fight their way to the Syrian border seventy five miles to the northwest and swim the Euphrates river to freedom Eight set out Five came back I ll tell you who destroyed the scuds it was the British SAS They were fabulous John Major British Prime Minister This is their story Filled with no holds barred detail about McNab s capture and excruciating torture it tells of men tested beyond the limits of human endurance and of the war you didn t see on CNN Dirty deadly and fought outside the rules

Immediate Action Andy McNab,2012-12-19 He is one of the most highly decorated soldiers alive He is also the first to break the code of silence about the most elite fighting force in the world What Andy McNab has to say is so explosive that the British government tried to stop him A street fighter a hard case and a flawless soldier Andy McNab became one of the elite fighting men in the Regiment Britain s covert SAS His actions behind the lines in the Gulf War made him a hero But the full story of his life and his amazing career in Special Forces has remained a secret until now In harrowing detail McNab takes us inside the Regiment chronicling nine years of covert operations on five continents Plunging us into a world of surveillance counterintelligence and hostage rescue he takes us behind the scenes on some of their top secret missions For the first time he reveals the shocking details of their training physically severe mentally grueling and sometimes deadly And he dares to expose some of their highly confidential codes and rules including the one that sanctions murder This is the story of the fighting men of the SAS Here is how they live And here is how they die The Complete History of the SAS Nigel McCrery,2021-06-18 Specializing in covert reconnaissance counter terrorism and hostage rescue the SAS is one of the world s most famous feared and respected elite fighting forces This book tells the full fascinating story of the regiment from formation in the sand dunes of Africa during World War II to present action in the Middle East and incorporates jungle desert and urban warfare counter terrorism and an insider s view at the selection and training methods employed by this usually secretive unit As well as an insightful foreword by Andy McNab one of the most famous members of the SAS this revised updated edition includes completely new chapters features and information including Key Missions in WWII The Battle of Mirbat Iranian Embassy Siege Kenyan Hotel Rescue and Victoria Cross Awards *SAS and Other Special Forces (Collins Gem)* Collins,2014-04-10 Who are the world s best soldiers Since the Iranian Embassy siege in 1980 the Falklands and the 1991 Gulf War the British SAS have often been described as the greatest experts in Special Operations *Special Force* Alastair MacKenzie,2011-10-30 The exploits of the British Army s elite 22nd Special Air Service Regiment the regiment of the SAS that forms part of the Regular army are shrouded in mystery and myths abound about its members But what is the truth behind the public facade of clinical professionalism How has such a small regiment attracted so many weighty legends And what is the purpose of the SAS in the 21st century *Special Force* provides an original and unusually critical overview of the activities of the SAS from the Malayan Emergency of 1950 to the present day In the context of a detailed and often controversial analysis of the post war activities of the Regiment MacKenzie establishes that the Regiment s almost legendary professional competence is often not backed up by reality Far from being part of a structured deployment of strategic

military assets MacKenzie argues that the use of the SAS in recent years has been primarily driven by the entrepreneurial actions of a few SAS commanding officers Special Force not only offers a revelatory history of the SAS in the modern period it is also a disturbing expose of the truth behind the myth It will be essential reading for anyone with an interest in the British military past present and future
