Scottish Watercolours, 1740-1940 Julian Halsby, 1986 **Scottish Watercolour Painting** Jack Firth, 1979 Queen Victoria's Life in the Scottish Highlands Delia Millar, 1985 Queen Victoria and Prince Albert loved Scotland dearly and from the time of their first visit in 1842 they began to assemble a notable collection of watercolours for their Souvenir Albums recording the places they had seen Professional artists such as Sir Edward Landseer Carl Haag James Giles William Wyld and George Fripp were commissioned to record the appearance of the old and new castles at Balmoral and the royal holidays After the Prince's death a number of artists were summoned back to Balmoral to paint pictures that would preserve memories of happier days The Queen's watercolours of the Highlands provided her with a constant source of pleasure and the creation of this fascinating collection is the central theme of Delia Millar's book The author has made use of much unpublished material and many of the paintings selected for illustration which are almost exclusively drawn from the Royal Collection have never been reproduced before Victorian Landscape Watercolors Scott Wilcox, Christopher Newall, 1992 English landscape watercolor painting a perfect marriage of genre and medium entered a lively period of experimentation in style and content during the second half of the nineteenth century with rich and diverse results Through all the changes of style and technique and all the debates over the appropriate use of the medium it was watercolor's ability to convey the timeless truth and reality of the natural world that mattered to artists critics and audiences British watercolors of the Victorian period continued to observe an essential humility before nature they remain fresh and compellingly immediate because they derived in the first place from the artists heartfelt communion with the elements of nature Victorian Landscape Watercolors begins with a consideration of the continuing influence of the great generation who earlier in the century during the extraordinary parallel rise of watercolor and landscape painting had established the landscape watercolor as a major British contribution to the arts The second chapter examines the role of the landscape watercolor in the aesthetic thought of John Ruskin whose critical voice played a dominant role in shaping that art The third chapter looks at the place of landscape within the watercolor societies and its development as it appeared in their annual exhibitions The final chapter deals with the tug of new and old foreign and native in the later Victorian period The book also features 126 watercolors from public and private collections in America and England all reproduced in full color and accompanied by individual commentaries Among the 76 artists represented are David Cox Sr and Jr Walter Crane William Holman Hunt Edward Lear Samuel Palmer James Mallord William Turner James McNeill Whistler and Ruskin himself along with dozens of lesser known masters of the medium Victorian Landscape Watercolors is published in conjunction with the first exhibition to survey this period of this particularly British contribution to the arts the exhibition organized by the Yale Center for British Art in New Haven Connecticut will also be seen at the Cleveland Museum of Art and in Birmingham England Who's who in Art Bernard Dolman, 1927 Queen Victoria's Life in the Scottish Highlands, 2003-09 Queen Victoria and Prince Albert loved Scotland dearly and from the time

of their first visit in 1842 they began to assemble a notable collection of watercolours for their Souvenir Albums recording the places they had seen After the Prince's death a number of artists were summoned back to Balmoral to paint pictures that would preserve memories of happier days The Queen's watercolours of the Highlands provided her with a constant source of pleasure and the creation of this collection is the central theme of Delia Millar's book *Contemporary Painting in Scotland* Bill Hare, 1992 Contemporary Scottish art gained international recognition in the 1980s both in terms of the increasing reputation of established artists like Alan Davie John Bellany Bruce McLean and Elizabeth Blackadder but also with regard to a number of important emerging painters Many of the themes of international New Painting in the 1980s bold figuration evocative narrative emphatic technique and poetic atmosphere are also characteristic of contemporary Scottish art but as can clearly be seen here Scottish painting has at last rediscovered its own voice This timely book describes recent events in contemporary Scottish painting and provides fascinating profiles of 48 notable artists This is the first major overview of contemporary Scottish painting

Life, Times and Work of William Gillies, 1898-1973 Andrew McPherson, 2024-11-30 For seventy years William Gillies has been seen as a placid painter of landscape and decorative still life Andrew McPherson explodes this view to reveal a modernist whose response to the instabilities and violence of modernity touched universals of human experience Gillies' idiom was shaped by institutions for artistic production unique to Scotland But it was the politics of Scotland's connections to the rest of the British Isles that produced his mythic and misleading reputation New paintings and new meanings are uncovered placing the micro effects of modernity on mental health family and community in the wider contexts of war nationalism and public patronage McPherson also shows how this changing world led Gillies towards new applications of modernist expression Lavishly illustrated and referencing almost one thousand works this major reappraisal is an indispensable source on the cultural politics of a four nation state and the reception of modernism in Britain Bryan's Dictionary of Painters and Engravers Michael Bryan, 1910

Professional Women Painters in Nineteenth-Century Scotland Janice Helland, 2019-06-11 This title was first published in 2000 Women in the 19th century have long been presented as the angel in the house The author rewrites this history by investigating the life and working conditions of a number of middle class women who sought to establish themselves as professional artists in Scotland Contrary to the orthodox view preoccupied with oppression and difficulty the author demonstrates that women artists of the period were independent producers teachers and travellers alert to changes in taste and fashion They derived great pleasure from their work and enjoyed the benefits of women working together forming their own and joining existing professional associations The book is not biographical but elaborates on the life and working conditions of middle class artists by discussing their work in terms of economic and social history
