been on the horizon for a number of years there has been a need for a practical classroom based approach for its
implementation This second edition is a major revision and update that offers practical and specific methods for developing
and using CBAs in an educational setting It gives educators a highly specific step by step approach to building CBAs in the
area of reading word recognition reading comprehension content reading mathematics and written expression Each chapter
offers detailed easy to read and easy to follow instructions for the assessment construction process To further clarify the
process extensive examples are given in table format A unique feature of the text is the manner in which the author
illustrates the principles of CBA by providing a case study on one student which is referred to in each chapter Its formative
assessment approach gives the teacher additional detailed information about students OCO performance which in turn should
guide the type of instruction designed and implemented ultimately leading to higher performance on summative outcome
measures Addition ally detailed information is provided on subject area CBA construction the creation and implementation of
a district wide CBA system for response to intervention and how to use IDEA S response to intervention in student evaluation
