SATURDAY MORNING FEVER

TIMOTHY BURKE & KEVIN BURKE

Saturday Morning Fever Growing Up With Cartoon Culture

Timothy Burke, Kevin Burke

Saturday Morning Fever Growing Up With Cartoon Culture:

Saturday Morning Fever Timothy Burke, Kevin Burke, 1998-12-15 From Hong Kong Phooey to Jonny Quest from Sid and Marty Krofft to Hanna Barbera brothers Kevin and Timothy Burke who as kids watched plenty of television celebrate all that made Saturday morning TV great 158 photos 8 in color **Saturday Morning Fever** Timothy Burke, 1998 **Genre and Television** Jason Mittell, 2004-08-02 Genre and Television proposes a new understanding of television genres as cultural categories offering a set of in depth historical and critical examinations to explore five key aspects of television genre history industry audience text and genre mixing Drawing on well known television programs from Dragnet to The Simpsons this book provides a new model of genre historiography and illustrates how genres are at work within nearly every facet of television from policy decisions to production techniques to audience practices Ultimately the book argues that through analyzing how television genre operates as a cultural practice we can better comprehend how television actively shapes our social world

Kids' TV Grows Up Jo Holz, 2017-08-23 In the early days of television suburban families welcomed TV into their homes as an electronic babysitter that would also teach their children about the world Children s programming soon came to play a key role in the development of mass culture promoting the shared interests norms and vocabulary through which children interact with peers and define themselves as a cohort This social history examines the forces driving the development of children s television in the U S from its inception to the present Analyses of iconic programs reveal how they influenced our concept of childhood **Ponyville Confidential** Sherilyn Connelly, 2017-03-28 Beloved by young girls around the world Hasbro s My Little Pony franchise has been mired in controversy since its debut in the early 1980s Critics dismissed the cartoons as toy advertisements and derided their embrace of femininity The 2010 debut of the openly feminist My Little Pony Friendship Is Magic renewed the backlash as its broad appeal challenged entrenched notions about gendered entertainment This first comprehensive study of My Little Pony explores the history and cultural significance of the franchise through Season 5 of Friendship Is Magic and the first three Equestria Girls films The brand has continued to be on the receiving end of a sexist double standard regarding commercialism in children s entertainment while masculine cartoons such as the Transformers have been spared similar criticism *The Encyclopedia of American Animated Television Shows* David Perlmutter, 2018-05-04 Once consigned almost exclusively to Saturday morning fare for young viewers television animation has evolved over the last several decades as a programming form to be reckoned with While many animated shows continue to entertain tots the form also reaches a much wider audience engaging viewers of all ages Whether aimed at toddlers teens or adults animated shows reflect an evolving expression of sophisticated wit adult humor and a variety of artistic techniques and styles The Encyclopedia of American Animated Television Series encompasses animated programs broadcast in the United States and Canada since 1948 From early cartoon series like Crusader Rabbit Rocky and His Friends and The Flintstones to 21st century stalwarts like The Simpsons South Park and Spongebob Squarepants the wide range of shows can

be found in this volume Series from many networks such as Comedy Central the Disney Channel Nickleodeon and Cartoon Network are included representing both the diversity of programming and the broad spectrum of viewership Each entry includes a list of cast and characters credit information a brief synopsis of the series and a critical analysis Additional details include network information and broadcast history The volume also features one hundred images and an introduction containing an historical overview of animated programming since the inception of television Highlighting an extensive array of shows from Animaniacs and Archer to The X Men and Yogi Bear The Encyclopedia of American Animated Television Series is an essential resource for anyone interested in the history and evolution of this constantly expanding art form **Cult**

Collectors Lincoln Geraghty,2014-02-24 Cult Collectors examines cultures of consumption and the fans who collect cult film and TV merchandise Author Lincoln Geraghty argues that there has been a change in the fan convention space where collectible merchandise and toys rather than just the fictional text have become objects for trade nostalgia and a focal point for fans personal narratives New technologies also add to this changing identity of cult fandom whereby popular websites such as eBay and ThinkGeek become cyber sites of memory and profit for cult fan communities The book opens with an analysis of the problematic representations of fans and fandom in film and television Stereotypes of the fan and collector as portrayed in series such as The Big Bang Theory and films like The 40 Year Old Virgin are discussed alongside changes in consumption practices and the mainstreaming of cult media Following this theoretical chapters consider issues of gender representation nostalgia and the influence of social media Finally extended case study chapters examine in detail the connections between the fan community and the commodities bought and sold Topics discussed include The San Diego Comic Con and the cult geographies of the fan convention Hollywood memorabilia and collecting cinema history The Star Wars franchise merchandising and the adult collector Online stores and the commercialisation of cult fandom Mattel Hasbro and nostalgia for animated eighties children s television *Hanna-Barbera* Jared Bahir Browsh,2022-01-11 With careers spanning eight decades William Hanna and Joseph Barbera were two of the most prolific animation producers in American history In 1940 the two met at MGM and created Tom and Jerry who would earn 14 Academy Award nominations and seven wins The growth of television led to the founding of Hanna Barbera s legendary studio that produced countless hours of cartoons with beloved characters from Fred Flintstone George Jetson and Scooby Doo to the Super Friends and the Smurfs Prime time animated sitcoms Saturday morning cartoons and Cartoon Network s cable animation are some of the many areas of television revolutionized by the team Their productions are critical to our cultural history reflecting ideologies and trends in both media and society This book offers a complete company history and examines its productions influences changing technologies and enduring cultural legacy with careful attention to Hanna Barbera s problematic record of racial and gender representation *The Transmedia Franchise of Star Wars TV* Dominic J. Nardi,Derek R. Sweet,2020-11-11 While previous work on the Star Wars universe charts the Campbellian mythic arcs political representations and fan reactions associated

with the films this volume takes a transmedial approach to the material recognizing that Star Wars TV projects interact with and relate to other Star Wars texts The chapters in this volume take as a basic premise that the televisual entrants into the Star Wars transmedia storyworld are both important texts in the history of popular culture and also key to understanding how the Star Wars franchise and thus industry wide transmedia storytelling strategies developed The book expands previous work to consider television studies and sharp cultural criticism together in an effort to bring both long running popular series long ignored texts and even toy commercials to bear on the franchise s complex history Hi There, Boys and Girls! Tim Hollis, 2010-01-06

Saturday Morning Fever Growing Up With Cartoon Culture Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has become much more apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is really remarkable. This extraordinary book, aptly titled "**Saturday Morning Fever Growing Up With Cartoon Culture**," published by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound impact on our existence. Throughout this critique, we will delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
