Walford's Guide to Reference Material: Science and technology Albert John Walford, Library Association, 1999 A revised and updated guide to reference material It contains selective and evaluative entries to guide the enquirer to the best source of reference in each subject area be it journal article CD ROM on line database bibliography encyclopaedia monograph or directory It features full critical annotations and reviewers comments and comprehensive author title and subject indexes The contents include mathematics astronomy and surveying physics chemistry earth sciences palaeontology anthropology biology natural history botany zoology patents and interventions medicine engineering transport vehicles agriculture and livestock household management communication chemical industry manufactures industries trades and crafts and the building industry Twentieth Century China James H. Cole, 2004 Emphasizing reference works published since 1964 these volumes cover books periodicals and inclusions i e chapters in edited volumes on the 1911 Revolution the Republic of China 1949 post 1911 Taiwan post 1911 Hong Kong and Macao and post 1911 overseas Chinese Saul and the Monarchy: A New Look Simcha Shalom Brooks, 2017-05-15 The negative biblical presentation of King Saul of Israel has been biased in favour of David at the expense of Saul This book presents a more positive picture and more realistic view of the culture of the period extending from Saul to the schism Simcha Shalom Brooks explores a number of controversial issues such as the historicity of the biblical text on which so many modern scholars are sharply divided that David was ambitious and coveted Saul's throne and even though David became king the people continued to support the house of Saul This book makes a valuable contribution to the current biblical debate as to the existence of ancient Israel in the Iron Age 1 Period Simcha Shalom Brooks draws on literary historical and archaeological material to present a balanced view of the period

Reference Work in the University Library Rolland E. Stevens, Linda C. Smith, 1986 Introduction To Hydraulics Of Fine Sediment Transport, An (Second Edition) Ashish J Mehta, 2022-11-22 This book expounds the hydraulics of fine sediment which is almost ubiquitously found in coastal and estuarine waters and in rivers lakes and reservoirs Although the basic subject may be categorized as applied marine physics in shallow waters several physicochemical and biological effects on particulate transport have been addressed In this second edition most of the chapters have been substantially updated

rewritten and expanded Overall a significant change has also been made throughout by replacing sediment concentration a unit dependent quantity at the heart of numerous descriptions measurements and calculations with the nondimensional sediment volume fraction It marks a divergence in the manner in which fine sediment transport data and calculations are conventionally presented The book is mainly written for civil engineering seniors and graduate students to offer a comprehensive foundation in hydraulics of fine sediment The book is also a useful reference for researchers interested in the effects of physical chemistry and biology on fine sediment transport in water and to an extent on coastal and estuarine morphodynamics sediment transport port and harbor engineering and applied shallow watwer marine physics The book is also recommended reading for those interested in understanding particle transport in water

Adopting the Track of Phrase: An Psychological Symphony within **Longman Illustrated Dictionary Of Geology**

In a world used by monitors and the ceaseless chatter of quick transmission, the melodic beauty and psychological symphony created by the published word often fade in to the background, eclipsed by the relentless noise and disruptions that permeate our lives. But, situated within the pages of **Longman Illustrated Dictionary Of Geology** a stunning literary value full of organic emotions, lies an immersive symphony waiting to be embraced. Constructed by an outstanding musician of language, this interesting masterpiece conducts readers on a psychological journey, skillfully unraveling the hidden songs and profound influence resonating within each cautiously constructed phrase. Within the depths with this touching evaluation, we shall examine the book is main harmonies, analyze their enthralling writing model, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
