Jurassic Classics Donald F. Glut,2001-01-30 Contains essays which cover a variety of topics about paleontology and dinosaurs *Women Scientists in Fifties Science Fiction Films* Bonnie Noonan,2015-02-18 In the 1950s science was rapidly advancing and so were scientific opportunities for women Modern science fiction films reflected these simultaneous social developments This book proposes that the social ideology of the 1950s which was partly concerned with gender issues saturated the B science fiction films of that era and inspired a new appreciation for the role of women in scientific advancements and other social achievements Drawing on feminist literary and cultural theory the author argues that the emergence of the modern American science fiction film in 1950 and the situation of post World War II female scientists together created a film genre That genre was explicitly amenable to exploring the tension between a woman s place in her home and her place in the work force particularly in scientific fields Early chapters provide a general introduction to the science fiction genre and specifically describe 1950s B science fiction films as they resonate with concerns proper to feminist theory Subsequent chapters offer detailed historically situated readings of 10 B science fiction films from the 1950s that feature women in science The cinematic representations of female scientists are compared and contrasted with real female professionals of the time illuminating the changing gender dynamics reflected in popular film in the 1950s Films analyzed include *Rocketship X M It Came from Beneath the Sea Them Tarantula The Deadly Mantis Beginning of the End Kronos Cat Women of the Moon World Without End and Queen of Outer Space* **Return of the B Science Fiction and Horror Heroes** Tom Weaver,2000 The people who directed produced and starred in the scary and fantastic movies of the genre heyday over thirty years ago created memorable experiences as well as memorable movies This McFarland Classic brings

together over fifty interviews with the directors producers actors and make up artists of science fiction and horror films of the 1940s 1950s and 1960s From B movies to classics Samuel Z Arkoff to Acquanetta these veteran vampire baits swamp monsters and flying saucers attackees share their memories This classic volume represents the union of two previous volumes Interviews with B Science Fiction and Horror Movie Makers more fun than the lovably cheap movies that inspired it Booklist RBB and Science Fiction Stars and Horror Heroes candid a must ARBA Together at last this combined collection of interviews offers a candid and delightful perspective on the movies that still make audiences squeal with fear and occasionally howl with laughter

Monographic Series Library of Congress,1977 Science Fiction Literature through History Gary Westfahl,2021-07-19 This book provides students and other interested readers with a comprehensive survey of science fiction history and numerous essays addressing major science fiction topics authors works and subgenres written by a distinguished scholar This encyclopedia deals with written science fiction in all of its forms not only novels and short stories but also mediums often ignored in other reference books such as plays poems comic books and graphic novels Some science fiction films television programs and video games are also mentioned particularly when they are relevant to written texts Its focus is on science fiction in the English language though due attention is given to international authors whose works have been frequently translated into English Since science fiction became a recognized genre and greatly expanded in the 20th century works published in the 20th and 21st centuries are most frequently discussed though important earlier works are not neglected The texts are designed to be helpful to numerous readers ranging from students first encountering science fiction to experienced scholars in the field

Books in Series ,1985 Vols for 1980 issued in three parts Series Authors and Titles Science Fact and Science Fiction Brian Stableford,2006-09-06 Science fiction is a literary genre based on scientific speculation Works of science fiction use the ideas and the vocabulary of all sciences to create valid narratives that explore the future effects of science on events and human beings Science Fact and Science Fiction examines in one volume how science has propelled science fiction and to a lesser extent how science fiction has influenced the sciences Although coverage will discuss the science behind the fiction from the Classical Age to the present focus is naturally on the 19th century to the present when the Industrial Revolution and spectacular progress in science and technology triggered an influx of science fiction works speculating on the future As scientific developments alter expectations for the future the literature absorbs uses and adapts such contextual visions The goal of the Encyclopedia is not to present a catalog of sciences and their application in literary fiction but rather to study the ongoing flow and counterflow of influences including how fictional representations of science affect how we view its practice and disciplines Although the main focus is on literature other forms of science fiction including film and video games are explored and because science is an international matter works from non English speaking countries are discussed as needed
