Autonomy and Ethnicity Yash P. Ghai, 2000-10-12 This book first published in 2000 deals with one of the most urgent problems of contemporary times: the political organisation of multi-ethnic states. Most major conflicts of our time are internal to the state and revolve around the claims of access to or the redesign of the state. Responses to ethnic conflicts have ranged from oppression and ethnic cleansing to accommodations of ethnic claims through affirmative policies, special forms of representation, power sharing and the integration of minorities. One of the most sought-after and resisted devices for conflict management is autonomy. Within an overarching framework that examines different understandings of ethnic consciousness and the variety of territorial autonomies, the authors examine the experiences of spatial distribution of power in Canada, India, China, South Africa, Ethiopia, PNG, Spain, the former Yugoslavia, Cyprus, Sri Lanka and Australia.

Its birth over six decades ago signalled the arrival of the first major post-colonial constitution and the world's largest and arguably most daring democratic experiment. Apart from greater domestic focus on the Constitution and the institutional role of the Supreme Court within India's democratic framework, recent years have also witnessed enormous comparative interest in India's constitutional experiment. The Oxford Handbook of the Indian Constitution is a wide-ranging analytical reflection on the major themes and debates that surround India's Constitution. The Handbook provides a comprehensive account of the developments and doctrinal features of India's Constitution as well as articulating frameworks and methodological approaches through which studies of Indian constitutionalism and constitutionalism more generally might proceed. Its contributions range from rigorous legal studies of provisions within the text to reflections upon historical trends and social practices. As such, the Handbook is an essential reference point not merely for Indian and comparative constitutional scholars but for students of Indian democracy more generally.
