Revolution That Wasnt:

The Revolution That Wasn't Jen Schradie, 2019-05-01 In this counterintuitive study of digital democracy Jen Schradie shows how the web has become another weapon in the arsenal of the powerful and a potent weapon for conservative activists Rather than leveling the playing field the internet has tilted it in favor of the Right where only the most sophisticated and well funded players can compete

The Revolution That Wasn't Spencer Jakab, 2022-02-01 The saga of GameStop and other meme stocks is revealed with the skill of a thrilling whodunit Jakab writes with an anti Midas touch If he touched gold he would bring it to life Burton G Malkiel author of *A Random Walk Down Wall Street* From Wall Street Journal columnist Spencer Jakab the real story of the GameStop squeeze and the surprising winners of a rigged game During one crazy week in January 2021 a motley crew of retail traders on Reddit's r/wallstreetbets forum had seemingly done the impossible they had brought some of the biggest richest players on Wall Street to their knees Their weapon was GameStop a failing retailer whose shares briefly became the most traded security on the planet and the subject of intense media coverage The Revolution That Wasn't is the riveting story of how the meme stock squeeze unfolded and of the real architects and winners of the GameStop rally Drawing on his years as a stock analyst at a major bank Jakab exposes technological and financial innovations such as Robinhood's habit forming smartphone app as ploys to get our dollars within the larger story of evolving social and economic pressures The surprising truth What appeared to be a watershed moment a revolution that stripped the ultra powerful hedge funds of their market influence placing power back in the hands of everyday investors only tilted the odds further in the house's favor Online brokerages love to talk about empowerment and democratizing finance while profiting from the mistakes and volatility created by novice investors In this nuanced analysis Jakab shines a light on the often misunderstood profit motives and financial mechanisms to show how this so called revolution is on balance a bonanza for Wall Street But Jakab argues there really is a way for ordinary investors to beat the pros by refusing to play their game

The Revolution that Wasn't Richard M. Fulton, 1981 **The Revolution Wasn't Televised** Lynn Spigel, Michael Curtin, 2013-08-21 Caricatures of sixties television called a vast wasteland by the FCC president in the early sixties continue to dominate our perceptions of the era and cloud popular understanding of the relationship between pop culture and larger social forces Opposed to these conceptions *The Revolution Wasn't Televised* explores the ways in which prime time television was centrally involved in the social conflicts of the 1960s It was then that television became a ubiquitous element in American homes The contributors in this volume argue that due to TV's constant presence in everyday life it became the object of intense debates over childraising education racism gender technology politics violence and Vietnam These essays explore the minutia of TV in relation to the macro structure of sixties politics and society attempting to understand the struggles that took place over representation the nation's most popular communications media during the 1960s

Revolution That Wasn't Laurence M. Vance, 2009 *The Revolution That Wasn't* Jen Schradie, 2019-05-13 This surprising

study of online political mobilization shows that money and organizational sophistication influence politics online as much as off and casts doubt on the democratizing power of digital activism The internet has been hailed as a leveling force that is reshaping activism From the Arab Spring and Occupy Wall Street to Black Lives Matter and MeToo digital activism seemed cheap fast and open to all Now this celebratory narrative finds itself competing with an increasingly sinister story as platforms like Facebook and Twitter once the darlings of digital democracy are on the defensive for their role in promoting fake news While hashtag activism captures headlines conservative digital activism is proving more effective on the ground In this sharp eyed and counterintuitive study Jen Schradie shows how the web has become another weapon in the arsenal of the powerful She zeroes in on workers rights advocacy in North Carolina and finds a case study with broad implications North Carolina s hard right turn in the early 2010s should have alerted political analysts to the web s antidemocratic potential amid booming online organizing one of the country s most closely contested states elected the most conservative government in North Carolina s history *The Revolution That Wasn t* identifies the reasons behind this previously undiagnosed digital activism gap Large hierarchical political organizations with professional staff can amplify their digital impact while horizontally organized volunteer groups tend to be less effective at translating online goodwill into meaningful action Not only does technology fail to level the playing field it tilts it further so that only the most sophisticated and well funded players can compete ***The City Club Bulletin*** City Club of Chicago,1916 ***Imago Mater*** Conrad Riker,101-01-01 Unlock the Timeless Power of Motherhood From Biology to Spirituality Have you ever wondered why the image of motherhood feels so universal yet deeply personal Do you struggle to reconcile the biological instincts of motherhood with its spiritual significance Are you seeking a deeper understanding of how the archetype of the mother shapes cultures species and even your own life Inside this book Discover the primal biological roots of motherhood across mammals including humans Explore the sacred symbolism of motherhood in Christianity Buddhism and beyond Understand how the Imago Mater archetype influences art culture and spirituality Learn why the mother child bond is one of the most powerful forces in nature Uncover the role of sacrifice protection and unconditional love in the maternal archetype See how the Imago Mater bridges the gap between the divine and the earthly Gain insights into how motherhood shapes identity society and even survival Reflect on the universal call to nurture life with love and purpose If you want to understand the profound timeless essence of motherhood and its impact on life culture and spirituality then buy *Imago Mater The Eternal Image of Motherhood in Nature and Faith* today ***Plutocrats*** Chrystia Freeland,2012-10-11 A Financial Times Best Book of the Year Shortlisted for the Lionel Gelber Prize There has always been some gap between rich and poor in this country but recently what it means to be rich has changed dramatically Forget the 1 percent *Plutocrats* proves that it is the wealthiest 0 1 percent who are outpacing the rest of us at breakneck speed Most of these new fortunes are not inherited amassed instead by perceptive businesspeople who see themselves as deserving victors in a cutthroat international competition With empathy and intelligence *Plutocrats*

reveals the consequences of concentrating the world's wealth into fewer and fewer hands. Propelled by fascinating original interviews with the plutocrats themselves, *Plutocrats* is a tour de force of social and economic history, the definitive examination of inequality in our time.

Palestine +100 Basma Ghalayini, 2022-03-29 *Palestine 100* poses a question to twelve Palestinian writers: what might your country look like in the year 2048, a century after the tragedies and trauma of what has come to be called the Nakba? How might this event, which in 1948 saw the expulsion of over 700,000 Palestinian Arabs from their homes, reach across a century of occupation, oppression, and political isolation to shape the country and its people? Will a lasting peace finally have been reached, or will future technology only amplify the suffering and mistreatment of Palestinians? Covering a range of approaches from SF noir to nightmarish dystopia to high-tech farce, these stories use the blank canvas of the future to reimagine the Palestinian experience today. Along the way, we encounter drone swarms, digital uprisings, time-bending VR, and peace treaties that span parallel universes. Published originally in the United Kingdom by Comma Press in 2019, *Palestine 100* reframes science fiction as a place for political justice and the safekeeping of identity.
