Deutsche Nationalbibliographie und Bibliographie der im Ausland erschienenen deutschsprachigen Veröffentlichungen , 1996 **Franz Werfel: The Faith of an Exile** Lionel Steiman, 2010-10-30 Franz Werfel was born in Prague in 1890 and died in Beverly Hills in 1945 a popular and artistic success in Europe and America Despite his Jewish birth and upbringing he was attracted to Christianity at any early age and although he never formally converted he celebrated his own vision of it in his entire life s work The original of that peculiar faith and the response it engendered in Werfel s work as he lived through the horrific end of Jewish life in Europe are treated here Werfel was not a systematic thinker and while his writing contains much that is philosophical and theological his eclecticism and idiosyncrasy render any attempt to trace the specific origins of his thought or its relation to the work of contemporary philosophers and theologians highly problematic Thus this work is neither biography nor intellectual history in the strict sense it goes beyond melding the concerns of both genres into a thoughtful comprehensive portrait of faith at work Of interest to historians of the twentieth

century as well as to students of that intriguing zone that lies between faith and art but is neither or both **German books in print**, 2000 *Writing Travel in Central Asian History* Nile Green, 2014-01-02 For centuries travelers have made Central Asia known to the wider world through their writings In this volume scholars employ these little known texts in a wide range of Asian and European languages to trace how Central Asia was gradually absorbed into global affairs The representations of the region brought home to China and Japan India and Persia Russia and Great Britain provide valuable evidence that helps map earlier periods of globalization and cultural interaction Ritual Participation and Interreligious Dialogue Marianne Moyaert, Joris Geldhof, 2015-04-23 Shared ritual practices multi faith celebrations and interreligious prayers are becoming increasingly common in the USA and Europe as more people experience religious diversity first hand While ritual participation can be seen as a powerful expression of interreligious solidarity it also carries with it challenges of a particularly sensitive nature Though celebrating and worshipping together can enhance interreligious relations cross riting may also lead some believers to question whether it is appropriate to engage in the rituals of another faith community Some believers may consider cross ritual participation as inappropriate transgressive behaviour Bringing together leading international contributors and voices from a number of religious traditions Ritual Participation and Interreligious Dialogue delves into the complexities and intricacies of the phenomenon They ask what are the promises and perils of celebrating and praying together What are the limits of ritual participation How can we make sense of feelings of discomfort when entering the sacred space of another faith community The first book to focus on the lived dimensions of interreligious dialogue through ritual participation rather than textual or doctrinal issues this innovative volume opens an entirely new perspective Artbibliographies Modern, 1999 Annual List of Books Added to the Public Library of Cincinnati Public Library of Cincinnati and Hamilton County, 1890 **Between Dignity and Despair** Marion A.
