**The Book of Esther and the Typology of Female Transfiguration in American Literature** Ariel Clark Silver, 2017-11-30 The enduring search for female salvation in American literature is first expressed through typology an

interpretive framework that pairs type with antitype historical scriptural promise with future spiritual fulfillment When Cotton Mather invokes the typos of Esther in *Ornaments of the Daughters of Zion* a Puritan conduct book he offers a female type of divine wisdom authority and force In the biblical Book of Esther Esther acts as a female type of wisdom and redemption but her story also engages the larger history of Hebrew salvation In nineteenth century America Margaret Fuller seeks to extend the spiritual claims once made by Mather and establish the role of the divine female in the salvation of American culture and society Fuller supplants the type of male sacrifice with a type of female transfiguration in works such as *Woman in the Nineteenth Century* Nathaniel Hawthorne then transforms these iconoclastic ideals into literary life by engaging the multi faceted figure of Esther as a typos of female redemption and salvation in *Legends of the Province House* *The Scarlet Letter* *The Blithedale Romance* and *The Marble Faun* Through his female characters Esther Dudley Hester Prynne Zenobia and Miriam he seeks to fulfill the divine destiny of the American woman Hawthorne discovers however that female redemption is followed by revenge as Esther turns from saving her people to ensuring an end to their oppression When Henry Adams later revives Esther Dudley in his novel *Esther* he rejects male redemption for the American woman In *Democracy* *Esther* *Mont Saint Michel* and *The Education of Henry Adams* Adams envisions an independent eternal woman who can rival the political scientific artistic and theological power of men The movement from male to female salvation is achieved when the terms of female redemption are transformed and the American woman is established as her own source of divine wisdom power retribution and force The typology of female transfiguration in America is fulfilled by Fuller Hawthorne and Adams through the promise extended by the type of Esther

**From Subjection to Survival** Molly J. Freitas,2022-12-23 From Subjection to Survival is a work of feminist scholarship that works at the intersection of literature and art history the written and the visual By examining six important and diverse multiethnic American women writers of the twentieth century Kate Chopin Anzia Yezierska Edith Wharton Zitkala a Nella Larsen and Helena Mar a Viramontes From Subjection to Survival establishes a genealogy of how women writers claim the power and possibility of visual art to make sense of their experiences These writers write about women and feature female protagonists who engage with art as painters writers muses or icons in the texts themselves The texts are written visually to expose the fundamental substantiation of gender in art and the unavoidable aestheticization of women in daily life As every text in this book makes clear women can claim substantial power through art Yet aestheticization is not always positive As a consequence of such negative possibilities the artistic self referentiality of all of the texts in From Subjection to Survival exposes a negotiated course between subjectivity and objectness which women experience when engaging with art From Subjection to Survival studies this negotiated course to lay bare the difficult path of women s artistic and aesthetic experience but ultimately to claim the power and the possibility of the visual arts for women

**Taking Liberties** Amy B. Aronson,2002-10-30 Unlike its British forebears the early American magazine or periodical miscellany functioned in culture as a forum driven by manifold contributions and perpetuated by reader response Arising in colonial Philadelphia America s more democratic magazine sustained a range of conflicting ideas norms and beliefs indeed it promoted their very exchange It invited and embraced competing voices particularly during the first 75 years of the Republic In this first ever account of the early American magazine as a distinct form Amy Beth Aronson reveals how such participatory dynamics and public visibility offered special advantages to women especially to those with sufficient education access and financial means for whom ladies magazines offered unusual opportunities for self expression collective discussion and cultural response Moreover the genre opened and sustained dialogue among contributors whose competing voices played off each other provoking rebuttal and revision by subsequent contributors and noncontributing readers This free play of discourse positioned women s words in a uniquely

productive way offering a kind of community of women readers who together wrote and revised magazine content and collectively negotiated and authorized new language for a new public's use      Readings at the Edge of Literature Myra Jehlen, 2002-06 Myra Jehlen's aim in these essays is to read for what she calls the edge of literature the point at which writing seems unable to say more which is also for Jehlen the threshold of the real It is here she argues that the central paradoxes of the American project become clear self reliance and responsibility universal equality and the pursuit of empire writing from the heart and representing shared values and ideas Developing these paradoxes to their utmost tension American writers often produce penetrating critiques of American society without puncturing its basic myths For instance Mark Twain's *Pudd'nhead Wilson* begins as a slashing satire of racism only to conclude by demonstrating that even an invisible portion of black blood can make a man a murderer Throughout these essays Jehlen demonstrates the crucial role that the process of writing itself plays in unfolding these paradoxes whether in the form of novels by Harriet Beecher Stowe and Virginia Woolf the histories of Captain John Smith or even a work of architecture such as the Guggenheim museum in Bilbao      The Bloomsbury Handbook of 21st-Century Feminist Theory Robin Truth Goodman, 2019-02-07 The Bloomsbury Handbook of 21st Century Feminist Theory was a PROSE Award finalist The Bloomsbury Handbook of 21st Century Feminist Theory is the most comprehensive available survey of the state of the art of contemporary feminist thought With chapters written by world leading scholars from a range of disciplines the book explores the latest thinking on key topics in current feminist discourse including Feminist subjectivity from identity difference and intersectionality to affect sex and the body Feminist texts writing reading genre and critique Feminism and the world from power trauma and value to technology migration and community Including insights from literary and cultural studies philosophy political science and sociology The Bloomsbury Handbook of 21st Century Feminist Theory is an essential overview of current feminist thinking and future directions for scholarship debate and activism
