Video and DVD Industries Paul McDonald, 2019-07-25 When the videocassette recorder was launched on the consumer market in the mid 1970s it transformed home entertainment Bringing together complementary but also competing interests from the consumer electronics industry and the film television and other copyright industries video created a new sector of media business Two decades later DVD reinvented video media for the digital age DVD provided consumers with an innovative form of entertainment technology and almost instantaneously became the catalyst for a huge boom in the video market Although the VCR and DVD created major markets for video hardware and software the video business has been continually shaped by industry conflicts and tensions Repeatedly the video market has become divided when faced with the introduction of competing formats Easy reproduction of films and other works on cassette or disc made video software a lucrative market for the copyright industries but also intensified struggles to combat the effects of commercial piracy Video and DVD Industries examines the business of video entertainment and provides the first study looking at DVD from an industrial perspective Detailing divisions in the video business the book outlines industry battles over incompatible formats from the Betamax VHS war to competing laserdisc systems alternatives such as video compact disc or Digital Video Express and the introduction of HDDVD and Blu ray high definition systems Chapters also look at the formation of international markets in the globalization of video media the contradictory responses of the Hollywood studios to video and DVD and the legal and technological measures taken to control industrialized video piracy

User Interfaces for All Constantine Stephanidis, 2019-03-30 User Interfaces for All is the first book dedicated to the issues of Universal Design and Universal Access in the field of Human Computer Interaction HCI Universal Design or Design for All is an inclusive and proactive approach seeking to accommodate diversity in the users and usage contexts of interactive products applications and services starting from the design phase of the development life cycle The ongoing paradigm shift toward a knowledge intensive information society is already bringing about radical changes in the way people work and interact with each other and with information The requirement for Universal Design stems from the growing impact of the fusion of the emerging technologies and from the different dimensions of diversity which are intrinsic to the information society This book unfolds the various aspects of this ongoing evolution from a variety of viewpoints It s a collection of 30 chapters written by leading international authorities affiliated with academic research and industrial organizations and non market institutions The book provides a comprehensive overview of the state of the art in the field and includes contributions from a variety of theoretical and applied disciplines and research themes This book can also be used for teaching purposes in HCI courses at the undergraduate as well as graduate level Students will be introduced to the human organizational and technology oriented dimensions that call for a departure from traditional approaches to user interface development Students will also get an overview of novel methods techniques tools and frameworks for the design implementation and evaluation of user interfaces

that are universally accessible and usable by the broadest possible end user population This comprehensive book is targeted to a broad readership including HCI researchers user interface designers computer scientists software engineers ergonomists and usability engineers Human Factors researchers and practitioners organizational psychologists system product designers sociologists policy and decision makers scientists in government industry and education as well as assistive technology and rehabilitation experts Lee Marvin Robert J. Lentz,2006-01-30 Lee Marvin did not receive his first starring film role until he was 40 but in three short years following the successes of Cat Ballou for which he won the Academy Award as Best Actor The Professionals and especially The Dirty Dozen he was the most popular film actor in America Marvin was a fascinating man a loving husband and father and one of the most natural effective actors of his time This is a comprehensive reference of the Oscar winning actor s work It includes biographical information on Marvin an analysis of each of his 64 movies chapters on his two television shows M Squad and Lawbreaker a listing of his television appearances and a complete filmography which includes video availability The work is supplemented with dozens of photographs and film stills **Screen Digest** ,2000 **Global Transformations** David Held,1999 In this book the authors set forth a new model of globalization that lays claims to supersede existing models and then use this model to assess the way the processes of globalization have operated in different historic periods in respect to political organization military globalization trade finance corporate productivity migration culture and the environment Each of these topics is covered in a chapter which contrasts the contemporary nature of globalization with that of earlier epochs In mapping the shape and political consequences of globalization the authors concentrate on six states in advanced capitalist societies SIACS the United States the United Kingdom Sweden France Germany and Japan For comparative purposes other states particularly those with developing economics are referred to and discussed where relevant The book concludes by systematically describing and assessing contemporary globalization and appraising the implications of globalization for the sovereignty and autonomy of SIACS It also confronts directly the political fatalism that surrounds much discussion of globalization with a normative agenda that elaborates the possibilities for democratizing and civilizing the unfolding global transformation

Worlds in Common? Ulrike H. Meinhof,Kay Richardson,2005-08-31 Worlds in Common examines the newly emerging forms of language used in satellite television programmes exploring a wide range of genres including twenty four hour news broadcasting culture channels talk shows local TV and European news Focusing on the experiences of British and German viewers the authors discuss these new forms of communication brought about by the technological and economic upheavals in Europe in the late 1990s This interaction between media theories and media discourses makes the book highly relevant for researchers in media and cultural studies as well as linguistics and provides an important and innovatory link between these different approaches **How Hysterical** E. Runions,2003-08-01 How Hysterical reads scenes from the films Light It Up Three Kings Remember the Titans Paris is Burning Boys Don t Cry and Magnolia alongside biblical texts from Numbers

Exodus Isaiah Micah Ezekiel and Revelation An innovation in studies on Bible and film How Hysterical is less centred on direct citation of the Bible in film than on analyses of hypostasized biblical influence in culture Here through accessible engagement with feminist queer post colonial and ideological critical theories Runions discusses the processes by which biblical and filmic texts can both bolster and disrupt identifications with the norms that drive politics and culture

The Queer Coming of Age Film Genre Brad Windhauser, 2024-10-15 In *The Queer Coming of Age Film Genre* Brad Windhauser argues for the existence of this genre and using a genre and queer theory lens investigates how the initial classic cluster of this genre's films represent the unique issues experienced by queer people including trans non binary and intersex individuals coming of age in society in the mid to late 90s As society evolved the book posits so too did the ways in which these films explored additional factors influencing the queer coming of age experience such as race and economic status in the genre's second stage Windhauser explores how this genre depicts the way queer people often engage with the coming of age process earlier than their cis het peers due to their queer identity but also how this process can extend beyond adolescence into emerging adulthood and adulthood itself Ultimately the book demonstrates how these films have become a tool to both further political goals of queer advocacy and acceptance and to offer guidance to queer people looking to gain a deeper understanding of their own lives and experiences Scholars of film studies genre studies pop culture and queer studies will find this book of particular interest

American International Pictures Rob Craig, 2019-02-15 American International Pictures was in many ways the missing link between big budget Hollywood studios poverty row B movie factories and low rent exploitation movie distributors AIP first targeted teen audiences with science fiction horror and fantasy but soon grew to encompass many genres and demographics at times it was indistinguishable from many of the major studios From *Abby Cadabby* to *Zontar* this filmography lists more than 800 feature films television series and TV specials by AIP and its partners and subsidiaries Special attention is given to American International Television the TV arm of AIP and an appendix lists the complete AITV catalog The author also discusses films produced by founders James H Nicholson and Samuel Z Arkoff after they left the company

Uncoding the Digital D. Savat, 2012-11-27 Digital media are having an enormous impact on the world From the seemingly mundane like playing *World of Warcraft* to posting a message on Twitter or Facebook to the operation of financial markets to transformations in science and the economy digital media continue to revolutionize how people live their daily life This book challenges how we understand our relationship with our digital machines and shows how they open up a new capacity for action in the world A capacity for action that we should no longer simply think of in terms of movement and force but also in terms of flow and viscosity A capacity for action that produces a politics of fluids and finds its expression not only in new forms of social control but also in a renewed ability for people to engage with the world and each other

Organizational and Social Perspectives on Information Technology

Richard Baskerville, Jan Stage, Janice I. DeGross, 2013-03-14 The articles in this book constitute the proceedings papers from the IFIP WG 8.2 Working Conference IS2000 The Social and Organizational Perspective on Research and Practice in Information Technology held June 10-12 2000 in Aalborg Denmark The focus of the conference and therefore this book is on the basic aim of the working group namely the investigation of the interrelationships among four major components information systems IS information technology IT organizations and society This basic social and organizational perspective on research and practice in information technology may have evolved substantially since the founding of the group for example increasing the emphasis on IS development The plan for the conference was partially rooted in the early WG 8.2 traditions in which working conferences were substantially composed of invited papers For IS2000 roughly half of the paper presentations were planned to be invited the remaining half were planned to be double blind refereed in response to a Call For Papers Invited papers were single blind reviewed in order to provide the authors with pre publication feedback and comments along with the opportunity to revise their papers prior to its final incorporation in this book **Screen World, 1997**, 1998 Environmental Integration Ton Bührs, 2009-04-09 The environmental challenges facing humankind can most effectively be met through environmental integration incorporating environmental considerations into everyday human thinking behavior and practices at both the individual and collective levels Increasingly people and organizations throughout the world are taking the environment into account but at the same time there is insufficient integration of attitudes policies and programs People and groups have different and often conflicting views and interpretations of what is desirable or required to protect the environment Environmental Integration looks at the ways that governments can play a crucial role in advancing promoting and shaping a singular integrated environmental policy *Korean War Filmography* Robert J. Lentz, 2016-05-01 The Korean experience changed the way Americans viewed war The lack of a clear cut victory inspired filmmakers to try to make sense of fighting another country's civil war and risking American lives for an unpopular cause This filmography details more than 90 English language films Each entry includes complete cast and credit listings a plot synopsis evaluation review snippets and notice of video availability This book places each film in its historical context assesses the essential truthfulness of each film and evaluates its entertainment value and discusses how and why Korean War films differ from other Hollywood war genres Four appendices list the films by chronology production company and studio level of historical accuracy and subject and theme Additional appendices list films with incidental references to the Korean War documentaries on the Korean War and South Korean films about the war Photographs a bibliography and an index are included **The World's Paper Trade Review**, 1914 *Consuming Environments* Mike Budd, Steve Craig, Clayton M. Steinman, 1999 This is an exploration of how much TV people watch why they watch too much and what they see The authors argue that while people may have good reasons for watching television they seem to be unaware that such habits might be harmful to their environmental health The book examines how advertising and media companies have shaped the commercial

content of most television tracing industry motives and operations and their increasing concentration in fewer hands
