

Sam's Buffalo Cauliflower Salad

by Sam
@samthefoodie

Samuel Thomson is a very talented chef who does a wonderful job of creating our meals at our tiny little shop. This salad is inspired by American style buffalo wings, using cauliflower instead of chicken, which makes for a wonderful vegetarian salad that is super low carbs. We find it very hard to make eating at the cauliflower before it has been made it into the salad! Thank you, Samuel, for this post!

Farming the Home Place Valerie J. Matsumoto, 2019-06-30 In 1919 against a backdrop of a long history of anti Asian nativism a handful of Japanese families established Cortez Colony in a bleak pocket of the San Joachin Valley Valerie Matsumoto chronicles conflicts within the community as well as obstacles from without as the colonists responded to the challenges of settlement the setbacks of the Great Depression the hardships of World War II internment and the opportunities of postwar reconstruction Tracing the evolution of gender and family roles of members of Cortez as well as their cultural religious and educational institutions she documents the persistence and flexibility of ethnic community and demonstrates its range of meaning from geographic location and web of social relations to state of mind

Kitchenspace Maria Elisa Christie, 2009-08-17 Throughout the world the kitchen is the heart of family and community life Yet while everyone has a story to tell about their grandmother s kitchen the myriad activities that go on in this usually female world are often devalued and little scholarly attention has been paid to this crucial space in which family gender and community relations are forged and maintained To give the kitchen the prominence and respect it merits Maria Elisa Christie here offers a pioneering ethnography of kitchenspace in three central Mexican communities Xochimilco Ocotepc and Tetecala Christie coined the term kitchenspace to encompass both the inside kitchen area in which everyday meals for the family are made and the larger outside cooking area in which elaborate meals for community fiestas are prepared by many women working together She explores how both kinds of meal preparation create bonds among family and community members In particular she shows how women s work in preparing food for fiestas gives women status in their communities and creates social networks of reciprocal obligation In a culture rigidly stratified by gender Christie concludes kitchenspace gives women a source of power and a place in which to transmit the traditions and beliefs of older generations through quasi sacramental food rites

Race and Repast Urszula Niewiadomska-Flis, 2022-12-15 *Race and Repast Foodscapes in Twentieth Century Southern Literature* examines how race relations are expressed through struggles over the meaning of food and access to food in Southern literature This innovative investigation offers new perspectives on the history of racial conflict in the South while illuminating how the very act of eating together allowed Southerners to cross race and class lines at a time of great strife

The Oxford Handbook of Early Modern Women's Writing in English, 1540-1700 Elizabeth Scott-Baumann, Danielle Clarke, Sarah C. E. Ross, 2022 A Handbook on early modern women's writing that combines new developments in historical and critical research with theoretical and conceptual approaches

Manuscript Recipe Books as Archaeological Objects Madeline Shanahan, 2014-11-18 During the mid to late seventeenth century women in Irish houses from elite backgrounds started to collect recipes which they recorded in domestic manuscripts While these manuscripts were made elsewhere at an earlier date they were an almost entirely new arrival to Ireland in this period and their sudden proliferation said much about changes taking place in society at large This book is a detailed study of such manuscripts from the perspective of historical archaeology which will argue that they are artifacts which clearly demonstrate that a profound series of changes was taking place The written word penetrated people's daily lives and homes to a degree that it had not in previous periods and it had a profound influence on how they related to their world objects and each other While this book will address how we can use them as sources for the study of food history and material culture it is ultimately concerned with the meanings of manuscript recipe books and specifically what they say about the individuals and society that made them The proliferation of these manuscripts signaled a profound change not just in cuisine but also in the way people thought about and related to food as a form of material culture Ultimately this book will argue that these manuscripts are not simply excellent records which can tell us about material culture within the early modern house but that they are a profoundly important type of artifact in their own right Undertaking research that situates textual objects such as recipe books at the very core of historical archaeology is critical to understanding some of the most significant changes that took place in the early modern world
