beauty and fulfillment that evaded them at home Referred to as Magick Land by one traveler dreams about the Mediterranean and responses to it went on to shape the culture of a nation Written by one of the world's leading historians of the Mediterranean this book charts how a new sensibility arose from British engagement with the Mediterranean ancient and modern Ranging from Byron's poetry to Damien Hirst's installations Robert Holland shows that while idealized visions and aspirations often met with disillusionment and frustration the Mediterranean also offered a notably insular society the chance to enrich itself through an imagined world of color carnival and sensual self discovery American Drawings and Watercolors in the Metropolitan Museum of Art Stephanie L. Herdrich, John Singer Sargent, Helene Barbara Weinberg, Marjorie Shelley, Metropolitan Museum of Art (New York, N.Y.), 2000 The Museum's collection illuminates all aspects of Sargent's career The drawings and watercolors in particular reflect his activity outside the portrait studio his sojourns in Spain Morocco and elsewhere in North Africa and in the Middle East his enduring fascination with Venice his holidays in the Italian lake district and the Alps his tours of North America including Florida and the Rocky Mountains his visit as an official war artist to the western front in 1918 and his work as a muralist at the Boston Public Library the Museum of Fine Arts Boston and Harvard University's Widener Library BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Vistas de España* Mary Elizabeth Boone, 2007-01-01 In the decades following the American Civil War and leading up to the First World War a definitive shift in power took place between Spain and the United States This original book explores American artists' perceptions of Spain during this period of turmoil and demonstrates how their responses to Spanish art helped to answer emerging complex questions about American national identity M Elizabeth Boone focuses on works by Thomas Eakins Mary Cassatt William Merritt Chase John Singer Sargent Robert Henri and other American artists who traveled to Spain to study the achievements of such great masters as Murillo Velázquez and Goya The resulting American paintings some well known and others now largely forgotten provide intriguing insights not only into the 19th century American struggle to define itself as an imperial power but also into the relations between the United States and the Spanish speaking world today
