Looking At Photographs A Guide To Technical Terms:

Looking at Photographs Gordon Baldwin, 1991 Explains and illustrates photographic terms The book sets out and defines the vocabulary of photography from its earliest processes through to the age of the analogue camera Looking at Photographs Gordon Baldwin, Martin C. Jürgens, 2009 From its origins at the end of the 1830s photography has evolved both aesthetically and technologically This guide explains the technical terms used in photography and offers an account of the dramatic rise of digital photography It is suitable for those wishing to increase their understanding and enjoyment of the art of photography **Pacific Art** Anita Herle, 2002-01-01 Contributors explore the complex relations among Pacific artists patrons collectors and museums over time as well as the different meanings given to art objects by each **Seizing the Light** Robert Hirsch, 2024-02-08 The definitive history of photography book *Seizing the Light A Social Aesthetic History of Photography* delivers the fascinating story of how photography as an art form came into being and its continued development maturity and transformation Covering major events practitioners works and social effects of photographic practice author Robert Hirsch provides a concise and discerning chronological account of photography drawing on examples from across the world This fundamental starting place shows the diversity of makers inventors issues and applications exploring the artistic critical and social aspects of the creative thinking process This new edition has been fully revised and updated to include the latest advances in technology and digital photography as well as information on contemporary photographers such as Granville Carroll Meryl McMaster Cindy Sherman Penelope Umbrico and Yang Yongliang New topics include the rise of mobile photography and surveillance cameras drone photography image manipulation protest and social justice photography plus the roles of artificial intelligence and social media in photography Highly illustrated with over 250 full color images and contributions from hundreds of artists around the world *Seizing the Light* serves as a gateway to the history of photography Written in an accessible style it is perfect for those newly engaging with the practice of photography and for experienced photographers wanting to contextualize their own work *Basic Critical Theory for Photographers* Ashley la Grange, 2013-08-06 *Basic Critical Theory for Photographers* generates discussion thought and practical assignments around key debates in photography Ashley la Grange avoids the trap of an elitist and purely academic approach to critical theory taking a dual theoretical and practical approach when considering the issues Key critical theory texts such as Sontag's *On Photography* and Barthes' *Camera Lucida* are clarified and shortened La Grange avoids editorilising letting the arguments develop as the writers had intended it is the assignments which call into question each writer's approach and promote debate This is the ideal book if you want to understand key debates in photography and have a ready made structure within which to discuss and explore these fascinating issues It is accessible to students from high school to university level but will also be of interest to the general reader and to those photographers whose training and work is concerned with the practical aspects of photography Also includes invaluable glossary of terms and a substantial index that incorporates the classic texts helping you

to navigate your way through these un indexed works The book also contains useful information on photo mechanical processes explaining how a photograph can appear very differently and as a result be interpreted in a range of ways in a variety of books

Walker Evans Judith Keller,1995-11-02 Walker Evans is widely recognized as one of the greatest American photographers of the twentieth century and the J Paul Getty Museum owns one of the most comprehensive collections of his work including more of his vintage prints than any other museum in the world This lavishly illustrated volume brings together for the first time all of the Museum s Walker Evans holdings Included here are familiar images such as Evans s photographs of tenant farmers and their families made in the 1930s and later published in *Let Us Now Praise Famous Men* and images that are much less familiar such as the photographs Evans made in the 1940s of the winter quarters of the Ringling Brothers circus or his very late Polaroids made in the 1970s In addition many previously unpublished Evans photographs and variant croppings of classic images appear here for the first time Author Judith Keller has written a lively informative text that places these photographs in the larger context of Evans s life and career and the culture especially the popular culture of the time In so doing she has produced an indispensable volume for anyone interested in the history of photography or American culture in the twentieth century Also included is the most comprehensive bibliography on Walker Evans published to date

Barbarian Lens Regine Thiriez,1998-10-20 Part of the prestigious academic book series *Documenting the Image* this is a fascinating survey illustrated by extremely rare photographs of the burned architectural and landscape complex known as the Rape of the Summer Palace In 1860 Western armies brought ruin to the treasured seat of the Qing emperors near Beijing One hundred and fifty images have been collected to date as a support for an extensive study of the building of the palaces and their subsequent destruction This book is a rigorous analysis of the work and experiences of the European photographers both amateur and professional working in Beijing during this period and as such becomes an account of the development of photography itself Offering a fascinating glimpse into 19th Century China the book gives an historical overview of the political situation
