## Scandalous Suggestion:

Lesbian Scandal and the Culture of Modernism Jodie Medd, 2012-09-10 This text analyzes the legal social and literary impact of lesbian scandal on early twentieth century British and Anglo American culture **Daily Report, Foreign Radio Broadcasts** United States. Central Intelligence Agency, 1967 Paul and the Faithfulness of God N. T. Wright, 2013-11-01 This highly anticipated two book fourth volume in N T Wright's magisterial series Christian Origins and the Question of God is destined to become the standard reference point on the subject for all serious students of the Bible and theology The mature summation of a lifetime's study this landmark book pays a rich tribute to the breadth and depth of the apostle's vision and offers an unparalleled wealth of detailed insights into his life times and enduring impact *Headlock* Mark Eaton, 2015-02-09 Headlock is set in children's institution in 1960's Lancashire England and Martha Chisdale the senior girl and of Jamaican parentage is going for gold at the All School's Championships Her experiences shatter her self image and the public image of the orphanage as she tries to cope with fame and tragedy her little brother Johnny being sent away for bad behaviour and brewing scandals surrounding the deputy Matron Amidst tragic affairs of the heart and a corrupt Town Hall Matron Foster tries to ignore then fathom and subdue the forces that threaten to close Croxford House the home she has founded for disadvantaged children *Fair Trade and the Citizen-Consumer* K. Wheeler, 2012-10-23 As sales of fair trade goods explode across the globe Fair Trade and the Citizen Consumer provides a timely analysis of the organizations institutions and grassroots networks behind this growing movement Drawing on examples from the UK Sweden and USA this book moves away from models of individualized consumer choice and instead explores the collective cultures and practices that motivate and sustain fair trade consumer behaviour Although the fair trade citizen consumer has been called to action and publicly represented as an individual voting in the marketplace this book reveals how market interventions are editing the choices available to consumers at the same time as Fairtrade Town consumer networks are flourishing Offering new and critical insights into the fair trade success story this book also contributes to debates about sustainable consumption behaviour and the growth of new forms of political participation and citizenship **Birth Control: A Statement of Christian Doctrine against the Neo-Malthusians** Halliday Sutherland, 2019-12-19 In Birth Control A Statement of Christian Doctrine against the Neo Malthusians Halliday Sutherland confronts the contentious issue of birth control through the lens of Christian ethics and doctrine His work engages critically with the emerging trends of the early 20th century specifically the Neo Malthusian movement advocating for population control through contraception Sutherland's rhetorical style combines theological argumentation with empirical analysis creating a compelling narrative that is steeped in moral philosophy and social ethics thus positioning the book within the broader context of debates around sexuality family and responsibility in post Victorian society Halliday Sutherland a physician and Christian moralist brings his diverse experiences in medicine and pastoral care to the discourse on birth control His commitment to protecting traditional Christian values

likely stems from his background and the prevailing cultural challenges posed by scientific progressivism. By weaving personal anecdotes with theological reflections, Sutherland provides a unique perspective that reflects both compassion and firmness in his arguments against contraception, highlighting the moral implications for society at large. This book is essential reading for those interested in the intersections of religion, ethics, and social policy. Sutherland's insightful critique of Neo-Malthusianism not only challenges contemporary assumptions about personal autonomy and family planning but also serves as a valuable resource for understanding the historical underpinnings of the current discourse surrounding birth control within a Christian framework.

Global Shadows James Ferguson, 2006-02-28 A collection of Ferguson's essays that bring the question of Africa into the center of current debates on globalization, modernity, and emerging forms of world order.

*Scatter 2* Geoffrey Bennington, 2021-01-05 This book deconstructs the whole lineage of political philosophy, showing the ways democracy abuts and regularly undermines the sovereignist tradition across a range of texts from the Iliad to contemporary philosophy. Politics is an object of perennial difficulty for philosophy as recalcitrant to philosophical mastery as is philosophy's traditional adversary, poetry. That difficulty makes it an attractive topic for any deconstructive approach to the tradition from which we inherit our language and our concepts. *Scatter 2* pursues that deconstruction, often starting with and sometimes departing from the work of Jacques Derrida, by attending to the concepts of sovereignty on the one hand and democracy on the other. The book begins by following the fate of a line from Homer's Iliad where Odysseus asserts that the rule of many is no good thing; let there be one ruler, one king. The line Bennington shows is quoted, misquoted, and progressively Christianized by Aristotle, Philo, Judaeus, Suetonius, the early Church Fathers, Aquinas, Dante, Ockham, Marsilius of Padua, Jean Bodin, Etienne de la Boetie up to Carl Schmitt and Erik Peterson, and even one of the defendants at the Nuremberg trials before being discussed by Derrida himself. In the book's second half, Bennington begins again with Plato and Aristotle and tracks the concept of democracy as it regularly abuts and undermines that sovereignist tradition. In detailed readings of Hobbes and Rousseau, Bennington develops a notion of proto-democracy as a possible name for the scatter that underlies and drives the political, as such, and that will always prevent politics from achieving its aim of bringing itself to an end.

**Academic Scepticism in the Development of Early Modern Philosophy** Plínio Junqueira Smith, Sébastien Charles, 2016-12-27 This book explores how far some leading philosophers from Montaigne to Hume used Academic Scepticism to build their own brand of scepticism or took it as its main sceptical target. The book offers a detailed view of the main modern key figures, including Sanchez, Charron, La Mothe Le Vayer, Bacon, Gassendi, Descartes, Malebranche, Pascal, Foucher, Huet, and Bayle. In addition, it provides a comprehensive assessment of the role of Academic Scepticism in Early Modern philosophy and a complete survey of the period. As a whole, the book offers a basis for a new, balanced assessment of the role played by scepticism in both its

forms Since Richard Popkin's works there has been considerable interest in the role played by Pyrrhonian Scepticism in Early Modern Philosophy Comparatively Academic Scepticism was much neglected by scholars despite some scattered important contributions Furthermore a general assessment of the presence of Academic Scepticism in Early Modern Philosophy is lacking This book fills the void     The Complete Writings Charles Dudley Warner,2018-04-05 Reproduction of the original The Complete Writings by Charles Dudley Warner     **Studies in History, Economics, and Public Law** ,1921     *Arnold Bennett* James Hepburn,2013-06-17 This set comprises forty volumes covering nineteenth and twentieth century European and American authors These volumes will be available as a complete set mini boxed sets by theme or as individual volumes This second set complements the first sixty eight volume set of Critical Heritage published by Routledge in October 1995
