Sayings Parallels John Dominic Crossan, 1986 To take the full intracanonical repertoire as well as other very early texts and within that to cite all instances involved p xiii **Sayings Parallels** John Dominic Crossan, 2008-03-01 This book is concerned with the words rather than the deeds of Jesus But even the words are limited to sayings that is units which could or did exist in the tradition as isolated segments passed on in different contexts This leaves out for example those short terse commands or comments of Jesus uttered during cures or exorcisms and inextricably linked to some such situation Sayings Parallels is a workbook for the study of the Jesus tradition Its existence and structure derives from one basic postulate the exact same unit often appears in different sources genres and versions within the Jesus tradition This is what is meant by parallel sayings And this phenomenon and its explanation will have implications even for those cases where there are no parallels and the unit appears in only one instance That basic postulate is taken as a factual statement although of course its implication and interpretation its importance and significance are open to very different visions But granted that preliminary postulate an attempt was made in this book to present the data as neutrally as possible The work is to facilitate descussion of that factual diversity rather than to promote a set understanding of its presence from the Introduction Source Q and the Historical Jesus Andreas Lindemann, 2001 Papers presented at the 49th Colloquium Biblicum Lovaniense held at the Faculty of Theology of the Katholieke Universiteit Leuven 25 27 july 2000 Sayings Parallels John Dominic Handbook for the Study of the Historical Jesus (4 Vols) Tom Holmén, Stanley E. Stewart, 2008 The Quest of the Hermeneutical Jesus is a study in how reading documents referring to Jesus influences conclusions as to who Jesus was as a figure in history In this book author Robert B Stewart leads his readers through the projects of two of the most important and influential scholars in the field of historical Jesus research in order to show his readers how the philosophical presuppositions and hermeneutical methods of Crossan and Wright impact their respective historical conclusions concerning Jesus There is arguably no more important question in religious studies than

what can we know about Jesus Stewart takes on the task of filling the void in this area by addressing how hermeneutics influences history In addition to highlighting the work of two great scholars Stewart also provides a useful introduction and quide through much of the maze of contemporary literary criticism Book jacket The Johannine Discourses and the Teaching of Jesus in the Synoptics Philipp F. Bartholomä, 2012 The Lazarus Story within the Johannine Tradition Wendy E. S. North, 2001-05-01 This historical critical study of the Gospel of John and the First Epistle of John challenges the commonly held view that the first Johannine epistle is related to the Gospel Sproston argues that the two writings are indirectly related through a common Johannine tradition A comparison of the two therefore allows traditional material in the evangelist's work to be isolated enhancing our understanding of the creative processes involved in its composition The account of the raising of Lazarus is rigorously analysed as a test case for this kind of analysis Life of Jesus Research Craig A. Evans, 1996 This volume offers annotated bibliographies for all the major areas of critical scholarship in the historical Jesus It is an indispensable tool for research in this important field of the study The Sermon on the Mount and Spiritual Exercises George Branch-Trevathan, 2020-03-31 What in Matthew's view should a human being become and how does one attain that ideal In The Sermon on the Mount and Spiritual Exercises The Making of the Matthean Self George Branch Trevathan presents a new account of Matthew's ethics and argues that the evangelist presents the Sermon on the Mount as functioning like many other ancient sayings collections that is as facilitating transformative work on oneself or spiritual exercises that enable one to realize the evangelist s ideals The conclusion suggests some implications for our understanding of ethical formation in antiquity and the study of ethics more generally. This will be an essential volume for scholars studying the Gospel of Matthew early Christian ethics the relationships between early Christian and ancient philosophical writings or ethical formation in antiquity Sammlung James McConkey Robinson, Jozef Verheyden, 2005 This volume brings the revised version of the full collection of 38 essays covering James Robinson's studies on Q from his 1964 break through article on the genre of Q to the corpus of hotly debated contributions on Q 12 27 which he published between 1998 and 2002 and his detailed presentation of the Critical Edition of Q 2002 Edited by C Heil and J Verheyden Mormon Critical Text, 3rd ed., vol 3: III Nephi - Moroni Robert F. Busse, 2014-07-18 Virtually all scholars agree that Jesus did one very risky thing he exorcised demons Exorcism was an illicit activity in the Roman world so why would Jesus risk condemnation arrest and even death for the sake of the demon possessed Some point to his compassion Roger Busse a thirty nine year veteran of risk analysis and a graduate of Harvard Divinity School has another answer from the world in which he lives risk assessment People engage in risky ventures only when not doing so would pose even greater risks What was the greater risk for Jesus He believed that his land and home then suffering under foreign occupation was filled with demons He believed that if he did not drive them off all might be lost and the forces of darkness might win out leaving only the kingdom of Satan Given this context Busse reassesses the gospel traditions Using risk analysis Busse provides a new approach that recovers the specific charismatic practices sayings and parables that the exorcist Jesus employed in his deliberate and dangerous strategy to drive Satan from the land and reestablish the kingdom of God To Be Near the Fire offers a new portrait of Jesus and the origins of Christianity Things in Parables Charles W. Hedrick, 2004-01-01 In this splendid introduction to the elusive rhetorical device central to the New Testament picture of Jesus Charles Hedrick explores the nature of the parable and its history of use He asks basic questions such as what is a parable is Jesus really the author of the parables and what does a parable mean and then reviews a range of sources from Aesop's fables to modern New Testament scholarship to answer them He also surveys the various ways the parables have been approached in literary criticism throughout history giving specific examples of each method and delineating their strengths and weaknesses
