Revelatory Text Interpreting The New Testament As Sacred Scripture

Donald Senior, CP

Revelatory Text Interpreting The New Testament As Sacred Scripture:

The Revelatory Text Sandra Marie Schneiders, 1999 In this book Schneiders investigates the meaning of the theological claim that the Bible is the Word of God and the church's book along with the implications of these claims for biblical interpretation She then examines the historical literary and religious spiritual dimensions of the New Testament Schneiders puts her theory to a test in a feminist interpretation of John 4 She argues that the comprehensive object of biblical interpretation is not merely information but transformation and that an adequate hermeneutical theory must include a wide range of exegetical and critical methods within a theologically and philosophically adequate understanding of scripture as sacred text From publisher's description

God and History in the Book of Revelation Michael Gilbertson, 2003-07-24 This is an interdisciplinary study which constructs a dialogue between biblical interpretation and systematic theology It examines how far a reading of the Book of Revelation might either support or question the work of leading theologians Wolfhart Pannenberg and Jürgen Moltmann on the theology of history exploring the way in which the author of Revelation uses the dimensions of space and time to make theological points about the relationship between God and history The book argues that Revelation sets the present earthly experience of the reader in the context of God's ultimate purposes by disclosing hidden dimensions of reality both spatial embracing heaven and earth and temporal extending into the ultimate future Dr Gilbertson offers a detailed assessment of the theologies of history developed by Pannenberg and Moltmann including their views on the nature of the historical process and the use of apocalyptic ideas in eschatology

Raymond E. Brown and the Catholic Biblical Renewal Donald Senior, CP, 2018 A comprehensive analytical and critical and deeply appreciative biography of one of the greatest biblical scholars of the twentieth century that locates him within the sweep and drama of the Catholic biblical renewal especially in the United States

Beyond Dogmatism and Innocence Bradford E. Hinze, Anthony J. Godzieba, 2017-02-01 Behind every important development in Catholic doctrine and practice since the beginning of the modern period have been debates about the interpretation of Christianity's classic texts and traditions and their ideological and practical implications Over the past century there have been breakthroughs in retrieving the origins of beliefs and practices recovering the rich myriad and multifaceted literary forms and recognizing the ways these venerable traditions have been received applied and negotiated in the lives of reading audiences with their contrasting worldviews The essays in this volume by leading figures in Catholic theology suggest what might be called a third narrative that blends deeply contextual interpretations with a critical theological analysis of the roles of power and grace in church and society The abilities and skills to grapple with basic issues in hermeneutics and critical theory remain necessary and fundamental for Catholic theology At stake is nothing less than how the good news of God's salvation can be grasped and lived today This volume provides a trustworthy map and compass for negotiating these debates and options Contributors include Sandra M Schneiders Francis Schüssler Fiorenza Robert J Schreiter John E Thiel Dominic Doyle Fernando F Segovia Andrew Prevot

Ormond Rush Judith Gruber Susan Abraham Anthony J Godzieba and Bradford E Hinze **The Bloomsbury Guide to Pastoral Care** Bernadette Flanagan, 2014-01-30 The Bloomsbury Guide to Pastoral Care provides a framework for reflection on pastoral care practice and identifies frontier learning from the new and challenging practical contexts which are important in pastoral care research today In this collection of essays from leading practitioner scholars Bernadette Flanagan and Sharon Thornton set out core principles underpinning professional identity and the practice of pastoral care in rapidly changing social settings Such pastoral challenges as developing compassionate and effective companionship to those who have suffered trauma torture catastrophic events social disintegration the moral wounds of war and cultural dislocation are treated with insight and deep care The new frontiers of pastoral care in more familiar circumstances such as family health settings where patients facing life challenging medical events and multi cultural communities are also explored With contributions from Kevin Egan Michael O Sullivan SJ Rita Nakashima Brock and Julia Prinz VDMF The Bloomsbury Guide to Pastoral Care is an essential reference for the theory and practice of pastoral care **Revelation, Scripture and Church** Richard R. Topping, 2016-04-08 How does God's involvement with the generation of Holy Scripture and its use in the life of the Christian church figure into the human work of Scripture interpretation This is the central question that this book seeks to address In critical conversation with the influential hermeneutic programs of James Barr Paul Ricoeur and Hans Frei Topping demonstrates how God's agency has been marginalized in the task of Scripture interpretation Divine involvement with the Bible is bracketed out Barr rendered in generic terms Ricoeur or left implicit Frei in these depictions of the hermeneutic field The result is that each of these hermeneutic programs is less than a realist interpretative proposal Talk of God is eclipsed by the terminal consideration of human realities Topping argues for the centrality of doctrinal description in a lively theological understanding of Scripture interpretation for the life of the church **An Introduction to the New Testament** Raymond E.
