Euroanalysis VIII: European Conference on Analytical Chemistry

It is the responsibility of the host country to organize the Triennial European Conference on Analytical Chemistry, namely Euroanalysis. This year it is the turn of the United Kingdom to host this important event under the watchful eye of the Conference Præsidium. The 1993 version of the conference is Euroanalysis VIII, the eighth in the series, and will be held at the University of Edinburgh from Sunday to Saturday, September 5–11, 1993. Of course, the organization by the Analytical Division of The Royal Society of Chemistry is on behalf of the Working Party on Analytical Chemistry of the Federation of European Chemical Societies (FECS). The event also carries sponsorship from the International Union of Pure and Applied Chemistry and carries the designation FECS Event No. 188.

Circular 3, with Registration forms and Notes to Participants including the Outline Scientific Programme, has now been issued and can be obtained from Miss P. E. Hutchinson, Secretary, Analytical Division, The Royal Society of Chemistry, Burlington House, Piccadilly, London W1V 0BN, United Kingdom.

The Scientific Programme has thirty-nine oral sessions to follow the Opening Session on Monday morning, September 6, 1993. This suggests that participants will have a lot of decisions to make on the selection of lectures to attend from within the five parallel streams available between Monday and Friday. In addition to the extensive oral presentation pro-

gramme there are Poster Sessions, an Educational Discussion Session, and an Exhibition of Books and Journals (present throughout the week).

To enable participants to give full attention to the scientific fare, there is a full daytime programme of visits and trips available to accompanying persons. However, time is set aside on the Wednesday afternoon for everyone to partake of a visit away from the Conference venue. This will refresh participants for the programme for the rest of the week.

The evening social events that are being laid on are planned to permit participants to exchange views and to discuss the scientific part of the programme, as much as to enjoy the surroundings, to renew friendships and to make new ones.

Euroanalysis VIII, except for the Opening Ceremony, which will be held in McEwan Hall, will be held in the Appleton Tower, George Square. The various oral presentation streams will be devoted to the following.

Monday:

Sensors; Pharmaceutical and Biomedical Analysis; Atmospheric Analysis; Conservation of Arts; Laser-based Techniques.

Tuesday:

Materials and Surface Analysis; Pharmaceutical and Biomedical Analysis (continued); Analysis of Water; Flow Analysis; Biosensors; Education Discussion Session.

Wednesday:

Electroanalytical Approaches; Analysis

of Soils and Sediments; Separation Science; Validation of Analytical Measurements (VAM).

Thursday:

Validity of Forensic Analysis; New Methods and Strategies in Environmental Analysis (sponsored by *Analytica Chimica Acta*); Atomic Spectrometry; Separation Science; Bioselective Methods; COBAC.

Friday:

Industrial Analysis; Coupled Techniques; Food and Drink Analysis; Molecular Spectroscopy; Chemometrics and COBAC.

The Poster Sessions will be on Monday, Tuesday and Thursday at times when there will be breaks in the oral presentation programme.

Manuscripts of accepted contributed papers will be considered for publication in a special issue of *The Analyst*. Papers may also be offered for publication in the *Journal of Analytical Atomic Spectrometry and Analytical Proceedings*. The invited lectures will be published in a volume of the Proceedings of the Conference.

There is much on offer; to find out more about Euroanalysis VIII write to Miss P. E. Hutchinson at the address given above, or for a quick response FAX her on +44-71-734-1227. I hope to see you in Edinburgh at Euroanalysis VIII.
