discovers new purpose Guilt ridden Justin faces his fears Newcomer Garrison seeks a business partner Manuscript Verse Collectors and the Politics of Anti-Courtly Love Poetry Joshua Eckhardt,2009-05-21 This book reappraises the work of early seventeenth century collectors of English Renaissance poetry in manuscript The verse miscellanies or poetry anthologies of these collectors have long attracted the attention of literary editors looking for texts by individual major authors and they have more recently interested historians for their poems on affairs of state called verse libels By contrast this book investigates the relationships that the compilers of miscellanies established between such presumably literary and political texts It focuses on two of the most popular and least printable literary genres that they collected libels and anti courtly love poetry a literary mode that the collectors of John Donne s poems played a major role in establishing They made Donne the most popular poet in manuscripts of the period and they demonstrated a special affinity for his most erotic or obscene poems such as To his Mistress going to bed and The Anagram Donne collectors also exhibited the similarities between these Ovidian love elegies and the sexually explicit or counter Petrarchan verse of other authors thereby organizing a literary genre opposed to the conventions of courtly love lyrics Furthermore collectors politicized this genre by relating examples of it to libels In so doing manuscript verse collectors demonstrated a type of literary and political activity distinct from that of authors stationers and readers Based on a thorough investigation of manuscript verse miscellanies the book appeals to scholars and students of early modern English literature and history Donne studies manuscript studies and the history of the book Lacan on Love Bruce Fink,2017-09-05 Quintessentially fascinating love intrigues and perplexes us and drives much of what we do in life As wary as we may be of its illusions and disappointments many of us fall blindly into its traps and become ensnared time and again Deliriously mad excitement turns to disenchantment if not deadening repetition and we wonder how we shall ever break out of this vicious cycle Can psychoanalysis with ample assistance from philosophers poets novelists and songwriters give us a new perspective on the wellsprings and course of love Can it help us fathom how and why we are often looking for love in all the wrong places and are fundamentally confused about what love really is In this lively and wide ranging exploration of love throughout the ages Fink argues that it can Taking within his compass a vast array of traditions from Antiquity to the courtly love poets Christian love and Romanticism and providing an in depth examination of Freud and Lacan on love and libido Fink unpacks Lacan s paradoxical claim that love is giving what you don t have He shows how the emptiness or lack we feel within ourselves gets covered over or entwined in love and how it is possible and indeed vital to give something to another that we feel we ourselves don t have This first ever commentary on Lacan s Seminar VIII Transference provides readers with a clear and systematic introduction to Lacan s views on love It will be of great value to students and scholars of psychology and of the humanities generally and to analysts of all persuasions **Size Matters: Why We Love to Hate Big Food** Charlie Arnot,2018-07-16 Despite food being safer more affordable and more available than at any time in human history consumers are increasingly skeptical and critical of today s food system In Size Matters

Charlie Arnot provides thought provoking insight into how the food system lost consumer trust what can be done to restore it and the remarkable changes taking place on farms and in food companies supermarkets and restaurants every day as technology and consumer demand drive radical change The very systems and technologies that are mistrusted by consumers are driving a revolution that empowers individual consumers to find the perfect recipe of taste and nutrition to meet their specific needs and desires Size Matters pulls back the curtain to examine the irony competing priorities and new realities that shape today s food system

Love's Shadow Paul A. Bové,2021-01-12 A case for literary critics and other humanists to stop wallowing in their aestheticized helplessness and instead turn to poetry comedy and love Literary criticism is an agent of despair and its poster child is Walter Benjamin Critics have spent decades stewing in his melancholy What if instead we dared to love poetry to choose comedy over Hamlet s tragedy or to pursue romance over Benjamin s suicide on the edge of France of Europe and of civilization itself Paul A Bov challenges young lit critters to throw away their shades and let the sun shine in Love s Shadow is his three step manifesto for a new literary criticism that risks sentimentality and melodrama and eschews self consciousness The first step is to choose poetry There has been since the time of Plato a battle between philosophy and poetry Philosophy has championed misogyny while poetry has championed women like Shakespeare s Rosalind Philosophy is ever so stringent try instead the sober cheerfulness of Wallace Stevens Bov s second step is to choose the essay He praises Benjamin s great friend and sometime antagonist Theodor Adorno who gloried in writing essays not dissertations and treatises The third step is to choose love If you want a Baroque hero make that hero Rembrandt who brought lovers to life in his paintings Putting aside passivity and cynicism would amount to a revolution in literary studies

Bov seeks nothing less and he has a program for achieving it **Xunzi** Xunzi, John Knoblock, 1988 Coming at the end of the great flowering of philosophical inquiry in Warring States China when the foundations for traditional Chinese thought were laid Xunzi occupies a place analogous to that of Aristotle in the West The collection of works bearing his name contains not only the most systematic philosophical exposition by any early Confucian thinker but also account of virtually every aspect of the intellectual cultural and social life of his time Xunzi was a social critic and intellectual historian as well as a philosopher He was also extremely active in the political and academic circles of his day and his teaching had a great influence on the initial institutional organization of a unified China under the first Qin emperor an influence that continued though often unacknowledged through later centuries This is the first of three volumes that will constitute the first complete translation of Xunzi into English The present volume consists of a general introduction and Books 1-6 dealing with self cultivation learning and education The translation is accompanied by substantial explanatory material identifying technical terms persons and events detailed introductions to each book and extensive annotation with characters when desirable indicating the basis of the translations The general introduction recounts the biography of Xunzi his later influence the intellectual world in which he lived and the basic terms that the ancient Chinese used to conceptualize nature and society
