Voices in the Wilderness Walter Simmons,2006-02-24 Despite the Modernist search for new and innovative aesthetics and rejection of traditional tonality several twentieth century composers have found their own voice while steadfastly relying on the aesthetics and techniques of Romanticism and 19th century composition principles Musicological and reference texts have regarded these composers as isolated exceptions to modern thoughts of composition_exceptions of little importance treated simplistically and superficially Music critic and scholar Walter Simmons however believes these composers and their works should be taken seriously They are worthy of more scholarly consideration and deserve proper analysis assessment and discussion in their own regard In *Voices in the Wilderness* the first in a series of books celebrating the Twentieth Century Traditionalist Simmons looks at six Neo Romantic composers Ernest Bloch Howard Hanson Vittorio Giannini Paul Creston Samuel Barber Nicolas Flagello Through biographical overviews and a comprehensive assessment of musical works Simmons provides readers with a clear understanding of the significance of the composers their bodies of work and their placement in musicological history The chapters delve deeply and objectively into each composer s oeuvre addressing their origins stylistic traits and consistencies phases of development strengths and weaknesses and affinities with other composers The composers most representative works are identified and each chapter concludes with a discography of essential recordings Visit the author s website to read samples from the book and to listen to representative excerpts of each composer s work

The Philadelphia Orchestra Richard A. Kaplan,2015-01-16 The Philadelphia Orchestra is the most

recorded orchestra in the United States and its recordings have contributed much to its reputation as The World's Greatest Orchestra. In *The Philadelphia Orchestra: An Annotated Discography*, Richard A. Kaplan documents more than 2,000 commercial recordings made by the Philadelphia Orchestra over almost a century. The discography contains a chronological list of recordings detailing works performed, conductors, soloists, dates, venues, producers, and matrix information for 78 rpm recordings. Each entry lists all issues of the recordings, including 78 and 45 rpm discs, long playing records, and compact discs. The discography documents for the first time the recordings made by Columbia on sixteen-inch lacquer discs during the 1940s and 50s. Opening with an overview of the Orchestra's relationships with recording companies and the search for suitable recording venues, chapters cover anonymously and pseudonymously published recordings, including those of the Robin Hood Dell Orchestra of Philadelphia, the experimental 1931-32 Bell Labs recordings, videos, and movies in which the Philadelphia Orchestra performed live recordings, and recordings of ensembles of the Philadelphia Orchestra. A separate chapter lists live concert downloads made available directly through the Philadelphia Orchestra Association. Appendixes cross-reference the recordings by composer, conductor, and soloists; a final appendix lists the many Philadelphia Orchestra LP collections published by Columbia and RCA. This book is a valuable resource for collectors, scholars, and anyone interested in recording history and the history of the Philadelphia Orchestra.

The World of Music According to Starker

Janos Starker, 2004. Few cello players currently before the public have enjoyed the kind of international success in all conceivable musical career roles as Janos Starker. In his lifetime, Starker has gained renown as teacher, soloist, and orchestra player. *Chicago Tribune*: Starker remains one of the wonders of the musical world, an artist who finds innumerable ways to shape and color lines. *Cleveland Plain Dealer*: Starker is not just a cellist. He is widely recognized as one of the finest of the last 50 years. *Indianapolis Star*: Starker emerges here as the rare artist who respects the past but lives enthusiastically in the present. *Essential*: All readers, all levels. *Choice*: Janos Starker is universally acknowledged as one of the world's great musicians. Known for a flawless technique paired with expressive playing and interpretation, the Hungarian-born cellist is arguably also the premier teacher of his instrument in our time. String players flock to his masterclasses from all over the world, and cellists compete vigorously to study under him at the Indiana University School of Music. More than the consummate musician, however, Starker is also a raconteur and writer, occasionally quirky and droll, always witty and with a pointed opinion to share. *The World of Music According to Starker* is a colorful autobiography spanning the author's fascinating life. From his early musical education during World War II in Hungary to his world tours, educational philosophy, and recording and pedagogical legacy, Starker takes the reader on a riveting, entertaining, and informative journey. Included in the book are several of Starker's short stories and commentaries on world events, academia, and of course music that have appeared in newspapers, music periodicals, and trade magazines. Also included is a bonus CD recording of Starker's last public recital, which is unavailable commercially, and includes his only recording of the Strauss Sonata in F, Opus 6. Included on the CD: Richard Strauss, Sonata

in F Opus 6 Ludwig van Beethoven Sonata in C major Opus 102 no 1 Johannes Brahms Sonata in E minor Opus 38 Franz Schubert Sonatina in D Opus 137 no 1 Starker edition **Gaspar Cassadó** Gabrielle Kaufman, 2016-12-08 Barcelonian
