Roadside MBA Michael Mazzeo, Paul Oyer, Scott Schaefer, 2014-06-10 In this refreshingly different high toned business book three leading business school professors take to America's back roads in search of offbeat small businesses enterprises that hold valuable lessons for executives and entrepreneurs everywhere. Bloomberg Businessweek While playing hooky from a conference in Boston a few years back three former colleagues from Northwestern's Kellogg School of Management hopped in a car and embarked on a life changing road trip. They pulled into a shoe store in Maine and noticed that the sales help was unusually pushy. After a few questions they discovered the store had a secret shopper program in which employees would be marked down if they were not sufficiently aggressive with customers. A lightbulb went off. Instead of teaching the tried and true case studies involving GE and Microsoft these three men decided to pull their heads out of their ivory towers and search for insights about product differentiation, pricing, brand management, building a team, and a host of other topics. Why take your cues on employee compensation from Wall Street when you can learn from a Main Street company like Couer D Alene's best crime scene cleaner? Want to learn about scaling a business? Come meet Dr. Burris, the flying orthodontist who operates multiple profitable practices in rural Arkansas. Spiced with vehicular mishaps and unexpected finds, this is one business book you won't want to miss.

**The Jube Dog Never Lies** Ramin Zahed, 2000 This unusual coming of age story is set in Tehran right before and after the 1979 revolution which replaced the Shah's westernized regime with the rule of Moslem fundamentalists. The story's narrator is a 12 year old boy with an overactive imagination who is in love with all things American and is surrounded by a tight knit web of eccentric relatives. In his chaotic world street dogs give profound advice, otherworldly jins co exist with humans, and an ancient culture lives side by side with the daily rhythms of American pop songs and sitcoms. Despite its exotic milieu the characters and events of the book will seem strangely familiar to all of us who have lived through the difficult process of growing up. This may be an Iranian family but readers everywhere will be able to identify with the narrator's rivalries with his brother, the summertime car trips, the painful pangs of first love, disastrous dinner parties at home, and the dark shadows that death casts on daily life. The book also gives readers a colorful account of living through a difficult political climate through the eyes of a young boy, a perspective beyond what appears on TV news and daily
