Scottish Estate Tweeds:

Scottish Estate Tweeds E. P. Harrison. 1995 **SCOTTISH** IAN. URQUHART,2018 Tweed Fiona Anderson, 2016-12-15 The story of tweed is tied to a series of social economic and cultural shifts that have molded its development This book considers the historical factors that helped to shape the design characteristics and social meanings of the group of fabrics that we call tweed from their emergence in the 1820s to the present day Including significant new research on tweeds from Harris Tweed to the type used by Chanel this book follows the history of these fabrics from the raw fiber to the finished garment in men s and women s fashion Exploring rural and urban contexts this book reveals the important physical and conceptual relationships of tweed with landscape Anderson shows that contrary to their strong popular associations with tradition tweeds emerged in the Romantic era as a response to the dramatic changes associated with industrialization and urbanization Progressive changes in gender relations are also explored as a major factor in tweed s evolution from associations with particular ideals of masculinity into what is now a truly adaptable fashion textile worn by both sexes This is the first book of its kind to recognize the importance of tweed to fashion innovation today the Mist Robin Noble, 2016-04-21 A very worthwhile book Sir John Lister Kaye The magnificent Highlands of Scotland represent in so many ways ancient Britain But much of this apparently wild environment is in fact far more recent in origin it has been shaped by the Victorians Castles in the Mist reveals how for better or for worse the vast sporting estates of the Victorian era created the salmon rivers deer forests and grouse moors transforming the Highlands into the landscape that we recognise today with its attendant environmental problems In a seductive blend of memoir history and natural history Robin Noble explores the colossal impact of the Victorian legacy in his beloved Highlands and issues a clarion call for change to start tipping the balance back in nature s favour European fashion Regina Lee Blaszczyk, Véronique Pouillard, 2018-02-07 The period since 1945 has been a transformative era for the fashion industry. Over the course of seventy years the fashion world has moved from celebrating the craftsmanship of haute couture to revelling in ever changing fast fashion This volume examines the transition from the old system to the new in a series of case studies grouped around three major themes Part I focuses on Paris as a creative hub aiming to understand how the birthplace of haute couture adapted to late twentieth century developments Part II considers the retailer's role in shaping taste responding to consumer expectations and disseminating fashion merchandise Part III looks to alternative visions of the European fashion system that have appeared in unexpected places The volume is highly interdisciplinary covering design history cultural anthropology ethnography Fear and Clothing Jane Custance Baker, 2023-01-26 Through management studies and the cultural history of business analyzing dress in detective fiction Fear and Clothing reveals a cultural history of identity affected by the social upheaval caused by war In depth analysis of interwar publications by a comprehensive range of writers reveals readers anxieties and fears about class gender and race and how these changed over the period Although read and written by both men and

women detective fiction was deemed at the time to be a masculine and high status entertainment However the literature demonstrates an admiration and acceptance of the woman's identity performed during the Great War and continuing throughout the interwar period as girl pal and female gentleman In chapters that explore age character class masculinity performative womanhood and race Jane Custance Baker exposes how dress was a status marker to both male and female readers made anxious by social change brought about by war Dress in detective fiction reveals a set of signs to be read digested and possibly employed to model the individual reader's personal dress choices. Fear and Clothing sheds new light on dress of the period the social and cultural environment as depicted in the popular fiction genre in the early 20th century and is of interest to researchers and scholars within dress history literary and historical studies as well as anyone who enjoys the history of detective fiction This Golden Fleece Esther Rutter, 2020-03-09 A book about wool and sheep the making of Scotland England and farming textile manufacture folklore and crucially the essential craft of knitting Janice Galloway author of Jellyfish Over the course of a year Esther Rutter who grew up on a sheep farm in Suffolk and learned to spin weave and knit as a child travels the length of the British Isles to tell the story of wool's long history here She unearths fascinating histories of communities whose lives were shaped by wool from the mill workers of the Border countries to the English market towns built on profits of the wool trade and the Highland communities cleared for sheep farming and finds tradition and innovation intermingling in today s knitwear industries Along the way she explores wool s rich culture by knitting and crafting culturally significant garments from our history among them gloves a scarf a baby blanket socks and a fisherman s jumper reminding us of the value of craft and our intimate relationship with wool This Golden Fleece is at once a meditation on the craft and history of knitting and a fascinating exploration of wool's influence on our landscape history and culture Wondrous BBC Countryfile A yarn well told The Irish Times A compelling literary journey through the social history of wool in the British Isles Karen Lloyd author of The Gathering Tide Rutter's stops on her journey around Britain also knit together the past and the present the social historical and the personal in an altogether engaging way Books from Scotland Textile Horizons, 1996 The Afterlives of Animals Samuel J. M. M. Alberti, 2011-09-20 In the quiet halls of the natural history museum there are some creatures still alive with stories whose personalities refuse to be relegated to the dusty corners of an exhibit The fame of these beasts during their lifetimes has given them an iconic status in death More than just museum specimens these animals have attained a second life as historical and cultural records This collection of essays from a broad array of contributors including anthropologists curators fine artists geographers historians and journalists comprises short biographies of a number of famous taxidermized animals Each essay traces the life death and museum afterlife of a specific creature illuminating the overlooked role of the dead beast in the modern human animal encounter through practices as disparate as hunting and zookeeping The contributors offer fresh examinations of the many levels at which humans engage with other animals especially those that function as both natural and cultural phenomena including Queen Charlotte's pet

zebra Maharajah the elephant and Balto the sled dog among others Readers curious about the enduring fascination with animals who have attained these strange afterlives will be drawn to the individual narratives within each essay while learning more about the scientific cultural and museological contexts of each subject Ranging from autobiographical to analytical the contributors varying styles make this delightful book a true menagerie Contributors Samuel J M M Alberti Royal College of Surgeons Sophie Everest University of Manchester Kate Foster Michelle Henning University of the West of England Bristol Hayden Lorimer University of Glasgow Garry Marvin Roehampton University London Henry Nicholls Hannah Paddon Merle Patchett Christopher Plumb University of Manchester Rachel Poliguin Jeanne Robinson Glasgow Museums Mike Rutherford University of the West Indies Richard C Sabin Natural History Museum Richard Sutcliffe Glasgow Museums Geoffrey N Swinney University of Edinburgh **History of Men's Fashion** Nicholas Storey, 2009-08-19 Anyone aiming for timeless elegance rather than temporary chic will benefit from Storey's authoritative but readable book Esquire Everything you ever wanted to know about men's clothing and so much more from the exact hour Nelson lost his right eye to the type of palm needed for a Panama hat what Cary Grant's tailor had to do to his shoulders and those all important questions of what to where when and why including when to wear a bow tie surely never is the only answer A quirky book full of facts that you never realised you needed to know including the exact thickness of animal hair used to create must have fashion items including suits Provocative and controversial at times but always very well dressed Mr Storey a barrister offers a compendium of correct garments for all occasions plus the best places to be peak them as well as anecdotes from films books royalty and the beau monde He solves every quandary from proper full fig white tie to the right grey topper for Ascot to where to get and wear tweed It is all here Hats off Country Life Leaders of fashion all share one thing in common a discerning penchant for the English sartorial standard This book covers all the main areas rather well just how Beau Brummell would have specified Maxim Pokes gentle fun at men's fashions through the last two centuries This is popular history at its very best amusing entertaining enlightening and very very funny It s a brilliant book Books Monthly

Building on Batik Michael Hitchcock, Wiendu Nuryanti, 2016-12-05 The word batik is possibly of Malay origin from the word tik meaning to drip or to drop The term is applied to a resist dye technique invented independently in locations as diverse as Ancient Egypt Japan and Turkestan Batik is a remarkably flexible textile technique and is suited to small scale methods of production but demand from the fashion and tourism industries is increasing This volume brings together the experiences and concerns of the international community of batik producers It gives voice to their suggestions for ensuring that the producers of this traditional craft are integrated into its increasingly global production rather than excluded from it Building on the work of batik designers and producers the book discusses the emergence of a global craft consciousness Batik producers report on innovative measures taken both individually and collectively to hold their market position while commercial producers frequently annex and mass produce traditional batik design The book concludes with a discussion of

marketing and production innovations and tourism which enable the producers of batik to maintain the integrity of their designs whilst harnessing the benefits of new commercial forms
