Love Tricks:

Love's Litany Kevin Kopelson, 1994 This is an extensive analysis of the relation of erotic philosophy to homosexuality in the modern period The book focuses on homoerotic mis appropriations and subversions of homoerotic conceptions of romantic love in texts by eight authors Oscar Wilde Andre Gide Ronald Firbank Virginia Woolf Gertrude Stein Marguerite Yourcenar Mary Renault and Roland Barthes In doing so the author both positions these authors as experimental and influential erotic theorists and protests against the critical undervaluation of love as opposed to desire in the construction of sexuality as we know it *A Dictionary English-Latin and Latin-English* Elisha Coles, 1699 **A dictionary, English-Latin, and Latin-English ... The second edition, enlarged** Elisha COLES (Lexicographer), 1679 **Rich's Farewell to Military Profession, 1581** Barnaby Rich, 2014-07-03 In a long and extraordinary career as captain courier privateer real estate agent author and informer Barnaby Rich's principal achievement was the present volume a collection of Elizabethan short stories despite its military title Unquestionably best sellers in Rich's own time these tales continue to delight scholars critics and even casual readers today One twentieth century critic pronounces the Farewell a landmark in Elizabethan short story writing and cites Rich's romantic charm gaiety and lightness of touch good vivid dialogue directness and ease According to Henry Seidel Canby Rich's humor is of the gayest There is a suggestion of Chaucer about him and not a little of the poet's merry humor Yet the stories themselves are diverse Certainly their charm and humor fetched Rich's contemporaries who read out of existence all but one copy of the first edition and all but five of the subsequent three editions Eight dramatists including Shakespeare Middleton Shirley and Marmion immortalized several of the stories however by turning them into plays The present edition affords an opportunity to read Rich's tales in the form in which Elizabethans knew them The text reproduced is that of the unique copy of the first edition which appeared in 1581 The editor's scholarly illuminating introduction and commentary display much of the liveliness charm and humor for which his subject was praised and in addition tell a great deal about the life and literature of that most fascinating of periods the Age of Elizabeth I Scholars will be especially interested in Cranfill's revelations of how an Elizabethan story maker operated in the complex checkered bibliographical history of the Farewell and above all in the considerable use Shakespeare seems to have made of Rich's tales **A dictionary, English-Latin, and Latin-English ...
