Spiritual Warfare Strategy C. Peter Wagner, 2011-07-19 Discover how Jesus and the early Church overcame the enemy and you can overcome too We live in a day when the Holy Spirit is speaking strongly to the churches about aggressively retaking the dominion over creation that Adam forfeited to Satan This level of spiritual warfare is a new ministry area to many Kingdom minded believers Spiritual Warfare Strategy provides a biblical and theological rationale as well as practical tools for advancing God's Kingdom Dr C Peter Wagner examines the role spiritual warfare played in Christ's ministry and among His first followers and applies it to today's battle *Third Wave Pentecostalism in the Philippines* Lora Angeline Embudo Timenia, 2021-11-28 With this book Lora Timenia provides the Pentecostal Charismatic movement with critically needed tools and wise counsel for evaluating unusual spiritual experiences and phenomena Her sympathetic yet critical analysis of four influential proponents of the Toronto Blessing revivalism in the Philippines is marked by careful research informed analysis and a pastoral heart Timenia's detailed research and insightful evaluation is communicated in clear language and marked by an irenic spirit Her ability to instruct and her desire to edify shines through on virtually every page The result is a book that not only offers valuable counsel for the burgeoning charismatic churches of the Philippines but one that also provides much needed pastoral perspective for the global Pentecostal movement Robert P Menzies From the Foreword This book makes a valiant effort to take up the big questions of discerning signs and wonders in the Pentecostal Third Wave ferment in the Philippines that involves multiple perspectives and contextual variables while providing insight into at least one expression of a classical Pentecostal set of theological commitments that is dynamically evolving the Philippines milieu This volume signals another much needed step in the emergence of a Pentecostal theological academy in Asia At the same time it is also a bold and expansive first book by a new author that heralds significant breakthroughs on the global scholarly horizon to mature Amos Yong Dean of the School of Theology the School of Intercultural Studies Fuller Theological Seminary More Than Meets the Eye Dennis E. Hensley, 2004-05-12 Using experiences and things from ordinary life this widely published author pulls back the curtain to reveal an extraordinary God and gives practical advice on life More than just a great devotional Liz Curtis Higgs best selling author of *Bad Girls of the Bible* *The Leadership Pyramid* William David West, 2017-06-20 What does calling competence confidence character confidentiality community camaraderie compassion courage and charisma have to do with leadership Everything Every pastor must build upon these ten essential elements for effective leadership Dave West explores these ten elements through the lens of his vast military experience the Bible and leadership theories Each chapter encourages you to become the best leader God called you to become Throughout this book Dave challenges you through his personal life stories to share your stories with other pastors You will discover how charisma serves as the bonding agent of the other nine elements to strengthen and support your leadership If you desire to lead your organization more effectively then this book is a must read Boiling Point George

Barna, Mark Hatch, 2003-11-26 Two decades ago a groundbreaking book called *The Frog in the Kettle* changed what we believe about the evangelical Church and its influence in America. Subsequent books by George Barna have become must reading for church leaders and concerned Christians everywhere. Now Barna takes a fresh look at the Church where we stand and where we are headed at the dawn of the new millennium. With revealing statistics from cutting edge research that illustrate the changing beliefs and attitudes in our society today, this book clearly shows the Church is at a crucial juncture in history, a time of rapid change in which we must begin to anticipate the world's needs in order to meet them. **Messengers of Hope**

David Bryant, 1997 Through his worldwide Concerts of Prayer, David Bryant has seen seemingly impossible situations transformed by the hope of a spiritual awakening to Christ. Now Bryant equips his readers from whatever background to become messengers of hope. **A History of Protestantism in Korea**

Dae Young Ryu, 2022-03-01 This book provides a comprehensive overview of Protestant Christianity in Korea. It outlines the development of Christianity in Korea before Protestantism, considers the introduction of Protestantism in the late nineteenth century and its widening and profound impact, and goes on to discuss the situation up to the present. Throughout the book, it emphasises the importance of Protestantism for Korean national life, highlights the key role Protestantism has played in Korea's social, political, and cultural development, including in North Korea, whose first leader Kim Il Sung was the son of devout Protestant parents, and demonstrates how Protestantism continues to be a vital force for Korean society overall. **From Deprived to Revived**

Mikko Heimola, 2013-08-28 It is a truism that religion has to do with social cohesion, but the precise nature of this link has eluded scholars and scientists. Drawing on new research in religiously motivated prosociality, evolution of cooperation, and system theory, this book describes how fluctuations in individuals' strategic environment give impetus to a self-organizational process where ritual behavior works to alleviate uncertainties in social commitment. It also traces the dynamic roles played by emotions, social norms, and socioeconomic context. While exploring the social functions of ritual and revivalist behavior, the book seeks to avoid the fallacies that result from disregarding their explicit religious character. To illustrate these processes, a case study of Christian revivals in early 19th century Finland is included. The thesis of the book is relevant to theories of the evolution of religion and the role of religion in organizing human societies. **From Asbury University Revival to the Russian Revival: Read about Twenty Revivals of the Twentieth Century**

G. J. Hocking, 2019-12-24 How many countries experienced a religious revival during the 20th century? According to this new book on church revival history, there were at the very least twenty such revivals occurring in various parts of the world. Revival swept from Asbury University, Australia, through America and across the European continent, all within the space of one century. Why This Book? I wrote *The Twentieth Revivals of the Century* because there are so many stories that need to be told. Stories of sweeping revivals which happened all across the globe. Spiritual awakenings that occurred in countries making headlines today, sometimes for all the wrong reasons. Nations like North Korea's Pyongyang and Japan, which incidentally almost became a Christian nation, leading up to

the twentieth century At this time Christianity began gaining ground at a rapid pace Such was the impact of the revivals covered in this book heading into the twentieth century So can we see a repeat of such revival fervour in the twenty first Century Was the recent Asbury Revival comparable with the one seen there in the 1970s Does it measure up to the same basic criteria or pass the smell test of how recent revivals have come about These question although not directly answered will show the the so called Asbury revival was missing two basic ingredients the preaching of the gospel and conversion of the masses

Inventing the "Great Awakening" Frank Lambert, 2021-01-12 This book is a history of an astounding transatlantic phenomenon a popular evangelical revival known in America as the first Great Awakening 1735 1745 Beginning in the mid 1730s supporters and opponents of the revival commented on the extraordinary nature of what one observer called the great ado with its extemporaneous outdoor preaching newspaper publicity and rallies of up to 20 000 participants Frank Lambert biographer of Great Awakening leader George Whitefield offers an overview of this important episode and proposes a new explanation of its origins The Great Awakening however dramatic was nevertheless unnamed until after its occurrence and its leaders created no doctrine nor organizational structure that would result in a historical record That lack of documentation has allowed recent scholars to suggest that the movement was invented by nineteenth century historians Some specialists even think that it was wholly constructed by succeeding generations who retroactively linked sporadic happenings to fabricate an alleged historic development Challenging these interpretations Lambert nevertheless demonstrates that the Great Awakening was invented not by historians but by eighteenth century evangelicals who were skillful and enthusiastic religious promoters Reporting a dramatic meeting in one location in order to encourage gatherings in other places these men used commercial strategies and newly popular print media to build a revival one that they also believed to be an extraordinary work of God They saw a special meaning in contemporary events looking for a transatlantic pattern of revival and finding a motive for spiritual rebirth in what they viewed as a moral decline in colonial America and abroad By examining the texts that these preachers skillfully put together Lambert shows how they told and retold their revival account to themselves their followers and their opponents His inquiries depict revivals as cultural productions and yield fresh understandings of how believers spread the word with whatever technical and social methods seem the most effective
