von der Psychoanalyse und der Lebensphilosophie Nietzsches aber auch von der stlichen Philosophie und Religion beeinflusst
und zeichnen sowohl das Bild einer zerrissenen abendl ndischen Kultur als auch der Utopie einer neuen geistigen

Scherer-Boccard** Theodor von SCHERER-BOCCARD (Count.),1870 **Hermann Hesse Today / Hermann Hesse Heute** ,2016-08-09 In November 2002 an international conference was held at the Institute of Germanic Studies in London in order to commemorate the 125th anniversary of Hermann Hesse's birth Twenty distinguished speakers from North and South America Russia Switzerland Germany and the United Kingdom attended the three day conference with the specific aim of exploring the continuing importance of this widely read German language author This volume brings together the various responses to the complex challenge that Hesse whose sheer success is sometimes seen as detracting from his status presents to literary scholarship around the world The author's current image among readers and scholars is approached from several distinct thematic and theoretical perspectives with the objective of providing a concise overview of current research The volume offers new readings of a number of Hesse's seminal works and makes a significant contribution to academic research into his past and present standing as a global icon As the title suggests the focus is on Hermann Hesse Today The book investigates his current significance for a modern readership taking account of his importance in the lecture theatre and classroom the multi-faceted applicability of his moral ethical and aesthetic concerns in the context of a fragmented world and the continuing relevance of his writings With the ever increasing importance of modern preoccupations such as the ecological movement or the growth of the internet a fresh look at Hesse's works is long overdue The most obvious sign of this is the appearance of a definitive historical critical edition of his works prose poetry and literary criticism which will give access to much hitherto unpublished material and stimulate fresh debates on an author who ranks among the best known and most influential figures of the twentieth century This volume will be of interest to teachers of German in higher education and their students as well as researchers and the general readership that continues to take an interest in Hesse on both sides of the Atlantic

Impact Oscar Von Seth, 2024 A timely collection of new essays arguing for the continuing relevance and impact of Hesse's works around the world Hermann Hesse remains one of the great figures of world literature He is the world's 35th most translated author with more than 1 500 translations of his works currently listed on UNESCO's Index Translatorium Our understanding of the reciprocal transcultural reception of literature has been radically transformed in the last two decades starting with David Damrosch's *What is World Literature* 2003 Meanwhile some forty years have passed since Martin Pfeiffer's anthology *Hermann Hesses weltweite Wirkung Hermann Hesse's Worldwide Impact* was published which means it is time to consider Hesse's global impact again though not in terms of a country by country study Rather this book explores Hesse's continuing global relevance more broadly Hesse is global in the sense that his themes touch on the non-material side of human existence in a way that readers in different cultural communities respond to His prose and poetry offer an oasis of calm authenticity and spirituality a mental terrain of profound and genuine meaning The present collection of new essays argues that this spiritual capital may help readers of Hesse in uncertain times beyond the doctrines of organized religions or ideologies assisting them in inhabiting creatively both the world of literature and the visceral world of the early 21st century Edited by Ingo Cornils and Neale Cunningham Contributors Flavia Arzeni Zhan Chunhua Thomas Cyron Helga Esselborn Krumbiegel Carina Gröner Karl Josef Kuschel Thomas Taro Lennerfors Volker Michels Christopher Newton Shrikant Arun Pathak John Pizer Adam Roberts Oscar von Seth Christiane Schönfeld Laszlo V Szabo Girishsha Ameya Tilak Jennifer Walker Yoichi Yamamoto Michal Zawadzki Thirty-seventh national sängerfest of the North American Sängerbund at the Olympia, Detroit, Michigan.
