This compilation is an invaluable resource for anyone who teaches the Bible. *Screening the Afterlife* Christopher Deacy, 2012-03-12. *Screening the Afterlife* is a unique and fascinating exploration of the last things as envisaged by modern filmmakers. Drawing on a range of films from *Flatliners* and *What Dreams May Come* to *Working Girl* and *The Shawshank Redemption*, it offers the first comprehensive examination of death and the afterlife within the growing field of religion and film. Topics addressed include the survival of personhood after death, the language of resurrection and immortality, Near Death Experiences, and Mind-Dependent Worlds, the portrayal of heaven and hell. Students taking courses on eschatology will find this a stimulating and thought-provoking resource, while scholars will relish Deacy's theological insight and understanding. *Salvation from Cinema* Crystal Downing, 2015-10-23. *Salvation from Cinema* offers something new to the burgeoning field of religion and film: the religious significance of film technique. Discussing the history of both cinematic devices and film theory, Crystal Downing argues that attention to the material medium echoes Christian doctrine about the materiality of Christ's body as the medium of salvation. Downing cites Jewish, Muslim, Buddhist, and Hindu perspectives on film in order to compare and clarify the significance of medium within the frameworks of multiple traditions. This book will be useful to professors and students interested in the relationship between religion and film. *Bible and Cinema: Fifty Key Films* Adele Reinhartz, 2013. *Bible and Cinema: Fifty Key Films* introduces a wide range of those movies among the most important, critically acclaimed, and highest-grossing films of all time which have drawn inspiration either directly or indirectly from the Bible. **The Epic Film in World Culture** Robert Burgoyne, 2010-09-13. With the recent release of spectacular blockbuster films from *Gladiator* to *The Lord of the Rings* trilogy, the epic has once again become a major form in contemporary cinema. This new volume in the AFI Film Readers series explores the rebirth of the epic film genre in the contemporary period, a period marked by heightened and conflicting appeals to national, ethnic, and religious belonging. The original essays in this volume explore the tension between the evolving global context of film production and reception and the particular provenance of the epic as an expression of national mythology and aspirations, challenging our understanding of epics produced in the present as well as our perception of epic films from the past. The contributors will explore new critical approaches to contemporary as well as older epic films, drawing on ideas from cultural studies, historiography, classics, and film studies. **T&T Clark Handbook of Jesus and Film** Richard Walsh, 2021-01-14. The T and 2 other cinematic Jesuses including followers who imitate Jesus devotionally or aesthetically, Christian Christ figures, antichrists, yet other messiahs, and competing Jesuses in a pluralist world. As one leaves the confines of Christian theology, the

question of what a film or interpreter is doing with Jesus or Christ becomes something to be determined not necessarily something traditional

T&T Clark Companion to the Bible and Film Richard Walsh, 2018-06-28 The first decades of the twenty first century saw a resurgence of the biblical epic film such as Noah and Exodus Gods and Kings which was in turn accompanied by a growth of biblical film criticism This companion surveys that field of study by framing it in light of significant and recent biblical films as well as the voices of key biblical film critics Non Hollywood and seemingly non biblical films also come under investigation The contributors concentrate on three points context focusing on the Bible in specific film genres and cultural situations theory applying theory from both religion and film studies with an eye to their possible intersections and recent and significant texts reflecting on which texts and themes have been most important in biblical film and which are currently at the fore Exploring cinema across the globe and accompanied by extended introductory essays for each of the three sections this companion is an important resource for scholars in both film and biblical reception

Jesus in History, Legend, Scripture, and Tradition Leslie Houlden, Antone Minard, 2015-06-23

This multifaceted work contextualizes Jesus in religion and culture by bringing together articles on folklore history literature philosophy popular culture and theology Many books have been written about Jesus but this two volume work takes a different approach than most What sets it apart is that it emphasizes Jesus lasting impact on world history and his legacy in the imagination over 2 000 years Written as an introduction the encyclopedia is equally suitable for Christians who wish to better understand the history and philosophy of their religion and for non Christians who wish to grasp Christianity in its historical and social contexts Alphabetically arranged entries cover representations of Jesus in the bible and the writings of key theologians examining the essentials of philosophical and religious views across history The set also includes hundreds of entries that reflect on the role Jesus has played in popular culture and contemporary vernacular religion perspectives that are not usually placed alongside theology Through the encyclopedia students will see how artists writers philosophers church figures and others have imagined Jesus and been influenced by their perceptions of him At the same time primary documents will encourage students to compare and contrast ideas and evaluate arguments that have arisen over 20 centuries
