

All the states, that is,
except for Kansas.

He was not feeling happy at all.

How do I know this?
Because he said,

I'M NOT FEELING HAPPY AT ALL!

content area instruction helping busy teachers to meet curriculum requirements within the confines of their busy schedules. It's a familiar and unfortunate story educators everywhere are being asked to do more teaching with less money, less staff, and less time. One easy way to provide more content area instruction to very young readers is by scaffolding beneficial learning subjects within memorable read aloud activities. This augments the instructional curriculum and keeps learning fun without adding to the educator's already full plate.

Read Aloud Scaffold: Best Books to Enhance Content Area Curriculum
Grades Pre-K-3 offers teachers and librarians over 700 content area connections through carefully selected, recently published children's trade books. These selections include fiction and non-fiction titles that represent outstanding read aloud choices that will augment the instructional curriculum, covering subjects ranging from history to holidays to special events and from biographies and memoirs to poetry and character education. A Closer Look suggests outstanding read aloud choices related to key units in the curriculum and features discussion points, cross-curricular activities, writing prompts, and related online and print materials.

Using Google Earth: Bring the World into Your Classroom Levels 1-2 JoBea Holt, 2012-02-01

Learn to use Google Earth and add technological richness across the content areas in grades 1-2 with this highly engaging, easy-to-use resource that offers flexibility for authentic 21st-century learning. This teacher-friendly book provides step-by-step instructions, lessons, and activities that integrate this technology into social studies, science, mathematics, and English language arts curriculum. All lessons are differentiated for a variety of learning styles, and activities are leveled for all learners. In addition, suggestions for flexible groupings and for extension activities are also included.

Using Google Earth: Bring the World Into Your Classroom shows teachers how to help their students start their own kmz folders and fill them with layers of locations that connect their own lives to the curriculum and to build cross-curricular connections. The ZIP file includes templates plus clear, easy-to-follow directions to lead students and teachers to see a global view by starting with their own neighborhoods and then moving outward. This resource is aligned to the interdisciplinary themes from the Partnership for 21st Century Skills and supports core concepts of STEM instruction.
