Sarrasine Lhermaphrodite

Jean-Jacques Nattiez

Sarrasine Lhermaphrodite:

Sexual Personae Camille Paglia, 1991-08-20 The fiery provocative and unparalleled work of feminist art criticism that launched the exceptional career of one of our most important public intellectuals a remarkable book at once outrageous and compelling fanatical and brilliant One must be awed by Paglia's vast energy erudition and wit The Washington Post Is Emily Dickinson the female Sade Is Donatello's David a bit of pedophile pornography What is the secret kinship between Byron and Elvis Presley between Medusa and Madonna How do liberals and feminists as well as conservatives fatally misread human nature This audacious and omnivorously learned work of guerrilla scholarship offers nothing less than a unified field theory of Western culture high and low since Egyptians invented beauty making a persuasive case for all art as a pagan battleground between male and female form and chaos civilization and daemonic nature With 47 photographs *Wagner Androgyne* Jean-Jacques Nattiez, 2014-07-14 That Wagner conceived of himself creatively as both man and woman is central to an understanding of his life and art So argues Jean Jacques Nattiez in this richly insightful work where he draws from semiology music criticism and psychoanalysis to explore such topics as Wagner's theories of music drama his anti-Semitism and his psyche Wagner who wrote the libretti for the operas he composed maintained that art is the union of the feminine principle music and the masculine principle poetry In light of this androgynous model Nattiez reinterprets the Wagnerian canon especially the Ring of the Nibelung which is shown to contain a metaphorical transposition of Wagner's conception of the history of music Siegfried appears as the poet Brunnhilde as music and their union is an androgynous one in which individual identity fades and the lovers revert to a preconflictual presexual state Nattiez traces the androgynous symbol in Wagner's theoretical writings throughout his career Looking to explain how this idea so closely bound up with sexuality took root in Wagner's mind the author considers the possibility of Freudian and Jungian interpretations In particular he explores the composer's relationship with his mother a distant woman who discouraged his interest in the theater and his stepfather a loving man whom Wagner suspected was not only his real father but also a Jew Along with psychoanalysis Nattiez critically applies various structuralist and feminist theories to Wagner's creative enterprise to demonstrate how the nature of twentieth century hermeneutics is itself androgynous Originally published in 1993 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Columbia History of Twentieth-century French Thought Lawrence D. Kritzman, Brian J. Reilly, M. B. economics Mapping Michel Serres Niran Abbas,2009-12-14 Provides an extremely valuable introduction to the work of Michel Serres for an English speaking audience as well as offering useful critical approaches for those already familiar with its outlines Robert Harrison Stanford University blurb from review pending permission The work of Michel Serres including the books *Hermes* *The Parasite* *The Natural Contract* *Genesis* *The Troubadour of Knowledge* and *Conversations on Science Culture and Time* has stimulated readers for years as it challenges the boundaries of science literature culture language and epistemology The essays in *Mapping Michel Serres* written by the leading interpreters of his work offer perspectives from a range of disciplinary positions including literature language studies and cultural theory Contributors include Maria Assad Hanjo Berressem Stephen Clucas Steven Connor Andrew Gibson Ren Girard Paul Harris Marcel H naff William Johnsen William Paulson Marjorie Perloff Philipp Schweighauser Isabella Winkler and Julian Yates Balzac's Shorter Fictions Tim Farrant,2002-02-14 Balzac s reputation is as a novelist But short stories make up over half *La Com die humaine* besides scores of other tales and articles Short forms appear early in Balzac s output and shape his work throughout his career *Balzac s Shorter Fictions* looks at the whole of this corpus at the nature of short fiction and at how Balzac s novels developed from his stories at the links between literary genesis and genre It explores the roles of short fiction in Balzac s creation its part in producing effects of virtuality and perspective and reflects ultimately on the relationship between brevity and length in *La Com die humaine* This the first complete English language study of Balzac s work for over forty years synthesizes recent research on Balzac s practice within the context of modern thought on the author It is an indispensable book for students and scholars of Balzac and for all those interested in prose fiction *Surfacing the Politics of Desire* Rajeshwari S. Vallury,2008-08-09 A particular model of masculine desire has traditionally been evoked in an effort to understand the subordinate role of women in male authored fiction Because of this the belief that male authored texts are unfailingly built upon the denial of feminine difference has come to dominate many aspects of literary studies *Surfacing the Politics of Desire* re examines the myths of masculine desire in order to challenge this premise placing literature at the centre of recent feminist debates over the ontology and politics of sexual difference Citing examples of textual resistance to analytical feminist thought Rajeshwari S Vallury argues that literature is expressive of desires that are not always configured in terms of oppression or the denial of difference In other words a particular politics of reading obscures the multiplicity of desire that literature is capable of affirming and risks sacrificing the possibilities of both literature and desire Through a re evaluation of the sexual politics practiced by nineteenth century male writers such as Balzac Gautier and Maupassant Vallury moves towards a reconfiguration of the relationship between aesthetics and politics *Surfacing the Politics of Desire* calls into question dominant feminist approaches to the literary representation of gender Enlisting the philosophy of Deleuze and Guattari Vallury calls for a different method of reading one based on a deeper understanding of the politics of literature

Reading with Michel Serres Maria L. Assad,1999-06-17

This book identifies a new perspective on time and temporality in the work of the French writer Michel Serres Time is the veiled notion that underlies Serres s many epistemological parables and fables and is a consistent metaphor throughout his work Assad uncovers this common thread through a sustained discussion of certain key concepts in chaos theory and nonlinear dynamics and these concepts come into focus as she continues her detailed readings of Serres s texts

demonstrating close analogies in his work to the discourses of science literature and philosophy **Transgender and**

Intersex: Theoretical, Practical, and Artistic Perspectives Stefan Horlacher,2016-11-09 This book takes both transgender and intersex positions into account and asks about commonalities and strategic alliances in terms of knowledge theory philosophy art and life experience It strikes a balance between works on literature film photography sports law and general theory bringing together humanistic and social science approaches Horlacher adopts a non hierarchical perspective and asks how transgender and intersex issues are conceptualized from a variety of different viewpoints and to what extent artistic and creative discourses offer their own uniquely relevant forms of knowledge and expression [Animal Poetics and](#)

[Literary Thinking](#) Ratul Nandi,2024-11-25 Animal Poetics and Literary Thinking explores and reorients our approach to animal thinking through the intersection between literary fiction continental philosophy and theory This book situates animals and animality as neither a corporeal entity nor a conceptual essence but as a scintillating impossibility that concurrently encourages and overturns our grasping impulse to know animals from their perspectives This framework corresponds with the milieu of literature as poesis which is uniquely connected to a refusal to know By exploring the writings of J M Coetzee Franz Kafka Mary Shelly and Kazuo Ishiguro this volume encounters a template of animal thinking that seeks to uncover the singularity of animals through a sustained exploration of what remains radically unknowable about animality the vestiges of which have their presence in the world of literary fiction
