Broken yet Beloved Sharon G. Thornton, 2022-11-17 Sharon Thornton gives pastoral theology new ears that hear the true depth and breadth of suffering She dares to look beyond the accepted perspectives of pastoral theology to discern a new vision of hope made possible by the cross Thornton brings pastoral theology into conversation with public theology reading them from the perspective of the cross When interpreted from its political standpoint the cross offers new and challenging pastoral perspectives on the complex experiences of modern life The cross of Christ names suffering for what it is giving us a means of radically critiquing all attempts to camouflage minimize or distort the truth of pain Sharing her experiences of ministering to those anguished by poverty and oppression Thornton brings to light the external forces that contribute both directly and indirectly to human brokenness And through these same stories and the work of a faith community modeling alternative practices in pastoral care she shows us

that there is hope for healing **Cruciformity** Michael J. Gorman, 2021-07-27 When it was first published in 2001 Cruciformity broke new ground with a vision of Pauline spirituality that illuminated what it meant to be a person or community in Christ Beginning with Paul's express desire to know nothing but Christ crucified Gorman showed how true spirituality is telling the story in both life and words of God's self-revelation in Jesus so that we might practice cruciformity the impossible possibility of conformity to the crucified Christ Two decades later Gorman's seminal work is still a powerful model for combining biblical studies and theological reflection to make Paul's letters more immediately relevant to contemporary Christian life This twentieth anniversary edition includes a new foreword by Nijay Gupta a next generation Pauline scholar heavily influenced by Gorman as well as an afterword by the author in which he reflects on the legacy of Cruciformity in the church and the academy including his own subsequent work in Pauline theology **Transfiguring a Theologia Crucis through James Cone** Brach S. Jennings, 2023-10-18 Brach S. Jennings unites thematic investigations into hermeneutics and material dogmatics related to fundamental theology with a concern for contemporary situations of global oppression in order to propose a new theologia crucis through James H. Cone's Black Theology of Liberation Jennings's study connects a theology of wisdom sapientia with political prophetic theology for the three publics of academy society and church today **Jesus in History, Thought, and Culture** Leslie Houlden, 2003-12-08 This unique multidisciplinary study views Jesus as one of the most central figures in history with a wide-ranging impact on society literature art and philosophy Jesus in History Thought and Culture distills 2,000 years of thinking about Jesus into two intriguing volumes In more than 200 A-Z entries internationally recognized scholars summarize views of Jesus from the Gospel writers to contemporary theologians Not only does the book explore Christian liturgy and worship including the long-lasting 4th and 5th century schisms over whether Jesus is human or divine but it examines the position of Jesus in the traditions of other world religions such as Judaism Islam and Hinduism Even outside religion little has been untouched by Jesus's influence Jesus affected social and political theory in his time and continues to do so today The encyclopedia also explores his changing image in art sculpture music and literature pulling disparate fields of study into one powerful resource Scholars students of theology and world religions and other interested readers will all welcome this unique resource Violence of God and the War on Terror , Using the analogy of an abusive human relationship Young traces the influence of the psychology of such behavior on the major monotheistic religions concept of God and concludes that such imagery generates violence in the name of God in the contemporary world including in the war on terror Explores these theological themes in terms of U.S. imperialistic policies the Israeli-Palestinian conflict and Jihadist ideology **Transformed Lives** Cynthia S. W. Crysdale, 2016-06-10 Even theologians have had different ideas about the theology of atonement how are the rest of us supposed to understand it This book is a good place to start Crysdale whose background in both psychology and theology gives her a unique perspective presents an overview of the history of the theology of atonement addressing clearly the difficulties around this concept and bringing

us with her to a contemporary understanding *Interrupting White Privilege* Laurie M. Cassidy, Alexander Mikulich, 2007

Towards a Christian Theology of African Ancestors Thomas Ochieng Otanga, 2023-04-21 This book examines the similarities and relationship between Christian saints and African ancestors Further it analyzes the deep cultural roots of African peoples and the ancestral frame as a point of departure for developing an indigenous African theology Questions dealt with include Does the conversion of Africans to Christianity require a break with their African cultural heritage Who is an African ancestor Is syncretism a good thing for an African Christian What contribution can the African church make to the universal church The author argues that rather than being antithetical to formal Christianity an African Christian theology of ancestors is an example of how an indigenous African tradition can best express Christianity as well as make considerable impact on world Christianity **The Scandalous God** Vitor Westhelle, 2006-10-18 A rich and detailed examination of the historical and theological dimensions of the Cross

Clothed in Nothingness Leonard M. Hummel, *Clothed in Nothingness* provides practical and theological considerations for pastoral care and insights from the Lutheran tradition for coping with suffering **Women and the Value of Suffering** Kristine M. Rankka, 1998 Kristine Rankka has produced a masterpiece an insightful analysis of modern feminist interpretations of radical or tragic suffering Here is a mature work comprehensive in its breadth compelling in its argument moving in its palpable sensitivity poetic and graceful in its articulation By invoking the category of the tragic Rankka proposes a mystical political spirituality to move reflection on suffering from the private to the communal interdependent realm Rankka s *Women and the Value of Suffering* is a creative retrieval of a conversation among women long in progress about the meaning of life s suffering It is eminently readable and thoroughly enriching George E Griener S J Academic dean Jesuit School of Theology at Berkeley *Compelling Knowledge* Mary M. Solberg, 1997-01-01 Asks what sorts and sources of knowing we should consider compelling as we seek to live morally responsible lives

Contends that Martin Luther s theology of the cross provides a solid theological and ethical basis for a surprisingly congenial conversation with feminist thought and scholarship on these issues *All Things Reconciled* Christopher D. Marshall, 2018-06-12 The modern restorative justice movement perhaps one of the most important social movements of our time was born in a Christian home to Christian parents specifically to Christian peace workers striving to put their faith into action in the public arena The first major book on the subject was written primarily for a church audience and drew deeply on biblical themes and values But as restorative justice has moved into the mainstream of criminological thought and policy the significance of its originating spiritual impulse has been minimized or denied and subsequent

theological scholarship has done little to probe the relevance of restorative perspectives for doctrine and discipleship In this collection of essays Christopher D Marshall a biblical scholar and restorative practitioner who has devoted his career to exploring the relationship between the two fields considers how peacemaking Christians can honor the witness and authority of Scripture including its apparently violence endorsing strands as they strive to join in God s great work in Christ of reconciling to himself all things whether on earth or in heaven by making peace through the blood of his cross Col 1 20 **A**

Vexing Gadfly Eliseo Perez-Alvarez,2011-10-27 This essay on Soren Kierkegaard and economic matters from a theological perspective is well grounded in the Dane s journals In these writings the late nineteenth century thinker shows his solidarity with rural residents 90 percent of the population and urbanite menial workers Topics include the option for the poor the ideology of impotence the denouncing of a competitive society the correlation of wealth and poverty media church university and theatre as social institutions shaping reality Christendom and the retribution doctrine *Critique Scandinave de la Théologie Féministe Anglo-américaine* Hanna Stenström,2007 Scandinavian Critique of Anglo American Feminist Theology is a collection of articles by scholars in various theological disciplines from five Scandinavian or Nordic countries The articles cover a wide range of topics including feminist sexual ethics ecofeminist theology gender perspectives on European welfare systems Birgitta of Sweden and a search for Mary beyond stereotypes As the title implies a critical dialogue with US feminist theology is a recurrent theme throughout the book but the essays also include constructive work from different theological perspectives The journal also includes a bibliography that shows the diversity of Scandinavian and Nordic feminist theological research [Fostering Interreligious Encounters in Pluralist Societies](#) SimonMary Asese A. Ahiokhai,2019-05-03 This book calls attention to ways of fostering dialogue among members of different religious traditions in an era of cultural and religious pluralism To achieve this the author analyzes the results of an ethnographic study of Ihievbe a town in Midwestern Nigeria that is religiously pluralistic Emphasis is given to hospitality and friendship two key relational cultural philosophical and theological virtues as tools for constructing healthy interreligious dialogue that is relevant for our times A critical study is done on the importance of these two dialogical virtues in the religious expressions of Roman Catholicism Islam and Ihievbe Traditional Religion Preference for ethnographic studies is based on stressing the relevance of context in articulating useful practices of interreligious dialogue Finally the book articulates ways the fruits of interreligious dialogue can be celebrated in the liturgical rituals of each religion especially the three religions that are addressed here **Akan**

Christology Charles Sarpong Aye-Addo,2013-07-12 As Christianity expands and grows in Africa there is deep new interest in African theology in general and the way in which some African theologians are interpreting the significance of Christ within African culture in particular This volume explores the Christology of two of the foremost African thinkers against the background of the West African Akan culture The result is a rare and fascinating look at some of the key cultural symbols of African culture the struggle to reinterpret the white blond blue eyed Christ presented by pioneering missionaries to Africa

and the pitfalls and promises that attend the exercise The selected theologians John Samuel Pobee and Kwame Bediako are put into a critical conversation with Karl Barth in order to initiate a dialogue between Western theology and African theology that brings to the fore some of the pertinent issues about the particularity and universality of Christ The volume while seeking to make Christ relevant for Africa moves away from romanticizing African culture and insists on being faithful to the biblical witness to Christ The result is an attempt to present an engaging piece of work that makes a significant contribution to contemporary debates on Christology and indigenous theology

From Historical to Critical Post-Colonial Theology

Robert S Heaney, 2016-05-26 What is post colonial theology How does it relate to theology that emerged in historically colonial situations These are two questions that get to the heart of Robert S Heaney's work as he considers the extent to which theologians predating the emergence of post colonial theology might be considered as precursors to this theological movement Heaney argues that the work of innovative theologians John S Mbiti and Jesse N K Mugambi important in their own right must now also be considered in relation to the continued emergence of post colonial theology When this is done fresh perspectives on both the nature of post colonial theology and contextual theology emerge Through a sympathetic and critical reading of Mbiti and Mugambi Heaney offers a series of constructive moves that counter the ongoing temptation toward acontextualism that continues to haunt theology both in the North and in the South
