Saving Remnants Feeling Jewish In America:

Saving Remnants Sara Bershtel, Allen Graubard, 1993-01-01 Saving Remnants provides a series of honest and clear minded portraits of young American Jews trying to confront what it means to be Jewish Irving Howe author of World of Our Fathers You don t have to be Jewish to be fascinated and challenged by this sensitive profoundly intelligent book Saving Remnants is about Jewishness but it is also about all of us searching for identity on a menu that includes New Age epiphanies along with old time religions and instant traditions Barbara Ehrenreich author of Fear of Falling Jews Against Prejudice Stuart Svonkin, 1997 Recounts how Jewish organizations for fighting antisemitism became leaders against all prejudice

Coming Out Jewish Jon Stratton, 2003-09-02 Coming Out Jewish explores the idea of Jewishness as a problem of racial ethnic identity in the modern and post modern world It is a path breaking book that firmly places the Jewish experience on the Cultural Studies agenda **Creating a Judaism Without Religion** Daniel S. Breslauer, 2001-09 This book examines how some modern and contemporary Jewish thinkers and writers have imagined a Judaism without the boundaries and restrictions that go by the name of religion The book offers scholarly insights into some Jewish thinkers notably Martin Buber and Eugene Borowitz some Jewish writers in particular the poet Hayyim Nahman Bialik and the Yiddish author I L Peretz The study also introduces more contemporary thinkers and writers such as the postmodernist Jacques Derrida the contemporary Israeli novelist David Grossman and the young Israeli poet Ilan Sheinfeld While of scholarly interest the ten chapter work has more general appeal as a way of conceiving Jewish living outside the restrictions of religion One third of the book suggests a way of looking at God and theology as part of the process of living rather than as fixed realities Another third explores how Jewish culture can be liberated from the restrictions of nationalism and parochialism The final third focuses on a postmodern ethics of the self that emerges from face to face meetings with others The author contends that the future Judaism has created will be pluralistic diverse and oriented toward the future *How Young Holocaust Survivors Rebuilt Their Lives* Françoise S. Ouzan, 2021-12-22 Shines light to the world through the individual stories of people who came through darkness a book of courage strength and inspiration The Jerusalem Report Drawing on testimonies memoirs and personal interviews of Holocaust survivors Fran oise S Ouzan reveals how the experience of Nazi persecution impacted their personal reconstruction rehabilitation and reintegration into a free society She sheds light on the life trajectories of various groups of Jews including displaced persons partisan fighters hidden children and refugees from Nazism Ouzan shows that personal success is not only a unifying factor among these survivors but is part of an ethos that unified ideas of homeland social justice togetherness and individual aspirations in the redemptive experience Exploring how Holocaust survivors rebuilt their lives after World War II Ouzan tells the story of how they coped with adversity and psychic trauma to contribute to the culture and society of their country of residence **Blackface, White Noise** Michael Rogin, 1996-06-01 The tangled connections that have bound Jews to African Americans in popular culture and liberal politics are at the heart of Michael Rogin s arresting and

unnerving book Looking at films from Birth of a Nation to Forrest Gump Rogin explores blackface in Hollywood films as an aperture to broader issues the nature of white identity in America the role of race in transforming immigrants into Americans the common experiences of Jews and African Americans that made Jews key supporters in the fight for racial equality and the social importance of popular culture Rogin s forcefully argued study challenges us to confront the harsh truths behind the popularity of racial masquerade Sociology and the Holocaust Ronald J Berger,2023-12-01 For some time the conventional wisdom in the interdisciplinary field of Holocaust studies is that sociologists have neglected this subject matter but this is not really the case In fact there has been substantial sociological work on the Holocaust although this scholarship has often been ignored or neglected including in the discipline of sociology itself Sociology and the Holocaust brings this scholarly tradition to light and in doing so offers a comprehensive synthesis of the vast historical and social science literature on the before during and after of the Holocaust a tour d horizon from an explicitly sociological perspective As such the aim of the book is not simply to describe the chronology of events that culminated in the deaths of 6 million Jews but to draw upon sociology s theoretical toolkit to understand these events and the ongoing legacy of the Holocaust sociologically *Jewish Baby Boomers* Chaim I. Waxman,2012-02-01 This book critically analyzes American Jewish baby boomers focusing on the implications of their Jewish identity and identification for the collective American Jewish community Utilizing data obtained from the 1990 National Jewish Population Survey the book begins with a demographic portrait of American Jewish baby boomers Realizing that America s Jews are both a religious and ethnic group a comparison is made with Protestant and Catholic baby boomers as well as other ethnic groups The religious patterns of the Jewish baby boomers and their ethnic patterns are examined in depth and placed within the larger contexts of the modern or post modern character of religion and ethnicity The book s extensive presentation of detailed quantitative data is consistently complemented by qualitative examinations of their communal implications for Jewish continuity and the organized American Jewish community **Social Functions of Synagogue Song** Jonathan L. Friedmann,2012-01-01 Social Functions of Synagogue Song A Durkheimian Approach by Jonathan L Friedmann paints a detailed picture of the important role sacred music plays in Jewish religious communities Drawing upon the work of mile Durkeim the book examines how synagogue songs serve disciplinary cohesive revitalizing and euphoric functions **Jewish Writing and the Deep Places of the Imagination** Mark Krupnick,2006-01-09 When he learned he had ALS and roughly two years to live literary critic Mark Krupnick returned to the writers who had been his lifelong conversation partners and asked with renewed intensity how do you live as a Jew when mostly you live in your head The evocative and sinuous essays collected here are the products of this inquiry In his search for durable principles Krupnick follows Lionel Trilling Cynthia Ozick Geoffrey Hartman Philip Roth Saul Bellow and others into the elemental matters of life and death sex and gender power and vulnerability The editors Krupnick s wife Jean K Carney and literary critic Mark Shechner have also included earlier essays and introductions that link Krupnick s work with the deep

places of his own imagination
