of early Christianity approach these writings with the goal of identifying how their authors employ the language of sexual assault rape and violence in order to formulate and support various rhetorical and theological claims Individual chapters also address how and why these episodes of sexual violence have been ignored or sometimes read in a way that would make them less problematic As a collection Sex Violence and Early Christian Texts examines these texts carefully ethically and with an eye toward shining a light on the scourge of sexual violence that is so often manifest in both ancient and contemporary Christian communities **Ecstatic Prophecy** Stacey Campbell, Wesley Campbell, 2008-11-01 Ecstatic prophecy is a form of prophecy in which the prophet is completely overtaken by the Holy Spirit body soul and spirit and prophesies almost as an oracle In Ecstatic Prophecy Stacey Campbell a respected teacher and regular and high profile recipient of this gift explains the ins and outs of this remarkable mode of prophecy She takes readers through biblical and early church examples of ecstatic prophecy and uncovers the history of its occurrence until modern times She also examines how those with this gift can mature in it avoid deception by testing spirits and use this method of prophesying to grow closer to God and to reveal Jesus This unique book will be compelling to anyone who follows prophetic literature and movements as well as to those who may be experiencing ecstatic prophecy without understanding it The Land of Christ Yohanna Katanacho, 2013-10-01 Palestinians and Israeli Jews live in one land yet as two distinct communities each of which claims ownership of the same territory How are we to understand the divine promise pertaining to the land Did God promise the land exclusively to the Jewish people Do the Palestinians have a right to live in the land or does God want them to leave After affirming important Palestinian Evangelical concerns The Land of Christ challenges the argument that God gave the land to Israel Yohanna Katanacho asks 1 What are the borders of the land 2 Who is Israel 3 How did God give Israel the land

Through careful biblical exegesis the book responds to these questions exposing the superficiality of many slogans and claims. Then the book presents an alternative biblical theology of the land. However, the theology of the land in this book is intimately associated with the context in Israel/Palestine. The Palestinian Kairos Document is the most accepted representative of the current Palestinian context and theology. The book unpacks this document and extrapolates on its theology of the land. Finally, the author does not leave the reader without hope. Katanacho portrays Hagar as a symbol of hope and considers the Korahite Psalms from the perspective of refugees.
