Revelliere Lepeaux Citizen Director 1753 1824:

Revelliere-Lépeaux, Citizen Director, 1753-1824 Georgia Robison,1972 **Revelliere-Lepeaux** Georgia Robison,1938 **Revellière-Lépeaux, Citizen Director, 1753-1824 [a Dissertation] by Georgia Robison...** Georgia Robison,1938 **A Political Biography of Thomas Paine** W A Speck,2015-10-06 Speck s biography examines Paine s work afresh in light of new thinking about the role of religion in the formation of his political ideology and also places Paine within the recently developed context of Atlantic History *The Bourgeoisie in 18th-Century France* Elinor Barber,2015-12-08 By delving into the religious economic social and political attitudes and practices of the French bourgeoisie in the 18th century Mrs Barber dispels the idea that they were a revolutionary class bent on the destruction of the ancien r gime Instead she reveals that only slowly and partially did they become antagonistic to the established society Her particular attention is given to bourgeois feelings about and chances for social mobility The book provides fresh insights into a familiar period both in the wealth of information about the bourgeois class and in the use of sociological methods in a historical study As an excellent example of a new and increasingly fruitful approach to history it will interest both the historian and the social scientist Originally published in 1955 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Tom Paine and Revolutionary America** Eric Foner,2005 Since its publication in 1976 Tom Paine and Revolutionary America has been recognized as a classic study of the career of the foremost political pamphleteer of the Age of Revolution and a model of how to integrate the political intellectual and social history of the struggle for American independence Foner skillfully brings together an account of Paine s remarkable career with a careful examination of the social worlds within which he operated in Great Britain France and especially the United States He explores Paine s political and social ideas and the way he popularized them by pioneering a new form of political writing using simple direct language and addressing himself to a reading public far broader than previous writers had commanded He shows which of Paine s views remained essentially fixed throughout his career while directing attention to the ways his stance on social questions evolved under the pressure of events This enduring work makes clear the tremendous impact Paine s writing exerted on the American Revolution and suggests why he failed to have a similar impact during his career in revolutionary France And it offers new insights into the nature and internal tensions of the republican outlook that helped to shape the Revolution In a new preface Foner discusses the origins of this book and the influences of the 1960s and 1970s on its writing He also looks at how Paine has been adopted by scholars and politicians of many stripes and has even been called the patron saint of the Internet **Reimagining**

Politics after the Terror Andrew Jainchill, 2018-07-05 In the wake of the Terror France's political and intellectual elites set out to refound the Republic and in so doing reimagined the nature of the political order They argued vigorously over imperial expansion constitutional power personal liberty and public morality In *Reimagining Politics after the Terror* Andrew Jainchill rewrites the history of the origins of French Liberalism by telling the story of France's underappreciated republican moment during the tumultuous years between 1794 and Napoleon's declaration of a new French Empire in 1804 Examining a wide range of political and theoretical debates Jainchill offers a compelling reinterpretation of the political culture of post Terror France and of the establishment of Napoleon's Consulate He also provides new readings of works by the key architects of early French Liberalism including Germaine de Staël Benjamin Constant and in the epilogue Alexis de Tocqueville The political culture of the post Terror period was decisively shaped by the classical republican tradition of the early modern Atlantic world and as Jainchill persuasively argues constituted France's Machiavellian Moment Out of this moment a distinctly French version of liberalism began to take shape *Reimagining Politics after the Terror* is essential reading for anyone concerned with the history of political thought the origins and nature of French Liberalism and the end of the French Revolution *Catalog of Copyright Entries. New Series* Library of Congress. Copyright Office, 1938

The Era of the French Revolution Ronald J. Caldwell, 1985 *Catalogue of Copyright Entries* Library of Congress. Copyright Office, 1938
