Revolution In Zion Reshaping African American Ministry 1960 1974:

Religious Education in the African American Tradition Kenneth H. Hill, 2012-11 Schweitzer's goal in this book is to explore what postmodernity actually means for theology and how theology and the church may respond to its challenges. He focuses on the life cycle as it is changing with the advent of postmodernity, looking sequentially at segments of the life cycle using different lenses: modernity, postmodernity, and responses from church and theology. Schweitzer concludes with a theology of the life cycle. *The Oxford Handbook of African American Theology* Katie G. Cannon, Anthony B.

Pinn, 2014-07-01 Named an Honor Book for Nonfiction by the Black Caucus of the American Library Association. African American theology has a long and important history. With modern roots in the civil rights movements of the 1960s, African American theology has gone beyond issues of justice and social transformation to participate in broader dialogues of theological inquiry. *The Oxford Handbook of African American Theology* brings together leading scholars in the field to offer a critical and comprehensive analysis of this theological tradition in its many forms and contexts. Using an interdisciplinary approach, this Oxford Handbook examines the nature, structures, and functions of African American Theology. The volume surveys the field by highlighting its sources, doctrines, internal debates, current challenges, and future prospects in order to present key topics related to the wider palette of Black Religion in a sustained scholarly format. This formative collection presents current scholarship on African American Theology and scripture, eschatology, Christology, womanist theology, sexuality, ontology, the global economy, and much more. The contributors represent a diverse set of faith perspectives, adding to the layered discourses within the volume. These essays further important discussions on the pressing debates and challenges that shape black and womanist theologies. *Reviving the Black Church* Thabiti Anyabwile, 2015-10-01 Is the Black Church dying? The picture is mixed, and there are many challenges. The church needs spiritual revival. But reviving and strengthening the Black Church will require great wisdom and courage. *Reviving the Black Church* calls us back to another time, borrowing the wisdom of earlier faithful Christians. But more importantly, it calls us back to the Bible itself. For there we find the divine wisdom needed to see all quarters of the Black Church live again, thriving in the Spirit of God. It's pastor and church planter Thabiti Anyabwile's humble prayer that this book might be useful to pastors and faithful lay members in reviving at least some quarters of the Black Church and churches of every ethnicity and context, all for the glory of God.

Revolution in Zion Charles Shelby Rooks, 1990 *Encyclopedia of African American Religions* Larry G. Murphy, J. Gordon Melton, Gary L. Introducing Black Theology of Liberation Hopkins, Dwight N., 2014-04-10 A book that reviews the principles of modern Black Theology its roots and contributions to the Christian world It also discusses what challenges Black theologians face in their minister and their religious communities The African American Experience Arvarh E. Strickland, Robert E. Weems Jr., 2000-11-30 Compared to the early decades of the 20th century when scholarly writing on African Americans was limited to a few titles on slavery Reconstruction and African American migration the last thirty years have witnessed an explosion of works on the African American experience With the Civil Rights and Black Power movements of the 1960s came an increasing demand for the study and teaching of African American history followed by the publication of increasing numbers of titles on African American life and history This volume provides a comprehensive bibliographical and analytical guide to this growing body of literature as well as an analysis of how the study of African Americans has changed
