Revelation Reason

Revelation Reason:

Reason's Inquisition Christopher A. Colmo, 2023-08-29 *Reasons Inquisition On Doubtful Ground* is an exploration in the literature of political philosophy before and after Alfarabi and ranging from Thucydides to Leo Strauss and Eric Voegelin. These studies most of them previously unpublished open inquiries into theory and practice reason and revelation and the relation between thinkers ancient and modern. Readers may be surprised to see the Platonist Alfarabi presented as a critic of Plato's theory in the name of practice while Alfarabi and Hobbes are shown to have a common interest in a theory commensurate with action. Strauss, Voegelin, and Lucien Febvre all explore the problem of reason and revelation in relation to the limits of human knowledge. An ambitious study of Shakespeare's *Macbeth* explores the ambiguity of both nature and knowledge in relation to male and female good and evil present and future. The contrast between ancients and moderns is explicit in questions of the modern aspects of Marlowe's *Doctor Faustus* and of Rousseau's reversal of Plato. Kierkegaard and Heidegger bring radical modernity into focus against a Platonic background in the closing essay. These diverse essays attempt to follow the thinkers and themes explored in turning a critical gaze upon reason itself. Revelation and Reason:

The Christian Doctrine of Faith and Knowledge Emil Brunner, 1946 *Revelation and Reason in Islam* A.J.

Arberry, 2013-02-01 The Scholastic Problem was the focus of much debate in Islam for some centuries before it became the chief crux of learned discussion in medieval Christianity. When originally published in 1957, this volume was the first survey of the subject to appear in English. It reviews the conflict within Islam between Revelation and Reason and examines the attempts made by theology, philosophy, mysticism, and authoritarianism to resolve the dilemma. **C.S. Christ of a Religious Economy, 3.2 P. H. Brazier, 2014-01-16 C. S. Lewis *On the Christ of a Religious Economy II* Knowing Salvation opens with a discussion of the Anscombe-Lewis debate, the theological issues relating to revelation and reason. Christ the Logos. This leads into Lewis on the Church, the body of Christ, and his understanding of religion: how is salvation enacted through the churches? how do we know we are saved? This concludes with, for Lewis, the question of suffering and atonement, substitution and election, deliverance and redemption, heaven, hell, resurrection and eternity. Christ's work of salvation on the cross. What did Lewis say of humanity in relation to God now? Immanuel, God with us, incarnate, crucified, resurrected, and ascended for humanity. What of Lewis's own death and that of his wife? What does this tell us about the triune God of Love who is Love? This volume forms the second part of the third book in a series of studies on the theology of C. S. Lewis, titled *C. S. Lewis: Revelation and the Christ*. The books are written for academics and students but also crucially for those people, ordinary Christians without a theology degree, who enjoy and gain sustenance from reading Lewis's work. www.cslewisandthechrist.net Evangelical, Catholic, and Reformed George Hunsinger, 2015-03-06 Wide-ranging doctrinal expositions by an expert scholar of 20th-century theologian Karl Barth. In this book, prominent Barth scholar George Hunsinger presents fifteen essays on Karl Barth's understanding of Christian doctrine across a wide spectrum of topics.

concluding with suggestions as to how Barth's theology might fruitfully be retrieved for the future Hunsinger discusses Barth's views on such subjects as the Trinity creation natural theology Christology justification and time and eternity As he delves into Barth's theological substance Hunsinger highlights ways in which Barth's work was Evangelical Catholic and Reformed illuminating the ecumenical aspects of his thought No other volume explains Barth's views on this range of topics with such scope depth and clarity *The Works of Orestes A. Why the Reformation Still Matters Michael Reeves, 2016-04-21 On 31 October 1517 Martin Luther posted his ninety five theses on the castle church door in Wittenberg More than any other event this has the best claim to be the starting gun that set the Reformation in motion Five hundred years later the Reformation still has important things to say In this clear incisive and accessible survey Michael Reeves and Tim Chester show how the Reformation helps us answer questions like How do we know what's true Can we truly know God How does God speak What's wrong with us How can we be saved Who am I That many people today find the Reformation strange and remote exposes our preoccupation with this material world and this momentary life If there is a world beyond this world and a life beyond this life then it doesn't seem to matter very much to us At its heart the Reformation was a dispute about how we know God and how we can be right with him At stake was our eternal future and it still is *Jonathan Edwards Confronts the Gods* Gerald Robert McDermott, 2000 It has long been thought that Edwards's polemical arguments were aimed against Arminianism a doctrine that denied the Calvinist idea of predestination In this book Gerald McDermott shows that Edwards's real target was a larger and more influential one namely deism the belief in a creator God who does not intervene in His Creation To Edwards's mind deism was the logical conclusion of most if not all schemes of divinity that appropriated Enlightenment tenets McDermott argues that Edwards was an inclusivist who came to realize that salvation was open to peoples beyond the hearing of the Christian gospel *Christian Theology* Alister E. The Mysteries of Christianity Matthias Joseph Scheeben, 2023-03-17 The Mysteries of Christianity is Matthias Joseph Scheeben's youthful magnum opus a logically rigorous and spiritually profound dogmatic theology In its pages he explores the intelligibility of Christianity's supernatural mysteries and their deep connectedness ultimately demonstrating that Christian theology constitutes a science before the court of human reason even as its object transcends human comprehension Scheeben's task is to present a unified view of the whole panorama of revealed truth and he pursues this by considering nine key Christian mysteries the Trinity creation sin the Incarnation the Eucharist the Church and its sacraments justification eschatological glory and predestination Since the mystery of the Trinity is the root of the supernatural order Scheeben begins here showing that the foundation of the salvific economy lies in the eternal processions of persons in God the begetting of the Son and the spiration of the Spirit being in different ways the cause of the life of grace in the human soul When the Son and the Spirit are sent into the world in the Incarnation and through the bestowal of grace they provide the way for human beings to see God face to face in the beatific vision the end for which God created humans Among the means of return to God Scheeben particularly emphasizes the Eucharist on account of its close connection with the mystery of the Incarnation By placing his treatment of the Eucharist before that of the Church he signals that his is a genuinely Eucharistic ecclesiology centered on the abiding presence of the incarnate divine Son
