of Panchita Villa and Other Guerrilleras Tey Diana Rebolledo, 2005 Although there have been substantial contributions to Chicana literature and criticism over the past few decades Chicanas are still underrepresented and underappreciated in the mainstream literary world and virtually nonexistent in the canon Writers like Sandra Cisneros Ana Castillo and Gloria Anzald a have managed to find larger audiences and critical respect but there are legions of Chicana writers and artists who have been marginalized and ignored despite their talent Even in Chicano anthologies the focus has tended to be more on male writers Chicanas have often found themselves without a real home in the academic world Tey Diana Rebolledo has been writing about Chicana Latina identity literature discrimination and feminism for more than two decades In this collection of essays she brings together both old and new works to give a state of the moment look at the still largely unanswered questions raised by vigilant women of color throughout the last half of the twentieth century An intimate introductory essay about Rebolledo s personal experiences as the daughter of a Mexican mother and a Peruvian father serves to lay the groundwork for the rest of the volume The essays delve into the historical development of Chicana writing and its early narratives the representation of Chicanas as seen on book covers Chicana feminism being a Chicana critic in the academy Chicana art history and Chicana creativity Rebolledo encourages guerrillera warfare against academia in order to open up the literary canon to Chicana Latina writers who deserve validation Latin America In Comparative Perspective Peter H Smith, 2018-10-08 This book highlights the necessity of analyzing Latin American society and politics within broad comparative frameworks It explores methodological strategies for regional comparison and offers new approaches to the study of women state power corporatism and political culture *Américanas, Autocracy, and Autobiographical Innovation* Lisa Ortiz-Vilarelle, 2020-11-03 Overwriting the Dictator is literary study of life writing and dictatorship in Americas Its focus is women who have attempted to rewrite or overwrite discourses of womanhood and nationalism in the dictatorships of their nations of origin The project covers five 20th century autocratic governments the totalitarianism of Rafael Trujillo s regime in the Dominican Republic the dynasty of the Somoza family in Nicaragua the charismatic yet polemical impact of Juan and Eva Per n on the proletariat of Argentina the controversial rule of Fidel Castro following Cuba s 1959 revolution and Augusto Pinochet s coup d tat that transformed Chile into a police state Each chapter traces emerging patterns of experimentation with autobiographical form and determines how specific autocratic methods of control suppress certain methods of self representation and enable others The book foregrounds ways in which women s self representation produces a counter narrative that critiques and undermines dictatorial power with the depiction of women as self aware resisting subjects engaged in repositioning their gendered narratives of national identity **Jewish Writers of Latin America** Darrell B. Lockhart, 2013-08-21 Jewish writing has only recently begun to be recognized as a major cultural phenomenon in Latin American literature Nevertheless the majority of students and even Latin American literary specialists remain uninformed about this significant body of writing This Dictionary is the first comprehensive bibliographical and critical source book on
