Satire That Blasted Art:

Satire--that Blasted Art John R. Clark, Anna Lydia Motto, 1973 The Modern Satiric Grotesque and Its Traditions

John R. Clark, 2021-05-11 Thomas Mann predicted that no manner or mode in literature would be so typical or so pervasive in the twentieth century as the grotesque. Assuredly he was correct. The subjects and methods of our comic literature and much of our other literature are regularly disturbing and often repulsive no laughing matter. In this ambitious study John R. Clark seeks to elucidate the major tactics and topics deployed in modern literary dark humor. In Part I he explores the satiric strategies of authors of the grotesque strategies that undercut conventional usage and form the de basement of heroes the denigration of language and style the disruption of normative narrative technique and even the debunking of authors themselves. Part II surveys major recurrent themes of grotesquerie: tedium, scatology, cannibalism, dystopia, and Armageddon or the end of the world. Clearly the literature of the grotesque is obtrusive and ugly, its effect morbid and disquieting and deliberately meant to be so. Grotesque literature may be unpleasant but it is patently insightful. Indeed, as Clark shows, all of the strategies and topics employed by this literature stem from age-old and spirited traditions. Critics have complained about this grim satiric literature, asserting that it is dank, cheerless, unsavory, and negative. But such an interpretation is far too simplistic. On the contrary, as Clark demonstrates, such grotesque writing in its power and its prevalence in the past and present is in fact conventional, controlled, imaginative, and vigorous, no mean achievements for any body of art. **A Theory**

of Parody Linda Hutcheon, 2023-11-21 In this major study of a flexible and multifaceted mode of expression, Linda Hutcheon looks at works of modern literature, visual art, music, film, theater, and architecture to arrive at a comprehensive assessment of what parody is and what it does. Hutcheon identifies parody as one of the major forms of modern self-reflexivity, one that marks the intersection of invention and critique and offers an important mode of coming to terms with the texts and discourses of the past. Looking at works as diverse as Tom Stoppard's *Rosencrantz and Guildenstern Are Dead*, Brian de Palma's *Dressed to Kill*, Woody Allen's *Zelig*, Karlheinz Stockhausen's *Hymnen*, James Joyce's *Ulysses*, and Magritte's *This Is Not a Pipe*, Hutcheon discusses the remarkable range of intent in modern parody while distinguishing it from pastiche, burlesque, travesty, and satire. She shows how parody, through ironic playing with multiple conventions, combines creative expression with critical commentary. Its productive creative approach to tradition results in a modern recoding that establishes difference at the heart of similarity. In a new introduction, Hutcheon discusses why parody continues to fascinate her and why it is commonly viewed as suspect for being either too ideologically shifty or too much of a threat to the ownership of intellectual and creative property. **The Power of the Word** Patsy J. Daniels, 2015-06-18 This book brings

together twelve authors who look at the concept of the word from several different perspectives, inspiring in the reader a sense of wonder to think of the lowly word which we toss away in yesterday's newspaper, which we ignore on street signs, which we utter without giving a thought to the consequences of the power carried by the word. Moving from a psycholinguist

explanation of the acquisition of language the volume presents the function of the word in bad jokes in **Marginalized** Casey Kayser, 2021-08-23 Winner of the 2021 Eudora Welty Prize In contrast to other literary genres drama has received little attention in southern studies and women playwrights in general receive less recognition than their male counterparts In **Marginalized Southern Women Playwrights Confront Race Region and Gender** author Casey Kayser addresses these gaps by examining the work of southern women playwrights making the argument that representations of the American South on stage are complicated by difficulties of identity genre and region Through analysis of the dramatic texts the rhetoric of reviews of productions as well as what the playwrights themselves have said about their plays and productions Kayser delineates these challenges and argues that playwrights draw on various conscious strategies in response These strategies evident in the work of such playwrights as Pearl Cleage Sandra Deer Lillian Hellman Beth Henley Marsha Norman and Shay Youngblood provide them with the opportunity to lead audiences to reconsider monolithic understandings of northern and southern regions and ultimately create new visions of the South **Storytelling** Josepha Sherman, 2015-03-26 Storytelling is an ancient practice known in all civilizations throughout history Characters tales techniques oral traditions motifs and tale types transcend individual cultures elements and names change but the stories are remarkably similar with each rendition highlighting the values and concerns of the host culture Examining the stories and the oral traditions associated with different cultures offers a unique view of practices and traditions Storytelling An Encyclopedia of Mythology and Folklore brings past and present cultures of the world to life through their stories oral traditions and performance styles It combines folklore and mythology traditional arts history literature and festivals to present an overview of world cultures through their liveliest and most fascinating mode of expression This appealing resource includes specific storytelling techniques as well as retellings of stories from various cultures and traditions **Fables of Subversion** Steven Weisenburger, 1995 Drawing on more than thirty novels by nineteen writers Fables of Subversion is both a survey of mid twentieth century American fiction and a study of how these novels challenged the conventions of satire Steven Weisenburger focuses on the rise of a radically subversive mode of satire from 1930 to 1980 This postmodern satire says Weisenburger stands in crucial opposition to corrective normative satire which has served a legitimizing function by generating through ridicule a consensus on values Weisenburger argues that satire in this generative mode does not participate in the oppositional subversive work of much twentieth century art Chapters focus on theories of satire early subversions of satiric conventions by Nathanael West Flannery O Connor and John Hawkes the flowering of Black Humor fictions of the sixties and the forms of political and encyclopedic satire prominent throughout the period Many of the writers included here such as Vladimir Nabokov William Gaddis Kurt Vonnegut Robert Coover and Thomas Pynchon are acknowledged masters of contemporary humor Others such as Mary McCarthy Chester Himes James Purdy Charles Wright and Ishmael Reed have not previously been considered in this context Posing a seminal challenge to existing theories of satire Fables of Subversion explores the iconoclastic energies of
