Kennedy,2018-02-14 Winner of the 2019 Eisner Award for the Best Comics Related Book Published in partnership with the Library of Congress Drawn to Purpose American Women Illustrators and Cartoonists presents an overarching survey of women in American illustration from the late nineteenth into the twenty first century Martha H Kennedy brings special attention to forms that have heretofore received scant notice cover designs editorial illustrations and political cartoons and reveals the contributions of acclaimed

cartoonists and illustrators along with many whose work has been overlooked. Featuring over 250 color illustrations including eye catching original art from the collections of the Library of Congress Drawn to Purpose provides insight into the personal and professional experiences of eighty women who created these works. Included are artists Roz Chast, Lynda Barry, Lynn Johnston and Jillian Tamaki. The artists' stories shaped by their access to artistic training, the impact of marriage and children on careers and experiences of gender bias in the marketplace serve as vivid reminders of social change during a period in which the roles and interests of women broadened from the private to the public sphere. The vast often neglected body of artistic achievement by women remains an important part of our visual culture. The lives and work of the women responsible for it merit much further attention than they have received thus far. For readers who care about cartooning and illustration Drawn to Purpose provides valuable insight into this rich heritage.

What to Read When Pam Allyn, 2009-04-02 Read Pam Allyn's posts on the Penguin Blog. The books to read aloud to children at the important moments in their lives. In *What to Read When*, award winning educator Pam Allyn celebrates the power of reading aloud with children. In many ways books provide the first opportunity for children to begin to reflectively engage with and understand the world around them. Not only can parents entertain their child and convey the beauty of language through books they can also share their values and create lasting connections. Here Allyn offers parents and caregivers essential advice on choosing appropriate titles for their children taking into account a child's age, attention, ability, gender and interests, along with techniques for reading aloud effectively. But what sets this book apart is the extraordinary annotated list of more than three hundred titles suitable for the pivotal moments in a child's life. With category themes ranging from friendship and journeys to thankfulness, separations, silliness and spirituality, *What to Read When* is a one of a kind guide to how parents can best inspire children through reading together. In addition, Pam Allyn includes an indispensable Reader's Ladder section with recommendations for children at every stage from birth to age ten. With the author's warm and engaging voice throughout, discussion questions to encourage in-depth conversations as well as advice on helping kids make the transition to independent reading, this book will help shape thoughtful, creative and curious children, imparting a love of reading that will last a lifetime.
