Sarah Royce And The American West

Jada Ach, Gary Reger

Sarah Royce And The American West:

Sarah Royce and the American West Sarah Royce, 1996 A journal account of a wealthy educated pioneer woman who with her husband joined the goldrush to California and raised a family in the American West Religion and the American West Jessica Lauren Nelson, 2023-09-01 Religion and the American West offers a lavishly illustrated and comprehensive overview of the ways religion has shaped the idea of the American West and how the region has influenced broader religious and racial categories Starting when the concept of the American West emerged in the early 1800s and continuing the analysis through modern times Religion and the American West explores the interplay between a wide range of American belief systems from established world religions to new spiritual innovations A stunning selection of material and print culture illustrates the varied range of religious expressions across the history of the American West Taken as a whole the contributors challenge longstanding definitions of the American West and provide a new narrative that recenters our attention on the lived experiences of diverse peoples and communities It also serves as the companion publication for the exhibition Acts of Faith opening fall 2023 at the New York Historical Society Religion and the American West is a story of vibrant innovation and tragic conflict showcasing how historical actors and modern day readers wrestle with the meaning of religious belief in the American West Dark Tourism in the American West Jennifer Dawes, 2019-08-12 This edited collection expands scholarly and popular conversations about dark tourism in the American West The phenomenon of dark tourism traveling to sites of death suffering and disaster for entertainment or educational purposes has been described and on occasion criticized for transforming misfortune and catastrophe into commodity The impulse however continues particularly in the American West a liminal and contested space that resonates with stories of tragedy violent conflict and disaster Contributions here specifically examine the mediation and shaping of these spaces into touristic destinations The essays examine Western sites of massacre and battle such as Sand Creek Massacre National Historic Site and the Waco Siege sites of imprisonment such as Japanese American internment camps and Alcatraz Island areas devastated by ecological disaster such as Martin s Cove and the Salton Sea and unmediated sites those sites left to the touristic imagination with no interpretation of what occurred there such as the Bennet Arcane camp **Across the Plains** Sarah Royce, 2009-06-07 On April 30 1849 Sarah Bayliss Royce along with her husband Josiah and their daughter Mary left her home in Tipton Iowa and headed for California in a covered wagon Along the way she kept a diary which nearly thirty years later served as the basis for a memoir she titled Across the Plains That book has been freshly transcribed by Jennifer Dawes Adkison from Royce s original handwritten document and this new edition is faithful to the original restoring several passages that were omitted from the previous edition In a new introduction Adkison reveals Across the Plains to be far more than a simple narrative of one pioneer woman s journey west She explains that Royce wrote the book at the request of her son Josiah Royce a well known professor of philosophy at Harvard University with motives of his own She crafted the narrative that her son wanted an argument for spiritual faith and fortitude as

foundational to California's history. Yet the narrative itself, in addition to offering a window into a world that has long lacked close documentation, gives us the opportunity to study the ways in which nineteenth-century western women asserted this primacy of faith and crafted their experience into stories with larger cultural and social resonance. Scholars have long used *Across the Plains* to mold and support an iconic image of the resolute pioneer woman. However, until now, no one has considered Royce's own self-conscious creation of this persona. Readers will discover that in many ways Sarah Royce's careful construction of this cultural portrait deepens our respect for her and our delight in her travels, travails, and triumphs.

A History of Western American Literature Susan Kollin, 2015-12-11 The American West is a complex region that has inspired generations of writers and artists. Often portrayed as a quintessential landscape that symbolizes promise and progress for a developing nation, the American West is also a diverse space that has experienced conflicting and competing hopes and expectations. While it is frequently imagined as a place enabling dreams of new beginnings for settler communities, it is likewise home to long-standing indigenous populations as well as many other ethnic and racial groups who have often produced different visions of the land. This History encompasses the intricacy of Western American literature by exploring myriad genres and cultural movements from ecocriticism, settler colonial studies, and transnational theory to race, ethnic, gender, and sexuality studies. Written by a host of leading historians and literary critics, this book offers readers insight into the West as a site that sustains canonical and emerging authors alike and as a region that exceeds national boundaries in addressing long-standing global concerns and developments.

A Companion to the Literature and Culture of the American West Nicolas S. Witschi, 2014-02-03 *A Companion to the Literature and Culture of the American West* presents a series of essays that explore the historic and contemporary cultural expressions rooted in America's western states. Offers a comprehensive approach to the wide range of cultural expressions originating in the west. Focuses on the intersections, complexities, and challenges found within and between the different historical and cultural groups that define the west's various distinctive regions. Addresses traditionally familiar icons and ideas about the west, such as cowboys, wide open spaces, and violence, and their intersections with urbanization and other regional complexities. Features essays written by many of the leading scholars in western American cultural studies.

Reading Aridity in Western American Literature Jada Ach, Gary Reger, 2020-12-14 In literary and cinematic representations, deserts often betoken collapse and dystopia. *Reading Aridity in Western American Literature* offers readings of literature set in the American Southwest from ecocritical and new materialist perspectives. This book explores the diverse epistemologies, histories, relationships, futures, and possibilities that emerge from the representation of American deserts in fiction, film, and literary art and traces the social, cultural, economic, and biotic narratives that foreground deserts, prompting us to reconsider new, provocative modes of human/nonhuman engagement in arid ecogeographies.

Literature Connections to American History K6 Lynda G. Adamson, 1997-09-15 Identifying thousands of historical fiction, novels, biographies, history trade books, CD-ROMs, and videotapes, this book helps you locate resources on

American history for students Each book presents information in two sections In the first part titles are listed according to grade levels within eras and further organized according to product type The books cover American history from North America Before 1600 and The American Colonies 1600 1774 to The Mid Twentieth Century 1946 1975 and Since 1975 The second section has annotated bibliographies that describe each title and includes publication information and awards won The focus is on books published since 1990 and all have received at least one favorable review Some books with more illustration than text will be valuable for enticing slow or reticent readers An index helps users find resources by author title or biographical subject *Literature of Travel and Exploration* Jennifer Speake,2014-05-12 Containing more than 600 entries this valuable resource presents all aspects of travel writing There are entries on places and routes Afghanistan Black Sea Egypt Gobi Desert Hawaii Himalayas Italy Northwest Passage Samarkand Silk Route Timbuktu writers Isabella Bird Ibn Battuta Bruce Chatwin Gustave Flaubert Mary Kingsley Walter Raleigh Wilfrid Thesiger methods of transport and types of journey balloon camel grand tour hunting and big game expeditions pilgrimage space travel and exploration genres buccaneer narratives guidebooks New World chronicles postcards companies and societies East India Company Royal Geographical Society Society of Dilettanti and issues and themes censorship exile orientalism and tourism For a full list of entries and contributors a generous selection of sample entries and more visit the Literature of Travel and Exploration An Encyclopedia website **A History of California Literature** Blake Allmendinger,2015-05-19 This History explores the historical periods literary genres and cultural movements of California

Enjoying the Song of Phrase: An Mental Symphony within **Sarah Royce And The American West**

In a world eaten by screens and the ceaseless chatter of immediate connection, the melodic beauty and psychological symphony developed by the published word frequently fade in to the back ground, eclipsed by the relentless noise and disturbances that permeate our lives. But, located within the pages of **Sarah Royce And The American West** an enchanting fictional value full of natural emotions, lies an immersive symphony waiting to be embraced. Crafted by a masterful musician of language, that fascinating masterpiece conducts readers on a mental trip, well unraveling the hidden songs and profound impact resonating within each cautiously constructed phrase. Within the depths with this poignant assessment, we will explore the book is key harmonies, analyze its enthralling writing type, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
