## Reverence For The Soul:

**Reverence for the Soul** Richard Schain, 2001-05-15 This is a philosophical work dressed out in journal form It requires readers receptive to a point of view transcending the current intellectually dominant scientific monism The writer develops his conviction that Homo sapiens needs and wants to develop his metaphysical self the soul in traditional terminology The contemporary scientific world view is predicated on an opposite viewpoint which is that there is no such thing as a soul there is only a network of neurons within the brain resulting in physical activities affecting a physical world and creating a physical self Amidst the description of the writer's conflicts with this prevailing world view are interspersed discussions about brain mind relationships about the question of the soul about dualism versus monism and the nature of the real world about purposes in writing and about personal values arising from all these matters Reverence for one's own soul is the ultimate value arrived at by the writer This is not a religious work it may in fact be regarded as anti religious even blasphemous by those disposed to such judgements Nevertheless the writer believes in the value of an intellectual conscience and is not inclined to offend it through deference to superannuated or self serving societal entities offering opiates for metaphysical needs It is well known by now that all genuine philosophy represents the personality and experiences of a philosopher however much it may be covered over with a scholarly style The philosopher wishing to pose in the white coat of the scientific investigator is a ridiculous figure who should be confined to circus entertainment Meaningful value oriented philosophy and what other kind is there is subjective in nature albeit requiring knowledge experience and intellect in its formulation An unpublished monograph of the writer available to those interested is entitled The Subjective Will to Metaphysical Existence This title makes explicit what is presented in more personalized and literary form in Reverence for the Soul

*Transforming The Soul: Volume 1* Rudolf Steiner, 2013-11-06 The spiritual scientific investigator has to transform the soul itself into an instrument then when his soul is awakened and he can see into a spiritual world he experiences on a higher level a similar great moment as blind people do when having been operated upon they look at a world they have not seen before In a key series of lectures on personal development Rudolf Steiner explains that the central mission of spiritual science is to enable people to ascend in full consciousness to a knowledge of spiritual realities But given that the means to achieve spiritual perception are now widely available the danger exists that some individuals will gain access to the spiritual world whilst harbouring impure motives This can lead to a distorted understanding and vision of that world Steiner's emphasis therefore is on the preparatory steps the metamorphosis and purification of the human soul required for achieving true spiritual enlightenment Life itself teaches and prepares us for progress and anthroposophy explains and brings this to consciousness In some of his most lucid lectures Steiner describes the missions of anger truth and reverence the significance of human character the meaning of asceticism and illness and the phenomenon of egoism He also clarifies the differences between Buddhism and Christianity describes the goal of spiritual science and makes some esoteric

observations about the moon Throughout the talks Steiner refers to many significant historical figures including St Augustine Coleridge Leonardo da Vinci Madame Blavatsky Goethe Homer and Shakespeare Transforming the Soul Rudolf Steiner,2005 9 lectures Berlin October 14 December 9 1909 CW 58 A previous translation of this work Metamorphoses of the Soul Paths of Experience vol 1 In a key series of lectures on personal development Rudolf Steiner explains that the central mission of spiritual science is to enable people to ascend in full consciousness to knowledge of spiritual realities But given that the means to achieve spiritual perception are now widely available there is the danger that some individuals will gain access to the spiritual world whilst harboring impure motives This can lead to a distorted understanding and vision of that world Steiner s emphasis therefore is on the preparatory steps the metamorphosis and purification of the human soul required for achieving true spiritual enlightenment Life itself teaches and prepares us for progress and Anthroposophy explains and brings this to consciousness In some of his most lucid lectures Steiner describes the missions of anger truth and reverence the significance of human character the meaning of asceticism and illness and the phenomenon of egoism He also clarifies the differences between Buddhism and Christianity describes the goal of spiritual science and makes some esoteric observations about the moon Throughout the talks Steiner refers to many significant historical figures including St Augustine Coleridge Leonardo da Vinci Madame Blavatsky Goethe Homer and Shakespeare This volume is a translation of Metamorphosen des Seelenlebens Pfade der Seelenerlebnisse Erster Teil CW 58 **Gps for the Soul** Steven Harrison,2014-11-26 A Scripturally based Guide to Your Spiritual Health and Salvation in these Latter days of Tribulation Fullness of the Gospel Explained **The Soul** Francis William Newman,1882 Ācārya Viśuddhasāgara's Vicāra - The Thoughts विजय क. जैन, 2025-05-13 c rya Vi uddhas gara believes firmly that human birth must be utilized as a springboard for spiritual development rather than for physical or material development This can be attained only when one holds the belief that the body and the soul are two utterly distinct entities and that the soul needs to be attended to as the first priority in all human endeavors If this belief percolates down mankind we shall witness a world that is rid of strife deprivation and antagonism No one will then play with the ways of nature on this planet earth Right thoughts are a prerequisite for world development Your thoughts must focus on development and well being of the world besides of the self The world today is beset by several wrong beliefs and tendencies that have become natural to most of us but are causing great harm to self and others The Thoughts confronts many such issues head on with inviolable logic and scriptural attestation This fact alone makes the book essential reading for all thoughtful persons globally The book includes an Index of the scriptural terms **The Seat of the Soul** Gary Zukav,2014-03-11 The author explores a new phase of human evolution that reflects a growing understanding about authentic spiritually based power based on cooperative beliefs and a reverence for life Self-culture, Physical, Intellectual, Moral, and Spiritual James Freeman Clarke,1900 **The Soul** Francis Newman,2023-04-17 Reprint of the original first published in 1874 *The Soul* Francis William
