Sartre's Philosophy Of Social Existence:

Sartre's Philosophy of Social Existence George J. Stack, 1977 Becoming a Cosmopolitan Jason D Hill, 2023-06-14
The philosopher and author of *Beyond Blood Identities* offers a new paradigm of persona freedom and moral self possession. As a Jamaican immigrant arriving in the United States at the age of twenty, Jason Hill noticed how often Americans identified themselves in terms of race and ethnicity. He observed, for example, the reluctance of West Indians to join black causes for fear of losing their identity. He began to ask himself what sort of world he wanted to live in, a quest that in time led him to the idea of the cosmopolitan. In *Becoming a Cosmopolitan*, Jason D Hill argues that we need a new understanding of the self. He revives the idea of the cosmopolitan, the person who identifies the world as home. Arguing for the right to forget where we came from, Hill proposes a new moral cosmopolitanism for the new millennium.

Beauvoir and Sartre Christine Daigle, Jacob Golomb, 2009-01-19
Christine Daigle, Jacob Golomb, and an international group of scholars explore the philosophical and literary relationship between Beauvoir and Sartre in this penetrating volume.

Sartre and Marxist Existentialism Thomas R. Flynn, 1986-10-15
In this important book, Thomas R. Flynn reinterprets and evaluates Sartre's social and political philosophy, arguing that the existential ethics of Sartre's early phase is consistent with the Marxist-inspired views of his later writings. Displaying his mastery of Sartre's entire corpus, Flynn reconstructs Sartre's social ontology with its sensitive balance of the existentialist's respect for moral responsibility and the Marxist's sense of social causation. Flynn focuses on the issue of collective responsibility as a particularly apt test case for assessing any proposed union of existentialist and Marxist perspectives. The study begins with an examination of the uses of responsibility in *Being and Nothingness* and in several postwar essays. Flynn then concentrates on the *Critique of Dialectical Reason*, offering a thorough analysis of the remarkable social theory Sartre constructs there. A masterful contribution to Sartre scholarship, *Sartre and Marxist Existentialism* will be of great interest to social and political philosophers involved in the debate over collective responsibility.

Sartre's Anthropology as a Hermeneutics of Praxis Kristian Klockars, 2019-01-04
First published in 1998, this volume deals with the legacy of Sartre and functions as a way of going beyond Sartre by means of Sartre, aiming to understand how we are to understand what we ourselves do and how we are to understand human being and human reality. Kristian Klockars' main aim is intended to communicate three questions: how close Sartre's later anthropology comes to hermeneutics; whether the idea of a hermeneutics of praxis could be seen as a possible solution to the internal tensions of Sartre's conception of thinking; and whether a hermeneutics of praxis can constitute a living challenge to contemporary thought.

Sartre and the Moral Limits of War and Terrorism Jennifer Ang Mei Sze, 2010-01-31
Based on the latest debate on Jean Paul Sartre's works on ethics and politics, this book examines the relevancy and importance Sartre holds for contemporary concerns: the reactionary nature of terrorism, the extremity of counter-violence, and limitations of democratization efforts in our post-9/11 era, all claiming the name of freedom and liberation. It presents a

different version of the violent Sartre which was presented recently as militant and supportive of terrorism by critics who were concerned with the terrorist nature of his writings Sartre in this project is reconstructed as a philosopher who although gave importance to the notion of violence in his politics was actually more concerned with containing violent means within morally excusable limits He is presented as both a realist who understood the inevitability of dirty hands in political struggles and also an absolutist against terrorism he considered wars that derailed from their purported ends of freedom as morally condemnable Arguing for the need for moral limitations to all violent struggles and the need for seeing others as ends for themselves this project outlines an existential response needed to help us reaffirm our moral compass through the invention of existential humanist ethics **Phenomenology of Sociality** Thomas Szanto, Dermot Moran, 2015-11-19

Phenomenological accounts of sociality in Husserl Heidegger Merleau Ponty Sartre Scheler Sch tz Stein and many others offer powerful lines of arguments to recast current predominantly analytic discussions on collective intentionality and social cognition Against this background the aim of this volume is to reevaluate critically and in contemporary terms the rich phenomenological resources regarding social reality the interpersonal collective and communal aspects of the life world Lebenswelt Specifically the book pursues three interrelated objectives it aims 1 to systematically explore the key phenomenological aspects of social reality 2 to offer novel state of the art assessments of both central and lesser known proponents of the phenomenology of sociality Gurwitsch L with von Hildebrand or Walther and 3 to contextualize this elaborate body of work in light of contemporary social cognition research the growing literature in analytic social ontology and current trends in moral psychology moral phenomenology and social and political philosophy The collection brings together original articles by a host of prominent scholars and upcoming young talents to provide a comprehensive and up to date treatment of the topic It will be essential reading for those studying phenomenological accounts of intersubjectivity empathy and community including analytic social moral and political philosophers and will also be of interest for social scientists and social psychologists **Communities of Individuals** Michael J. R. Cross, 2017-10-05 This title was first

published in 2001 This book examines the liberal communitarian debate from a new perspective Communitarians argue that liberal theory neglects the significance of communities for the lives of their members An examination of that argument reveals that there are deficiencies in the communitarian account of community Identifying and remedying those deficiencies is the key concern of this book Uniquely this book addresses the deficiencies using Sartre s anarchist theory derived largely but not exclusively from an interpretation of the Critique of Dialectical Reason Sartre champions the individual yet criticises liberalism The tension arising from these two apparently disparate positions makes for a fruitful argument enhanced by the connections made with Aristotelian and feminist theory Hobbes and Rousseau Finally a method is developed for inquiring into the nature of associations which it is argued should interest communitarians concerned to avoid deficiencies in their account of community The Power of Consciousness and the Force of Circumstances in Sartre's Philosophy Thomas W.

Busch,1989-11-22 Displaying a masterful grasp of the texts the author shows how otherness forces itself upon the existentialist Sartre gradually constraining him to modify his understanding of consciousness as omnipotent The issue is Sartre s discovery of the social and its conceptual assimilation into his individualistic consciousness oriented philosophy Thomas R Flynn This very successful and accessible scholarly book is simultaneously a succinct and clear overview of Sartre s philosophical works and a fresh consideration of Sartre s body of work Choice Busch s admirably clear and compact discussion is essential reading for Sartre scholars since it powerfully addresses many issues dividing them Ethics a useful overview of the evolution of Sartre s thought Review of Politics a thought provoking reassessment of Sartre s philosophical career Man and World succinct richly documented survey International Studies in Philosophy Introduction to Critical Sociology George N. Katsiaficas,Robert George Kirkpatrick,Mary Lou Emery,1987
