Scope And Standards Of Addictions Nursing Practice:

Scope and Standards of Addictions Nursing Practice International Nurses Society on Addictions, American Nurses Association, 2004 *Addictions Nursing* American Nurses Association, International Nurses Society on Addictions, 2021-09 Addictions Nursing Scope and Standards of Practice describes a competent level of nursing care at each level of addictions nursing practice and provides comprehensive overviews of the dynamic and complex practice of the addictions nursing specialty. Jointly published by ANA and the International Nurses Society on Addictions IntNSA, this book is informed by advances in health care and professional nursing practice. It contains national standards of practice and performance that define the who, what, where, when, why, and how of addictions nursing practice and is a vital reference for Quality improvement initiatives, Certification and credentialing, Position descriptions and performance appraisals, Classroom teaching and in-service education programs, Boards of nursing, members' orientation programs, and regulatory decision-making activities. Addictions Nursing Scope and Standards of Practice is intended to guide nurses who serve individuals and families affected by substance use and related behaviors, as well as administrators, legislators, regulators, legal counsel, and other interprofessional colleagues. While this document is intended primarily as a reference source for American nurses, it contains valuable information for nurses in other countries.

Addictions Nursing American Nurses Association, 2013 This guide contains the most up-to-date information on this practice specialty. It specifies the who, what, where, when, why, and how of addictions nursing practice. The 16 standards are those by which all RNs in addictions nursing are held accountable for in their practice. Each standard is measurable by a set of specific competencies that serve as evidence of minimal compliance with that standard. Addictions Nursing Scope and Standards of Practice is a must-have title for clinicians, educators, students, and other healthcare workers directly involved in this area of practice.

Core Curriculum of Addictions Nursing Albert Rundio, Bill Lorman, 2015-08-10 An official publication of the International Nurses Society on Addictions IntNSA, the Core Curriculum of Addictions Nursing provides a foundation for expertise in addictions nursing and helps nurses achieve success on the basic and advanced addictions nursing certification examination. It serves as a valuable reference for nurses in all settings and practice areas, aiding with the development or expansion of knowledge of skills in caring for clients potentially or actually affected by addictive processes. The Core Curriculum advances evidence-based addictions nursing practice while supporting the mission of the IntNSA.
